At COD, We're Focused On You

by Jerry R. Patton, President

I would like to extend to you a warm welcome. College of the Desert is poised to grow and expand beyond the dreams of those visionaries who founded the college back in 1958 and started teaching students in September, 1962.

In the 50 years since our beginning, we have served thousands of students and helped them achieve their unlimited potential, learn and

grow, and move on to productive, successful lives.

At COD, we are first and foremost about students. This is emphasized every time I get an opportunity to speak to staff, faculty and administrators. There is a sign over my desk that says, "How will it help our students?" and this guides our decisions here on a daily basis.

Many opportunities will open up to you now that you have made the decision to come to College of the Desert. Some of these opportunities will present themselves in the future, in the years after you leave our campus. Many more will open up immediately. The college devotes a great deal of energy and resources to helping students succeed, whether it be by way of counseling, advising, tutoring and testing to the endless opportunities to join student clubs, participate in athletics or student government. You will find an incredibly supportive atmosphere here at College of the Desert and I urge you to take advantage of it.

This catalog is a guide to what our college has to offer. You can expect many doors to open for you as you pursue your education here and move forward to make your goals and dreams a reality.

It will take some initiative on your part. But we are here to help. We're focused on your success.

MISSION STATEMENT

Students who attend COD may expect to transfer, complete degrees and certificates, prepare for the workforce, and acquire a general education that enables them to be well-rounded, productive citizens. To assure students' learning success, we assess student learning needs, establish academic and vocational courses and programs appropriate to those needs, determine the effectiveness of those courses and programs, and implement changes to improve student learning.

COD is a two-year, public institution that provides lower division academic, vocational, and basic skills education. We are a successful college because we make decisions based on a systematic assessment of the needs of the community and the application of our core values.

General Education Philosophy

Courses that are designated to fulfill the general education and depth requirements shall meet the following philosophy.

The awarding of an associate's degree is intended to represent more than an accumulation of units. It is to symbolize a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics, to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity for self-understanding.

In addition to these accomplishments, the student shall possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Central to an associate's degree, general education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture, and the society in which they live. Most important, general education should lead to better understanding.

COMMITMENT TO QUALITY EDUCATION

ACADEMIC TRANSFER PROGRAMS

The Desert Community College District (DCCD) believes that academic transfer programs are essential to the community and must provide general education and pre-major curricula that will meet or exceed the lower division requirements articulated with four-year institutions. The District is committed to an overall effort to fulfill academic transfer requirements by concentrating on the development of a comprehensive instructional environment.

OCCUPATIONAL AND VOCATIONAL EDUCATION

To meet the changing economic, technological, and environmental needs of the community, the DCCD will identify regional employment training needs and provide degree and certificate programs which prepare students for these career opportunities. These programs will train, retrain, and upgrade student career skills through existing career and technical education and general education programs as well as partnerships and contractual education with the private sector and public agencies.

BASIC SKILLS

The DCCD believes that basic skills education is critical to an individual's success in a demanding society. Therefore, the District will provide comprehensive basic skills programs to support academic, career and technical, and community education.

MARKETING

The DCCD will aggressively and effectively promote all District programs and services to increase public awareness of educational opportunities, fulfill the mission of the District, and encourage enrollment growth.

ORGANIZATION

The DCCD recognizes the need for a well-defined organizational system that supports the interrelationship and participation of all institutional elements, enhances opportunities for consideration of matters common to the District and its environment, and provides methods for timely response to District-wide needs.

PLANNING

The DCCD has established within its organizational structure a planned, systematic procedure designed to evaluate and improve the quality of its programs continuously and facilitate the creation of innovative programs and the expansion of existing programs that meet community needs.

RESOURCES

The DCCD believes that all resources must aid the District in fulfilling the mission of providing comprehensive educational opportunities to the community and that all resource allocation must be devoted to existing or newly developed programs compatible with the approved Mission Statement. Further, the District is dedicated to the principle that we must be accountable to our constituents in the use of resources to demonstrate accomplishment of student learning and achievement outcomes consistent with our mission. Resource allocations must reflect our commitment to equal opportunity so that all members of our community have access to their benefits.

HISTORY OF THE COLLEGE

In 1958, voters approved formation of a college district in the Coachella Valley in a landslide vote that created a local two-year college. College of the Desert was founded that year, when the initial five-member Board of Trustees was seated and the new District began to function. COD got its name from a Palm Springs teenager, Douglas Crocker, who won a contest sponsored by the district and local newspapers.

After three years of study and planning, contracts were let in 1961 for the construction of nine buildings on 160 acres at Monterey Avenue and Avenue 44 (now Fred Waring Drive) in Palm Desert. The buildings had been funded in 1959 by a bond issue of \$3.5 million. COD's first students arrived in the Fall of 1962.

COD received its first accreditation on Oct. 14, 1963. In 1964, voters in the Coachella Valley approved a new \$2 million bond issue to complete the first phase of COD construction. Within four years, construction was completed on the library (now the Hilb Student Center), the Gymnasium, and the Agricultural Science, Agricultural Technology, Nursing and Engineering buildings.

In 1966, residents of the high desert voted to join the college district and the Copper Mountain Campus got its start. Copper Mountain would become a separate district in 1999.

Other significant years in COD's history include:

1973: Dr. Fern Stout succeeded Dr. Roy McCall and became the second Superintendent/President of the community college district.

1984: COD's agreement permitting the McCallum Theatre to build on the college campus on the corner of Monterey Avenue and Fred Waring Drive came to fruition when the showcase civic theater opened. The long-range agreement provided the College with use of the facility for campus musical productions and events such as commencement exercises.

1986: COD began to offer programs related to golf course management and maintenance. The Coachella Valley Campus of California State University, San Bernardino, opened on the COD campus, allowing students to complete upper division courses in the Coachella Valley. The district appointed its third Superintendent/President, Dr. David George.

1988: The Board of Trustees changed the name of the Coachella Valley Community College District to Desert Community College District. At Indio High School, the college began offering classes as part of a planned Eastern Valley Center.

1991: The Child Development Resource and Training Center opened, offering affordable child care to students, staff, faculty and the public, and training in child care careers. In 2002, it was renamed the McCarthy Family Child Development and Training Center.

1994: Construction began on a new library, a unique city-county-college facility in which the new building would house Palm Desert City and Riverside County public libraries as well as the College library.

1996: The Multi-Agency Library opened. The Dining Hall was renovated. Dr. William R. Kroonen became COD's fourth Superintendent/President.

1998: The former college library was remodeled as a student center and renamed the Hilb Center in honor of its benefactors, Jeane and Justin Hilb. The original Lecture Hall was renovated and renamed the Carol L. Meier Lecture Hall. The Faculty Resource Center opened.

1999: Theater One, the campus theater, was rededicated in honor of Bob and wife "Mike" Pollock. The Pollock Theater's first performance was an original play by the Hollywood screenwriting couple. Groundbreaking ceremonies were held to begin construction of Math and Social Sciences buildings on the Palm Desert campus.

2001: Trustees selected Dr. Maria Sheehan to be COD's fifth Superintendent/President. Dedication ceremonies were held for the new Math and Social Sciences buildings, the first new classrooms in three decades. The satellite Eastern Valley Center opened in Indio with some 1,800 students.

2003: The Marks Center for the Arts opened with galleries named for its benefactors, Don and Peggy Cravens, Bob and Barbara Leberman, and the COD Alumni Association. The old foundry, closed for a decade, was rebuilt with private donations. A new academic calendar went into effect shortening semesters from 18 to 16 weeks while class times were expanded.

2004: In March, voters in the Desert Community College District voted overwhelmingly to authorize the sale of bonds, enabling the college to renovate its 40-year-old campus and expand for future growth. The bond issue totaled \$346.5 million.

2006: Artist's renderings were released show two proposed new buildings, Nursing and Health Sciences and the Public Safety Academy. Planning continued on other projects, a Multi-Purpose Classroom Building, an Alumni Center, and the Learning Commons. All three will be built concurrently, with groundbreakings tentatively scheduled during 2008.

2007: Jerry R. Patton was named the sixth president of College of the Desert. In the Fall, ground was broken on new construction projects including the Coeta and Donald Barker Foundation Nursing Complex and the Public Safety Academy at Palm Desert.

2008: Construction began on another in a series of buildings funded by Measure B when a groundbreaking in April launched the future Peggy and Donald Cravens Student Services Center.

ORGANIZATION OF THE COLLEGE

The chief administrator of the District is the President, who is also the chief administrative officer of the college. The President serves as the Secretary to the Board.

The Vice President of Administrative Services functions as the chief financial officer of the college. He directs the development and administration of the college's budgeting process. Human Resources and Campus Safety are under the supervision of the Vice President of Human Resources and Employee Relations.

The Vice President of Instruction is the chief academic officer of the college responsible for academic divisions, the college library, instructional support services, and off-campus programs. Each division is under the supervision of a Dean who is responsible for coordinating the departments within that division. Career programs are coordinated with cooperation from advisory committees, consisting of representatives from business and industry. Divisions include Applied Science and Business; Communication; Health Sciences and Early Childhood Education; Mathematics and Science; Off-Campus Programs; Physical Education and Athletics; and Social Sciences and Arts.

The Vice President of Student Services is the chief student services officer of the college responsible for student enrollment services, student support programs and services, student leadership, and student due process and discipline.

The Board of Trustees has ultimate responsibility for the integrity, quality, and fiscal stability of the District.

OFF-CAMPUS LOCATIONS

The Off-Campus Programs Division oversees six off-campus sites located throughout the eastern and western Coachella Valley where college courses are offered.

EASTERN VALLEY CENTER

The Eastern Valley Center (EVC) houses and coordinates an off-campus satellite educational program in order to make core academic courses as well as noncredit classes more accessible to residents of the eastern Coachella Valley. Located at 44-199 Monroe Street in Indio, the Center offers day and evening classes, as well as limited counseling, assessment testing, registration, and referral services. Evening ESL classes are also held at Coachella Valley High School and River Springs Charter School in Indio.

The Eastern Valley Center staff is committed to offering a wide array of courses and providing student and faculty support at all satellite locations. Please refer to the current Schedule of Classes for starting dates and meeting times. For further information, please call the office of the Dean of Off-Campus Programs at (760) 776-7200.

EVC AA DEGREE

Beginning each fall, COD offers a two-year package of courses at EVC which enables students to complete an AA in liberal arts *with emphasis in Arts, Humanities & Communications* or *with emphasis in Social & Behavioral Sciences* and also satisfies the CSU and UC transfer requirements. The package is available to students who are eligible to take college-level English (ENG-001A) and math (MATH-040).

WESTERN VALLEY CLASSES

In order to provide local access to college classes for students living in the western Coachella Valley, College of the Desert offers a wide variety of evening credit courses at Palm Springs High School and Desert Hot Springs High School.

Please refer to the current Schedule of Classes, or visit the college website at www.collegeofthedesert.edu for starting dates and meeting times of Western Valley classes. For further information, please call the office of the Dean of Off-Campus Programs at (760) 776-7200.

SUPPORTING ORGANIZATIONS

ALUMNI ASSOCIATION

College of the Desert Alumni Association was chartered in 1983. The mission and goals of the Association are to enhance the success of COD students and to enrich the campus environment. The Association provides scholarships for students who plan to attend or who are now attending COD; provides recognition of alumni, students, community leaders, faculty and staff; creates awareness of the value of higher education and COD through collaborative efforts; and provides financial support for the enhancement of COD, facilities, programs, faculty, and staff.

The Alumni Association annually budgets over \$270,000 in scholarships and student financial aid which are awarded to college, high school and middle school students.

The Alumni Scholarship Endowment Fund now totals in excess of \$700,000. The Alumni Association Academic Enrichment Endowment Fund of \$1,000,000 has been completed. The Alumni Association operates the popular year round Street Fair. Membership is open to alumni, students, staff, and the community. For more information call (760) 773-2567.

COLLEGE OF THE DESERT FOUNDATION

College of the Desert Foundation is a nonprofit organization whose primary purpose is to provide financial support from the private sector to help underwrite those programs and facilities at the College which cannot be funded through public sources. The Foundation Board and committees are composed of community leaders who volunteer to work with college staff to support the college's specific needs, present and future.

Donations to the COD Foundation can be of any size and may be designated to a particular department or project. Estate planning information is available for wills, bequests, and charitable trusts. For more information call (760) 773-2561, or go the foundation website at www.codfoundation.org.

COLLEGE OF THE DESERT FOUNDATION AUXILIARY

Members serve as goodwill ambassadors and organize special events for the College. Membership dues have been set at \$45 per year or \$450 for a life membership. The Foundation Auxiliary annually provides financial support to a wide variety of College programs. For more information call (760) 346-3363, or go to their website at www.codfoundation.org.

PRESIDENT'S CIRCLE AND TRUSTEE PARTNERS

The primary purpose of the President's Circle is to support excellence in education and to encourage greater individual involvement with the College.

The Circle is composed of concerned citizens who make an annual contribution of \$1,000 or more to the Foundation. A onetime gift of \$10,000 or more entitles a donor to lifetime membership. The Trustee Partners is the title given to generous donors who contribute \$5,000 annually. For more information call (760) 773-2561.

FRIENDS OF THE LIBRARY

The Friends of the Library is a dedicated group that supports the College's Palm Desert Campus library. The Desert Collection Bibliography, focusing on the uniqueness of the region, is regularly updated by the Friends with new and rare books. For more information about Friends of the Library call (760) 776-7299.

In addition to the scholarship programs listed, College of the Desert is fortunate to assist in the coordination and delivery of a number of outside or private scholarship awards from various civic groups, clubs and agencies. Potential donors or scholarship committee chairpersons are encouraged to contact the COD Financial Aid Office or the COD Foundation Office if assistance is needed in establishing or implementing a private scholarship program. For more information call (760) 773-2532.

The Fugitive: David Janssen was a huge TV star in 1970 when he visited College of the Desert. He's shown here near the west entrance, with Dr. Roy McCall, COD's first president. The College celebrates its 50th anniversary in 2008. Janssen starred as Dr. Richard Kimble in *The Fugitive* from 1963-67. Today's students are more familiar with the 1993 film that starred Harrison Ford as the wrongly-convicted doctor who escapes to prove his innocence.

POLICY ON OPEN ENROLLMENT

Unless specifically exempted by statute, every course, course section or class which is to be reported for state apportionment, is open for enrollment and participation by any person who has been admitted to the college and who meets the matriculation requirements.

MATRICULATION PROCESS

Matriculation is a partnership between College of the Desert and the student. Its purpose is to assist students in selecting, planning and achieving their educational and career goals. In this partnership, the college offers such services as admissions; assessment of basic skills and career interests; new student orientation; counseling; advising; and follow-up of student progress. In turn, students are expected to take responsibility for their education by attending orientation, working with a counselor to identify educational goals and objectives, attending classes and completing assignments, and using support services as needed.

All new students who are attending College of the Desert for the first time must complete the following matriculation process:

1. Admissions

The COD admissions application is available online at www.cccapply.org and must be completed by all students intending to enroll at College of the Desert. All new students are required to attend an orientation session where they will receive counseling assistance to register for classes. Returning students are not required to re-submit an online application each year; however students who have had a break in enrollment for more than one academic term (fall or spring) are required to submit a new application online. These students will not be required to retake the Assessment or attend Orientation if these steps had previously been completed. For more information, please contact the Admissions & Records office or consult with a counselor in the COD Counseling Center.

2. Assessment

All new students are required to complete basic skills assessment exams in English, reading and

mathematics. The assessments will help the students, with the assistance of a counselor, to determine the student's appropriate skill level when developing a student education plan. Test dates and times can be obtained by visiting the Assessment Center, located in the Academic Skills Center (Building E), or by calling (760) 776-7413.

3. Orientation

Orientation services are available to all students and are required of all new students. At orientation, students will receive academic planning assistance, information about college policies, and a review of student rights and responsibilities. Students can enroll for orientation online. To register for orientation contact the Counseling Center at (760) 773-2520. Online orientation will be available during registration periods. Check on the college website for details.

4. Counseling Services

All matriculating students must meet with a counselor prior to beginning classes for the purpose of developing a student education plan (see Student Education Plan description on the following page). Recent high school graduates should bring a copy of their high school transcripts to their counseling session. Most new students will see a counselor on the same day as their assigned orientation session.

5. Follow-up

Students who seek new educational goals or experience academic difficulty are referred to counseling and/or the appropriate academic and student support services for assistance. Students may be instructed to attend a group workshop and/or meet with a counselor for guidance and assistance.

MATRICULATION EXEMPTIONS

Students can elect not to participate or be exempt from all or most of the matriculation components if they meet the following criteria:

- Student has completed an associate's degree or higher
- Student satisfies at least one of the following:
 - * Has identified a goal of upgrading their job skills only.
 - * Has concurrently enrolled in another postsecondary institution.
 - * Has interest in only performance classes.

Students wishing to challenge any part or all of the matriculation process (orientation, assessment, and/or counseling) must meet with a counselor to discuss the reason and rationale for the challenge and provide documentation which supports the challenge. If you would like more information to determine your eligibility for an exemption, please contact the Counseling Center at (760)773-2520.

STUDENT EDUCATION PLANS (SEPs)

Upon admission to the College all students will be required to express a broad educational goal. A specific educational goal, along with a Student Educational Plan (SEP) must be declared after the student has completed 15 semester units of degree applicable coursework. It is the responsibility of the student to contact a counselor to complete an educational plan. Failure to specify the goal, complete the Educational Plan, diligently attend classes, complete assignments, and maintain progress towards that goal may result in the suspension or termination of further matriculation services to the student by the College and the District. For more information, contact the Counseling Center at (760) 773-2520.

ADMISSION ELIGIBILITY

CONCURRENT ENROLLMENT OF HIGH SCHOOL STUDENTS

The College authorizes the admission of special admit students, who are "highly-talented" minor students without high school diplomas, who can benefit from "advanced scholastic or career/technical work." The responsibility to make the determination of the student's preparation belongs to the school district in which the student is enrolled. Authority to restrict the admission or enrollment of a special part-time or full-time student in any session based on age, grade-level completion, current school performance, or assessment and placement procedures in conformance with matriculation regulations remains the prerogative of the College. All courses will be taken for college credit. The school of attendance maintains the right to apply course credit. The parent or guardian of a pupil not enrolled in a public school retains the ability to directly petition the President or designee for the pupil's special admission on a part-time or full-time basis. The application can be downloaded at: www.collegeofthedesert.edu/Students/admissions.

High School Juniors and Seniors

College of the Desert admits high school juniors and seniors for enrollment to the College who are eligible to participate based on the criteria established below.

- The student must be recommended by his/her high school principal or designee. As part of the approval process, the principal or designee must verify through consent and signature on the Special Admit Minor Form that the recommended student can benefit from college instruction.
- A parent/guardian consent and signature on the Special Admit Minor Form, verifying parental/guardian approval of student's participation, must be submitted in addition to the College application by the established deadlines. Parents/guardians must also acknowledge on the Special Admit Minor Form that the student will be expected to conform to all College policies.

To be considered for admission as a special part-time or full-time student, the student must meet the eligibility standards established in Education Code, Section 48800.05. Special part-time and full-time students are given low enrollment priority in accordance with AB 967. Students are subject to tuition and fees.

HIGH SCHOOL GRADUATES

Students who have high school diplomas as recognized by the State of California are eligible for admission to College of the Desert and enrollment in any course for which they meet qualifications. Certain two-year programs have special admission requirements. Students who successfully complete the California High School Proficiency Examination or GED also are eligible. Proof may be required.

NON-GRADUATES OF HIGH SCHOOL

Non-graduates, eighteen years of age or older, who can profit from instruction and are no longer enrolled in high school, are eligible for admission.

For those who are interested, the Adult Basic Education program provides an alternative way to complete high school graduation requirements. Contact should be made with the Training and Development division, located in the Central Annex on the east side of the campus, or call (760) 776-7318.

PROBATIONARY TRANSFER STUDENTS

Applicants whose scholastic achievement at another college represents less than a “C” average may be admitted for a restricted academic program. Satisfactory performance in this work may allow admission to subsequent semesters. Admission on probation is a privilege granted, not a right of the applicant.

SUPPLEMENTAL APPLICATION - NURSING PROGRAM

Because of departmental requirements or enrollment limitations for Nursing, this department established screening procedures and a supplemental application for their candidates. Information regarding this application is available at: www.collegeofthedesert.edu/Students/AcademicsPrograms/healthsciences.

INTERNATIONAL STUDENTS with F-1 VISAS

College of the Desert welcomes applications from international students and offers a full-service International Student Program to support students throughout their studies. In order to be considered for admission, international students must submit the International Student Application packet. (International students cannot apply through CCCApply.) In addition to the application, applicants must submit proof of adequate funding for studies at COD and verification of high school/secondary school graduation. Bank and high school/secondary school information must be submitted with an official English translation. Applicants must also submit a TOEFL score of 400 (paper-based test) or 32 (internet-based test). Students with TOEFL scores between 400-450/32-46 should expect to take ESL (English as a Second Language) courses during their first semester at COD. The application deadline for the fall semester is July 15 and the deadline for the spring semester is December 15. For more information, visit us at: www.collegeofthedesert.edu/international.

All international students must purchase the COD health insurance plan; we are not able to accept other health insurance carriers. International students are required to enroll for a minimum of 12 units each semester and must pay foreign student tuition.

INTENSIVE ENGLISH ACADEMY

Students wishing to study at the Intensive English Academy (IEA) may also apply using the International Student Application. Students applying for the IEA do not need to submit a TOEFL score. Students can choose from 8-week and 16-week programs at the IEA. The IEA is offered on a full-time basis and offers various entry dates throughout the year. International students in the IEA will benefit from 30 hours per week of English instruction in both the classroom and language lab. Students at the IEA must purchase the COD health insurance plan; we are not able to accept other health insurance carriers.

For more information and an International Student Application, please visit the International Education Program website at: www.collegeofthedesert.edu/international or contact us at: International Student Office, 43-500 Monterey Avenue, Palm Desert, CA 92260;

RESIDENCY REQUIREMENTS

The following is a summary of College of the Desert’s residence rules and their exceptions. For more detailed information, please visit the Admissions and Records Office.

- Each person applying for admission or enrolled in a California community college is classified as either a “resident” or a “nonresident.”
- A “resident” is defined as a citizen of the United States or an individual holding status which allows him or her to establish residency in the United States, who has proof of physical presence in the State of California for one year and who presents evidence of intention to make California his or her permanent home. Dates on any documentary evidence should correspond to dates of physical presence in California.
- A “nonresident” is a person who does not meet the residency requirements of the State of California or who is a citizen of a foreign country and holds only temporary status in the U.S.
- A student classified as a resident will be admitted to the College without tuition.
- A student classified as a nonresident is required to pay a tuition fee. See Schedule of Classes for the current fee.

- A nonresident continuing student requesting reclassification to resident status must submit a petition for change of residency status, show proof of financial independence, and present evidence of intent to establish California as his or her place of residence. The petition can be downloaded at: www.collegeofthedesert.edu/residency

RESIDENCE OF AN ADULT

A student who is 19 years of age or older and who has maintained a home in California continuously for the last two years shall be presumed to have the intent to make California his or her home.

A student under 19 years of age shall be presumed to have the intent to make California his or her home if both the student and his or her parent(s) have maintained a home in California continuously for the last two years.

A student who is 19 years of age or older applying for admission with less than two years, but more than one year, of residence in California should be prepared to show proof of residence.

No one factor determines residency. The following factors are called “indices of intent.” They, along with a person’s presence in California, and documented financial independence are among the factors in determining California residency:

- Continuously occupying rented or leased property in California;
- Registering to vote and voting in California;
- Holding a California state license for professional practice;
- Paying California state income tax as a resident;
- Possessing California motor vehicle license plates;
- Possessing a California driver’s license or a California Identification Card;
- Maintaining a permanent military address or home of record in California while in the armed forces;
- Establishing and maintaining active California bank accounts; and
- Petitioning for a divorce in California.

Dates on documents must correspond with physical presence of one year and one day.

RESIDENCE OF A MINOR

Unmarried minors (those younger than 18 years of age) are, by law, incapable of establishing their own residences, notwithstanding their physical presence

within California. The Admissions Office will use the following guidelines for determining a minor’s residence:

- A minor’s residence is the residence of the parent with whom the minor is living;
- If the minor is not living with either parent, then the residence of the parent with whom the minor last lived will be the residence of the minor.

When the residence of a minor student is derived from the parent, the durational requirement (one year in California) must be met by the parent, but is not required of the student.

A minor whose parents are not living and who does not have a legal guardian may establish his or her own residence.

EXCEPTIONS

Exceptions to the above guidelines will be made under certain circumstances. If a student would otherwise be classified as a nonresident, but fits within one of the following exceptions, he or she may be granted resident classification provided he or she has resided in California for one year with the intent of establishing residence (documentation required):

- A student who was not an adult for more than one year before the start of the semester may add the amount of time lived in California prior to his or her eighteenth birthday (provided the student’s parent was a California resident during the period), if any, to the length of residence in California since that date to obtain the durational requirement of one year;
- An adult alien who is in the process of adjusting his/her status to a permanent resident or who has been lawfully admitted as a permanent resident for one year and one day prior to the beginning date of the semester (documentation required) and who has resided in California for one year;
- A student 19 years of age or older who can document refugee or asylee status with the Immigration and Naturalization Service (INS) (dated one year and one day prior to the beginning date of the semester) and who has resided in California for one year (students younger than 19 years of age should review the first item above);
- An adult alien who is in the process of adjusting visa status to, or possesses one of the following visas: **A, E, G, H-1B, H-1C, H-4, I, K, L, N, NATO, O-1, O-3, R, T, U, or V** dated at least one year and one day prior to the beginning date of the semester and who meets California residence criteria;

- A student who is a minor (under the age of 18) and who, immediately before enrolling at a California educational institution, has lived with and was under the continuous direct care and control for at least two years of any adult or adults (other than a parent) who had established residence in California at least one year and one day prior to beginning date of the semester (documentation required).

For more information regarding residence classification, exceptions, and examples of evidence showing intent, please contact the Admissions and Records Office.

TRANSFERRING CREDIT to COLLEGE of the DESERT

CREDIT BY EXAMINATION

Granting unit credit by examination for a course is based on the principle that previous experience, training, or instruction is the equivalent of a specific course taught by the College. If an examination shows that the student possesses adequate equivalency and mastery of the subject, credit is granted.

A student seeking credit by examination will receive a letter grade (A, B, C, D, F, P, NP) and grade points in the same way as if enrolled in a regular course. A student may challenge a course only once. Credit earned according to this policy shall not count toward determination of eligibility for veteran's benefits. Credit by examination is possible in selected courses only.

Exceptions to the above may be made when necessary to meet provisions of California state law or the rules and regulations of state agencies governing programs of the California Community Colleges.

Credit by examination may be granted only to a student who (1) is currently enrolled in at least one course in the College, (2) has completed at least 12 units in residence, (3) is not on academic probation, (4) has submitted transcripts of all previous course work, (5) has not earned college credit in more advanced subject matter, and (6) has not received a grade (A, B, C, D, F, P, NP), or equivalent, in the course for which he or she is seeking credit by examination at this or any other educational institution.

Under the Credit by Examination policy, a student may challenge no more than 10 units towards an Associate

Degree or a Certificate of Achievement (an exception is allowed for VN students who are challenging the first semester of the ADN program). Unit credit granted by examination to a student shall not count towards the minimum of 12 units required for residency.

Students interested in credit by examination will be required to submit a Credit by Examination form to the Admissions and Records office to initiate the formal approval of this process. Prior to submitting the form, interested students should meet with a counselor or faculty advisor to discuss their eligibility for credit by examination and for assistance in determining which departments are currently offering credit by exam. Payment of a nonrefundable fee of \$25.00 is required upon submission of the Credit by Examination form. The request must be approved by the midpoint of the semester, and the examination must be given prior to the last day of the final examination period.

CREDIT FOR COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

A maximum of 30 semester units of credit is given for credit by examination. Credit maximum includes Advanced Placement, CLEP, Military Credit and credit by exam only if taken at College of the Desert. CLEP credit will not be used to meet IGETC or CSU General Education Requirements for Certification. Students planning to transfer should check CLEP acceptance policy at the college to which they will transfer. The University of California does not offer CLEP credit and CSU grants limited credit only. Official CLEP results must be submitted to the Admissions and Records Office.

CREDIT FROM HIGH SCHOOLS and REGIONAL OCCUPATIONAL PROGRAMS

College of the Desert maintains course articulation agreements in cooperation with high schools and Regional Occupational Programs (ROP) within the college district. Credits by examination or prerequisite course waiver may be earned by high school and ROP students, thereby assisting students in a smooth transition from secondary to postsecondary levels without experiencing delays or duplication of learning. Credit may be granted in the following areas: Architecture, Computer Aided Design (CAD), and Automotive Technology.

For complete information, contact your high school, ROP, college counselor or articulation officer.

CREDIT FOR CEEB ADVANCED PLACEMENT EXAMINATIONS

College of the Desert grants credit for scores of 3 or higher on the Advanced Placement Examinations of the College Entrance Examination Board (CEEB). **Such credit may apply toward requirements for COD degrees and for transfer programs to both the California State University and University of California systems.** The CSU and UC campuses determine what courses and credits are awarded on their campus. AP Foreign Language credit may prevent you from earning credits in a lower level foreign language course. Please see a counselor for additional information.

High School students who intend to participate in this program should make the necessary arrangements with their high schools. Students should request that their test scores be sent to College of the Desert at the time they take the Advanced Placement Examinations. To apply for credit for advanced placement, students should contact the Admissions and Records Office at (760) 773-2516.

Note: College of the Desert does not have comparable courses for all courses listed above.

CREDIT FOR MILITARY SERVICE SCHOOLS

College of the Desert awards college credit for certain military training, experiences and coursework. This credit is based on recommendations from the "American Council of Education: Guide to Evaluation of Educational Experiences in the Armed Forces."

Credit will be granted for those training courses substantially similar to coursework offered by College of the Desert. Usually credit earned is not transferable but may be applicable to some of the occupational degrees available at College of the Desert. Up to 4 units of PE credit may be transferable to the CSU and UC systems.

Veterans must have completed 12 units at College of the Desert (unless presently receiving V.A. benefits) before requesting the military credit evaluation.

Students must request official copies of either their AARTS (Army), SMART (Navy/Marine Corps) or CCAF (Air Force) transcripts. If these are not available, then their DD-214 form will be used for credit evaluations. Please contact the COD Veterans Office for information regarding this process at (760) 773-2536.

TRANSCRIPTS FROM OTHER INSTITUTIONS

Transcripts from all other institutions attended are required when students request:

1. Associate degree and/or Certificate evaluation
2. academic records from another institution be evaluated
3. previous academic records be considered for admission to designated instructional programs as identified by College of the Desert
4. enrollment into College of the Desert courses that have prerequisites met at another institution

All students must arrange to have official transcripts of academic records sent to the Admissions and Records Office. A high school senior should have the transcript sent after graduation. Transcripts must be mailed directly from the institution at which the student was enrolled and are not considered official unless they arrive in Admissions and Records unopened. Official transcripts received from other institutions become the property of College of the Desert.

Admission to designated instructional programs, as identified by the college, is conditional until complete official transcripts have been received from institutions attended previously.

All applicants may be required to demonstrate by means of examinations that they are qualified to undertake work at college level.

TRANSFER OF CREDIT FROM OTHER COLLEGES

All transcripts from other colleges must be on file at the Admissions Office prior to or along with submission of a "Request for Evaluation." All lower-division credit units earned at other regionally accredited institutions will be evaluated for meeting COD degree or certificate requirements. The CSU and UC campuses determine what courses and credits are awarded on their campuses. Please see a counselor for additional information.

Courses, units, and grades transferred from other colleges and universities must meet the standards of the Western Association of Schools and Colleges Accrediting Association.

Foreign Transcript Evaluations

Students entering COD, who have earned university/college credits in foreign countries, and believe the courses are comparable to those offered at College of the Desert, can obtain information about foreign transcript evaluation and application forms for foreign transcript/credential evaluation services from the International Student Office or the Evaluation Specialist.

REGISTERING IN CLASSES

Registration at COD can be completed via Web Advisor or by the telephone registration system; these tools enable students to initially register and make changes to their schedules from their home, office, or anywhere they have access to a computer or telephone. Registration policies and procedures are presented in the class schedule. As mentioned earlier in the MATRICULATION PROCESS section of the catalog, all students should adhere to the matriculation process in order to register for classes.

ASSESSMENT

The purpose of assessment is to help students identify their readiness to perform college level academic study and to help them succeed in their programs of study. Assessment for placement in reading, writing and mathematics courses is a key component of the College Matriculation Plan and is expected of all students who plan to:

1. complete an associate degree or certificate of achievement, and/or plan to transfer to a four-year college/university.

2. enroll in reading, writing and/or mathematics courses.
3. enroll in a course which has a reading, writing and/or mathematics prerequisite.

Students who have completed required competency courses with grades of C or higher at another accredited college/university are exempt from this requirement. Official transcripts need to be on file in the Admissions & Records office. Students must see a counselor to file a Prerequisite Verification form to clear the prerequisite.

The assessment consists of three parts: reading, writing, and mathematics. Results are provided to the student. Test results, combined with a student's educational record, educational goals, maturity, etc., are used to place students in appropriate levels of reading, writing and mathematics classes.

Students found to have reading, writing and/or mathematics deficiencies are expected to begin taking courses to correct those deficiencies in their first semester of enrollment.

College of the Desert offers an assessment program which uses microcomputers and is available for students to take year-round except for holidays and weekends. The Assessment Center is located in the Academic Skills Center, Building E. To set up an appointment to take the assessment exam, please call (760) 776-7413.

NEW STUDENT ORIENTATION

A key component of the College Matriculation Plan, orientation is a required activity for all new students. The purpose of orientation is to introduce and familiarize students with important college policies, procedures and expectations. Prior to the beginning of the fall and spring semesters, orientations are held for new students. Matriculating students entering with basic skills and/or scholastic deficiencies are to participate in orientation activities during their first semester of attendance. These activities include study skills instruction, student success assessment, career assessment and student survival skills. The orientation program is designed to assist students to:

1. Receive assistance in deciding which courses to take in order to achieve their educational objectives;
2. Meet advisors, counselors, and program directors;
3. Interpret the basic skills assessment;
4. Understand information regarding the college catalog, courses, certificates, Associate of Arts and Science degrees, and transfer requirements;
5. Become aware of the Counseling Center's services and other programs on campus;

6. Recognize the difficulties that may be encountered during the initial weeks of college;
7. Understand the role of the community college.

Additional activities for new students are offered by the Counseling Center and provided throughout the fall and spring semesters. Some of the activities include classes and/or workshops on Study Skills, Career Development, Time Management and Test Taking.

ADDING & DROPPING COURSES

Students have the ability to adjust their class schedule as needed via WebAdvisor, the telephone registration system, or notification to the Admissions & Records office, provided that they adhere to all registration deadlines as published each semester in the Schedule of Classes. A change of a student's class schedule can include the following: dropping a class, adding a class, adding or reducing units to a class for which the student is already registered, or changing sections of the same course.

WITHDRAWALS AND GRADE RESPONSIBILITY

Students are expected to plan their schedule carefully with the aid and approval of the advisor and endeavor to maintain that schedule throughout the semester. The student must attend all classes in which originally enrolled until the requested change is officially authorized.

Students are held accountable for every course for which they have registered and are responsible for their own class schedule and any changes made via the Web Advisor, the telephone registration system, or notification to the Admissions and Records Office. If a student fails to drop or withdraw from a course by the established deadlines, the student may receive an "F" grade for that course. To assure transactions are correct, College of the Desert recommends that students print out a class schedule after completing registration and/or after adding or dropping a course.

The designated student grade responsibility date shall occur at the 75 percent point of a semester or session. Students who do not withdraw by the deadline indicated in the class schedule will receive a grade of A, B, C, D, F, P or NP. All grades become a part of the student's permanent records.

Where documented cases of extenuating circumstances exist, students may petition to be allowed to withdraw from class(es) after the grade responsibility date. The petitioning process is to commence with the Dean of Enrollment Services after consultation with the instructor(s) of record

or, in the event the instructor cannot be contacted, the division dean. Extenuating circumstances include documented cases of accidents, illnesses or other circumstances beyond the students' control which would prevent them from completing the class(es). Where such withdrawals are approved, the symbol "W" may be granted. Extenuating circumstance petitions to withdraw from a class after the grade responsibility date must be presented within two years from the time the grade was assigned.

MAXIMUM UNIT LOAD

A normal class load for fall and spring semesters is considered to be 12-17 units plus an activity class in physical education. Students working full time are encouraged to carry a reduced load. Students with advanced standing, and having a "C" average or better are permitted to enroll to a maximum of 19 units. During the summer term, students may be limited to 7 units.

Students who wish to obtain a variance from the above unit limitations should contact the Counseling Center to submit a petition for unit overload. Prior to receiving approval, students will be required to meet with the Dean of Student Support Programs & Services or the dean's designated representative to discuss the student's prior academic performance and their reasons for requesting a unit overload.

BASIC SKILLS COURSE LIMITATION

No student shall receive more than 30 semester units of credit in basic skills coursework. For a list of Basic Skills courses, please go to: www.collegeofthedesert.edu/basicskillscourses. Students that exhaust the unit limitation should see a Counselor to discuss academic options. Exceptions to the Basic Skills limitations are: students enrolled in one or more courses of ESL; or students identified by the district as having a learning disability as defined in section 56036.

CLASSIFICATION OF STUDENTS

Freshman: A student who has completed fewer than 30 units of college credit.

Sophomore: A student who has completed 30 or more units of college credit.

Post-Graduate: A student who has been awarded a degree and has enrolled for further study.

Full Time: A student enrolled for 12 or more credit units.

Part Time: A student enrolled for fewer than 12 credit units.

SCHEDULE OF CLASSES

The Schedule of Classes is the official list of courses offered each semester. The College reserves the right to make additions or deletions to the list of course offerings during the year or to cancel those classes in which enrollment is insufficient.

Every class offered, unless otherwise stated in the official catalog and schedule of classes, is fully open to enrollment and participation by any person who meets the academic prerequisites and/or corequisites of such class (subject to maximum enrollments) and who is otherwise eligible for admission to and enrollment in the College. Go to www.collegeofthedesert.edu/Students/ClassSchedule for the online schedule.

TRANSCRIPTS

An official transcript of a student's record may be obtained from the Admissions Office by completing an online request form. To access this form, please go to: www.collegeofthedesert.edu/ordertranscripts. This process has several options of delivery service and the processing time varies according to the service selected.

Sealed transcripts sent directly from the College to the destination requested by the student are considered official. Unsealed transcripts given to the student are not official. Students may request an official transcript for their records via the web.

FEES

Effective Fall 2008 all fees must be paid within ten (10) days after registration to avoid being dropped from classes for non-payment.

1. Enrollment Fees for Resident Students: Fees are listed in the Schedule of Classes for each semester or intersession, and

2. Tuition Fee for Out-of-State Residents: A tuition fee, based on the average cost of instruction which is payable at time of registration, is charged to all students who have not been legal residents of California for one full year. See Schedule of Classes for the current fee. Questions relating to the establishment of California residency should be directed to the Admissions and Records Office.

Waivers of Non-Resident Fees: Under California law, waivers of the non-resident portion of tuition and fees may be granted to the following:

- a. Members of the military who are on active duty assigned to California, their spouse and dependent children.
- b. Students who have attended high school in California for three years or more, and will have earned a diploma or the equivalent before classes begin. Includes undocumented aliens and all others who meet the criteria even if they have established residency in another state subsequent to graduation from a California high school.

Documentation is required for both categories. Please contact the Admissions and Records Office for specific information.

3. Tuition Fee for Foreign Students: In addition to the non-resident fee computed as specified above, foreign students will be charged an amount not to exceed the amount that was expended by the District for capital outlay in the preceding year, divided by the total full-time equivalent students. See Schedule of Classes for the current fee.

4. Health Service Fee: Assembly Bill No. 2236, passed by the California State Legislature, and under authority of Section #72246-72244 of the education code, authorizes College of the Desert to charge a health service fee for the operation of a Student Health Center. Exempted students include:

- a. All active duty military personnel attending classes on a military base and their dependents.
- b. Apprentice students.

c. All students who depend exclusively on prayer for healing in accordance with a bonafide religious sect.

5. Student Center Fee: Approved by student vote in accordance with section #79121 of the education code for the purpose of refinancing, constructing, enlarging, remodeling, refurbishing, and operating a student center.

6. Student Representation Fee: Approved by student vote, this fee is to support student government representatives who may be stating their positions and viewpoints before city, county, and district government, and before offices and agencies of the state and federal government. Students may refuse to pay, for religious, political, financial or moral reasons, in writing to the Admissions and Records Office at the time of initial payment of fees.

7. International Student Insurance: College policy requires all international students on the F-1 visa to purchase the COD health insurance plan while they are studying at College of the Desert and/or the Intensive English Academy. COD does not accept any health insurance provider other than the approved college policy; this includes both foreign and domestic policies. Information regarding benefits and costs can be obtained at the International Student Office.

8. Parking Fee: A fee is charged to students for parking permits. A valid permit must be displayed to park on campus. There is a charge for replacement of parking permits. Penalties are assessed for violation of parking regulations.

9. Health Occupations Programs: College Policy requires each student enrolled in Health Occupation programs which require patient contact for the development of specific skills to secure insurance coverage against liability for malpractice.

10. Student ID Card: An optional student identification (ID) card fee is assessed to students who wish to purchase a picture ID.

11. Transcript Fee: An official transcript of a student's record is obtained by completing an online transcript request form. Sealed transcripts sent directly from the College to the destination requested by the student are considered official unless unsealed. There is no charge for the first two official transcripts provided a student orders the transcripts through the Admissions and Records Office (allow minimum of 21 working days).

12. Duplicate Diploma Fee: There will be a fee of \$25.00 for a duplicate diploma.

13. Credit by Examination Fee: Students wishing to apply to challenge a course to receive credit by examination must submit a \$25.00, non-refundable fee to complete the application process.

14. Enrollment Verification Fee: Students requesting enrollment verification pay a nominal fee. Enrollment verifications are obtained by completing an online request form. Enrollment verifications requested for the purpose of student loan deferment are fee exempt.

PLEASE NOTE

All fees are subject to change according to changes in the California Educational Code and the State Legislature.

All information relative to enrollment fees and health fees is subject to change as mandated by the California Community College Board of Governors and California law.

ACCIDENT INSURANCE

The Health Fee entitles students to accident insurance. This policy covers accidents on campus or campus related activities only. Athletes engaged in the interscholastic sports have separate coverage.

MEDICAL INSURANCE

Students may voluntarily purchase supplementary health insurance to cover sickness and hospitalization at minimum cost. This insurance is required for all foreign students each semester.

REFUND POLICY

Students receive an automatic refund if: (1) the college cancels a class or (2) makes a time change in a class schedule; or (3) if the student finds it necessary to drop a class or classes within the deadline to be eligible for a refund. Refunds are issued beginning the fourth week of the semester and mailed to the student's address on file with Admissions and Records.

LIMITATIONS ON FEE REFUNDS

Enrollment, Student Center, and Student Representation Fees are refundable if class is dropped on or before the "last day to drop and be eligible to receive a refund." See Academic Calendar (page 5) for deadline dates. Contact

the Admissions and Records Office for deadlines attached to short-term classes.

The student health fee is refundable if classes are dropped on or before the "last day to drop and be eligible to receive a refund" if the student completely withdraws from school. It is not refundable for a reduction of program.

Nonresident and foreign student tuition fees are refundable for a reduction of program or a complete withdrawal. See Academic Calendar for deadlines to drop and be eligible to receive a refund.

Refunds of \$10 or more are processed automatically beginning the fourth week of the semester and mailed to the student's address on file with Admissions and Records. Students may request a refund prior to that time by completing a refund request form available in the Admissions and Records Office.

PARKING FEE REFUNDS

The parking fee is refundable if classes are dropped on or before the "last day to drop and be eligible to receive a refund," if the student completely withdraws from school. The parking sticker must be returned to the parking office to receive a refund.

RETURNED CHECKS

Business Services Office

A service charge of twenty-five dollars (\$25.00) will be assessed for any check returned to College of the Desert by a bank. Students who have a returned check will be notified by the Business Office. A hold will be placed on the students' records preventing any registration activity (including registration for subsequent terms), having transcripts sent, and verification of enrollment or other transactions. The hold will remain until the financial obligation is met. Students who have two or more checks returned by their bank will be placed on "cash-only" status and required to make all future payments in cash.

College Bookstore

A service charge of twenty-five dollars (\$25.00) will be assessed for any check returned to the College Bookstore by a bank. Students who have a returned check will be notified by the Bookstore. If payment is not made within 10 days of notification, the bad check will be turned over to the Riverside County District Attorney Bad Check Restitution Program.

STUDENT LIFE

ACTIVITIES and CLUBS

Through the Office of Student Life, College of the Desert offers a variety of campus clubs and organizations for every phase of campus life. They provide opportunities for students in social, service, curricular, and special interest programs. Students are encouraged to participate in campus organizations.

Each year new clubs are chartered as they are requested by the students. A sample listing of clubs includes:

- Architecture Club
- Ballet Folklorico
- Business & Economics Club
- Campus Crusade For Christ Club
- International Club
- Latina Leadership Network
- M.E.Ch.A.
- MESA Club

Every club is a part of ASCOD, which meets regularly to discuss activities, projects and problems pertaining to its members. Students will have an opportunity to learn more about starting their own student club or joining an existing one by participating in Club Rush Week, which occurs at the beginning of each semester. For more information, please visit the Office of Student Life located in the Hilb Student Center or call (760) 862-1317.

ASSOCIATED STUDENTS of COD (ASCOD)

In keeping with the philosophy of College of the Desert, the responsibility for student government is placed with the students. Regularly enrolled students of the college are encouraged to be participating members of ASCOD.

College of the Desert supports an active ASCOD organization. One student from campus is elected each year to serve as Student Trustee and to represent the general student population at the regular meetings of the Board of Trustees. ASCOD has adopted a constitution incorporating rules and regulations which provide for a governing body that reflects the interests of the entire student population. For more information, please visit the Office of Student Life located in the Hilb Student Center or call (760) 776-7317.

The College of the Desert Bookstore contains all COD textbooks, whether required or optional. The bookstore also carries school supplies (imprinted and non-imprinted), BarCharts, and reference materials to assist students in their academic endeavors. In addition, College of the Desert clothing and giftware is also available, as well as a wide variety of snacks and sundries. The bookstore accepts all major credit cards, and personal checks for the amount of the purchase with appropriate ID. Gift cards are available for purchase and replenishment. Bookstore hours are listed in the class schedule each semester. The Bookstore is open extended and weekend hours during back to school periods. Students can also view the booklist and order their books for shipping or in-store pickup by visiting the "site map" portion of the college website or at: www.codesert.bkstr.com.

FINANCIAL AID

College of the Desert provides financial assistance in the form of grants, scholarships, loans, and part-time employment for students who meet specific financial aid program eligibility requirements. If you believe that you and your family will not be able to pay for all of your educational costs, you are encouraged to apply for financial aid.

How to Apply

To be considered for financial aid, you must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA is available online at www.fafsa.ed.gov in January of each year. The FAFSA must be submitted and processed before you can be considered for financial aid. All financial aid applicants who are California residents should also apply for the BOG Waiver, as well as the Cal Grant from the California Student Aid Commission.

After the Financial Aid Office receives your FAFSA data, you may be required to submit additional documents directly to the office - this request may include copies of federal income tax returns and/or verification of untaxed income and other information reported on the FAFSA.

In addition to the FAFSA application process, students must meet other requirements such as Ability-to-Benefit and Satisfactory Academic Progress (SAP) policy requirements. Contact the Financial Aid Office for further details.

The Financial Aid Office will continue to process files and award students as long as funds are available. If you apply as early as possible, you improve your chances of receiving financial aid from all programs for which you are eligible.

Repayment of Funds

In accordance with federal law, students who receive federal financial aid and withdraw from all of their classes on or before the 60 percent mark of the semester may be required to repay any unearned grant and/or loan funds they have received. The amount will be calculated by the College using the formula specified by federal regulation. All money received in the form of Pell Grants and Supplemental Educational Opportunity Grants and/or Stafford and PLUS loans will be subject to repayment requirements.

Types of Financial Aid Programs Available at COD

Students who are eligible for financial aid at College of the Desert may receive any of the following:

Pell Grants - The Federal Pell Grant is free grant assistance that does not have to be repaid. These grants are available to assist students in meeting educational costs. Federal Pell Grants are targeted to students with very high financial need. Even if you do not qualify for a Pell Grant, you may be eligible for other forms of financial aid.

Cal Grants B & C - State-funded grants awarded by the California Student Aid Commission to California residents who may apply for and qualify on the basis of merit, financial need or vocational objective.

Board of Governors Enrollment Fee Waiver (BOG) - State fee waiver program designed to offset the cost of the enrollment fee for eligible students who qualify based on the receipt of financial aid, public assistance or who meet specific income standards.

Cooperative Agencies Resources for Education (CARE) - State-funded program to encourage single parents on TANF/CalWORKs to enroll and may provide counseling, financial aid and child care assistance.

Extended Opportunities Programs and Services (EOPS) - Funded by the State of California, this program is restricted to low-income, educationally disadvantaged students and may include grants, books and counseling services.

Federal Supplemental Educational Opportunity Grants (FSEOG) - Federally funded grants awarded to a limited number of eligible students who can demonstrate exceptional financial need.

Scholarships - Scholarships are awarded on the basis of merit and academic promise, financial need, major, or other criteria as specified by the donors of each fund. The number and types of scholarship awards available, as well as the scholarship application procedures, vary. The COD Scholarship application process is available online in March of each year and closes in April.

Federal Work-Study Program (FWS) - This program provides those students with financial need part-time work to earn money to help pay educational costs. The amount of a FWS award depends on the student's financial need, the amount of other financial aid being received and the availability of FWS funds at College of the Desert. Pay rates may vary, but will not be less than the current minimum wage. Students must be enrolled in a minimum of six (6) units to participate in the FWS program.

Emergency Book Loans - Are available to students at the beginning of each semester for the purchase of books and are repaid by the Pell Grant, other financial aid or employment.

Federal Stafford Loan - This is a Federal student loan and must be repaid. Stafford Loans are low-interest loans made to undergraduate students attending accredited schools at least half-time. Eligible expenses covered by Stafford Loans include tuition and fees, books and supplies, transportation, and living allowances.

Federal Unsubsidized Stafford Loans - Available to students who do not demonstrate financial need.

Scholarships

A number of different scholarships are awarded each year to qualified students by the College of the Desert Financial Aid Office based upon academic merit and promise, major or vocational objective, activities or other skill or affiliation, and sometimes, financial need as specified by the various donors. Both continuing and

transferring students are eligible for these awards which may range from \$100 to \$2,000 per academic year. Scholarship applicants must not yet have a Bachelor's Degree, must have completed six units at College of the Desert and must be enrolled on at least a half-time basis (6 units or more) in order to be considered for most of the awards.

COD Scholarship applications are available online in March of every year and close in April. A partial list of the scholarships, donors or funding that may be awarded by the Financial Aid Office on an annual basis can be found in Chapter 1 page 10. Each program has specific eligibility criteria.

For additional information on Financial Aid, please call the COD Financial Aid Office at (760) 773-2532 or you may go online to www.collegeofthedesert.edu, select "Students," and then select the Financial Aid icon.

FOOD SERVICE

The COD Café offers a variety of food and beverage items for students. The COD Café is located in the Dining Hall Building, located on the south end of campus near the Administration building.

HEALTH SERVICES

The Student Health Services (SHS) Offices are located in the Hilb Student Center. A professional nurse is on duty daily to provide services to students which include health evaluations, first aid, emergency evaluation, health education and consultation, referrals, and intake for making appointments with the College Physician. Vision screening, blood pressure screening, blood glucose, mononucleosis testing, urinalysis for specific illnesses, and throat cultures for throat infections are also available at the SHS Offices. HIV screening is provided by an outside agency, generally once a semester. Flu vaccine is seasonally available for a fee. TB testing is available weekly and a service charge may be required. The College Physician is available one day a week for treatment of **mild illnesses**. The College Nurse also processes all COD student accident insurance claims. Information regarding additional student insurance for sickness and accidents is available through the SHS Center offices. Limited services are also extended to the Eastern Valley Campus students.

HOUSING

There are no facilities for on-campus housing at College of the Desert. Information regarding off-campus housing is posted on bulletin boards on campus. The College does not inspect or approve the posted facilities and assumes no liability or responsibility for agreements between landlords and the students.

JOB PLACEMENT SERVICES

Job placement services are available to all students through the Internet or the job development specialist. Students are encouraged to use the Career Center on a drop-in basis or by appointment for a variety of services including career assessment and decision making, current career information with computer printouts of job outlook, training and educational opportunities, and individual as well as group career counseling. The Career Center is located in the Administration Building.

PARKING

Students parking on the campus must purchase and properly display a College of the Desert parking permit. Citations are issued by College Security. Motorcycles and motorbikes are to park in areas reserved for them.

Conveniently located parking lots provide parking for students' and visitors' vehicles. Red, Yellow, Blue and Black curb markings, all No-Parking signs, and Emergency Parking zones are to be observed at all times, day and night. Parking on or in front of ramps is forbidden day and night. Restricted parking is in effect from 7:30 a.m. to 10:30 p.m. Monday through Friday of each school week. Parking regulations may be found on the College website, or obtained from the Parking Office, located in Building C.

Parking for individuals with disabilities (blue curb marking) must be observed both day and evening. Permits are obtained from the Department of Motor Vehicles and must be displayed along with a valid COD parking permit when parking in any designated blue zone.

The College assumes no liability for vehicles parked on the campus.

SECURITY AND SAFETY

The College encourages all persons on campus to practice low-risk and defensive behaviors, and to be especially alert at night. Students and others are advised to park in well-lighted and trafficked areas, and to always lock their vehicles. Students should not pick up strangers or accept rides from persons they do not know.

If you suspect a crime is being committed against persons or property, call 911 or Campus Security at (760) 341-2111.

Safety and Security information published in accordance with the Crime Awareness and Campus Security Act is available upon request from the Security Office or on the college web site at www.collegeofthedesert.edu.

VARSITY SPORTS/ATHLETICS

College of the Desert is a member of the Foothill Athletic Conference. The conference includes these colleges: Antelope Valley, Barstow, Cerro Coso, Chaffey, College of the Desert, Mt. San Jacinto, Rio Hondo, San Bernardino Valley and Victor Valley.

At this time, the college participates in the following sports: for **men** - baseball, basketball, cross-country, football, golf, soccer, and tennis; for **women** - basketball, cross-country, golf, soccer, softball, tennis, and volleyball. Students interested in participating in varsity sports should contact the Athletic Department at (760) 773-2591.

ENRICHMENT ACTIVITIES

The college offers various events for student enrichment. Student Services offers campus forums in the Pollock Theater. These are directed primarily at students in an environment that is aesthetically pleasing and encourages group participation. The forums range from current events to information programs of campus importance. The college offers several plays for student and staff enjoyment in Theatre Too, in addition to cultural events performed in the Pollock Theatre and the McCallum Theatre. The Walter N. Marks Center for the Arts also has regular art shows featuring student, faculty, and professional artists.

The college attempts to foster a casual co-curricular experience for students in the Hilb Student Center. Housed in the Student Center are the offices of the Associated Student Body, Student Life, International Education, and Student Health Services. Student Life offers a Student Leadership Course, student clubs of varying interest, meeting rooms, and facilities for socializing. These activities are open to all students. Many of the clubs, such as M.E.Ch.A. and ASCOD offer civil responsibility as one of their key components. All clubs encourage personal responsibility and intellectual growth.

The Hilb is frequently the site for Voter Registration activities as well as an "open house" for campus diversity activities. These include: International Day/Week celebrations; Council on Diversity activities; and a site for the various celebrations and recognitions of student achievement, such as the Dean's List Tea for acknowledging academic achievement on the Dean's List by students each semester, as well as Scholarship and Donor recognitions. These celebrations expose students to the rewards of diversity.

The Hilb Student Center is also a student art gallery where students display, view, and discuss sculptures and fine and pop art, expressing intellectual growth in an aesthetic environment. The Center is a focal point for students to gather and, as such, every opportunity is taken to invite students and staff to interact responsibly.

The student newspaper, *The Chaparral*, as well as the occasionally published student creative writing and poetry journal, *The Solstice*, encourages intellectual development of students. The Math Division offers occasional free lectures throughout the year regarding the world of mathematics to challenge students' thinking.

LEARNING LABS AND RESOURCES

ACADEMIC SKILLS CENTER

The purpose of the Academic Skills Center (ASC) at College of the Desert is to provide learning opportunities that support regular classroom instruction. The staff of the ASC works closely with faculty to provide audio and video tape instruction, computer-aided instruction, and tutoring which helps students to practice and reinforce what they are learning in their courses. Priority is given in five areas: reading, writing, mathematics, English as a Second Language (ESL) and foreign languages.

In addition, as part of the College's Matriculation Plan, the ASC currently houses the Assessment Center and provides new students with introductory information about the College. The Assessment Center is responsible for administering the College's course placement exam for new students who are entering the college. For more information about assessment testing see Chapter 2 page 19, or call (760) 776-7413.

Through the Tutoring Center, the ASC also provides study skills assistance for any student enrolled in College and offers training for students interested in becoming tutors. Finally, English and ESL faculty are frequently available in the ASC to provide assistance to students in these areas. Organized as a series of labs, the ASC is located in Building E. The hours of operation are listed in the current class schedule.

ASC Language Lab

The Language Lab provides support services in programmed cassette practice, video viewing, and computer-aided instruction so that students can develop their communicative skills in understanding, speaking, reading, and writing various languages. This state-of-the-art technological facility is equipped with interactive, multimedia software carefully chosen to enhance the satisfaction of second language learning.

Interactive programs are available for ESL, Spanish, French, Italian, and American Sign Language. The lab is supervised at varied times by qualified language instructors and is located in the ASC (Building E).

ASC Writing Lab

The Writing Lab primarily provides computer-based and tutorial support for students enrolled in English composition courses, but any student who is in need of writing support may enroll in an independent study lab section and use this lab. The lab provides access to computers for word processing, Internet Research, and access to a variety of software programs that teach grammar, punctuation, sentence structure, and paragraph and essay composition. Support staff help students with using computer software, formatting papers, and doing basic Internet research. The Writing Lab is located in room 6 of the ASC (Building E).

Virtual Academic Skills Center

The Virtual Academic Skills Center (VASC) is an index of Web Sites that support reading, writing, ESL, and the writing of research papers. All sites listed in the VASC have been reviewed and recommended by COD faculty. This is a free, web-based service for all COD students and is available 24 hours a day, seven days a week. Go to www.collegeofthedesert.edu/vasc.

LIBRARY

A Unique Collaboration: The Multi-Agency Library

The Multi-Agency Library is a unique partnership of three agencies: the City of Palm Desert, the Riverside County Public Libraries and College of the Desert. Library users have the opportunity to browse and select materials from both the COD and public library collections. By complementing each other's particular strengths, the public and academic libraries offer a greater variety of materials and services (research materials, community activities, children's programs, and local history information, etc.) to students and other library users in one convenient location. For more information please call (760) 773-2563.

Library Research Instruction

The College of the Desert Library staff also provides a variety of instruction to library users. Librarians are available to assist students and faculty to locate information and to assist with complex research projects. The library staff offers research instructional sessions to

students and faculty members and teaches nearly 100 such sessions during the academic year. Each instructional session is designed to meet the research level of the students in each session with subject-relevant research materials.

The Collection

The College of the Desert Library currently has over 55,000 print volumes and a new collection of over 18,000 electronic books. The Library subscribes to over 200 newspapers, magazines and academic journals in print. Additionally, the Library maintains subscriptions to a variety of electronic databases, accessible in the library, at our Eastern and Western Valley Centers and from home and other remote locations. The electronic databases include a wide array of research materials such as EBSCOHost, NewsBank, ProQuest, Opposing Viewpoints, ArtStor, Literature Resource Center, Encyclopedia Britannica, AccessScience and CountryWatch.

MATH/SCIENCE STUDY CENTER

This Study Center is located in the Math Building and provides math and science students with a place to study. There are areas available for those who like to work in small groups. Mathematics and science adjunct faculty are available to assist students in this facility during their office hours. Tutoring is also occasionally available. Software and videos, as well as Internet access, is available in support of college level mathematics and science classes. For more information please call (760) 674-3769.

TUTORING CENTER

The Tutoring Center provides tutoring for most courses offered at College of the Desert, with a particular emphasis placed on math and writing skills. Tutoring is primarily offered in scheduled small group sessions, though students in special programs can also receive one-on-one tutoring. Most tutors are COD students who have been recommended and trained by the staff of the Tutoring Center. The Tutoring Center is located in the Mind Shack at the East Annex. Hours of operation are listed in the class schedule each semester. For more information please call (760) 776-7241.

ALTERNATIVE LEARNING OPPORTUNITIES

ADULT BASIC EDUCATION

Recognizing the role of the community college in the area of developmental education, College of the Desert makes available courses not for college credit (noncredit) for development of necessary skills and knowledge in Adult Basic Education (reading, writing and math), High School Completion, and preparation for the General Education Development Test (GED). No enrollment fees are charged to students taking adult education courses.

Many courses are offered on an open-entry, open-exit basis. Admission of students occurs on a daily basis and no prior educational background is required. In addition to regular class offerings, emphasis is placed on self-paced, independent, student-centered learning. For more information please call (760) 776-7318. Specifically, instruction is provided in the following areas:

Basic Skills

Basic Skills is the study of reading, writing, and math. It is designed for adults to learn these skills. Basic Skills students will be better prepared to pursue further education, including GED and High School Completion, or pursue employment opportunities. Students may earn the following certificates of completion:

- Certificate in Reading Completion
- Certificate in Basic Math Completion
- Certificate in Advanced Math Completion
- Certificate in Basic English Completion
- Certificate in Advanced English Completion

General Education Development Test (GED)

General Education Development (GED) is the study of social studies, math, reading, writing, and science. Students completing this course of study will be better prepared to take the GED test. The GED certificate (Certificate of Secondary Education Completion/GED) is an alternative to a high school diploma and is accepted by many employers, community colleges, vocational training programs, and governmental agencies. For more information please call (760) 776-7318.

Learning Labs, Resources, and Alternative Learning Opportunities

High School Completion

High School Completion is the study of subjects required to obtain a high school diploma. Students completing their required coursework and passing the proficiency exams will receive a high school diploma (Certificate of Secondary Education Completion) issued by College of the Desert. For more information please call (760) 776-7318.

ADVANCED TRANSPORTATION TECHNOLOGY AND ENERGY CENTER

The College has created the nation's first training center for technicians who repair and maintain advanced fuel vehicles such as compressed natural gas (CNG) and liquid petroleum gas (LPG), and is preparing training programs in other alternate fuel systems such as electric vehicles (EV). These technician training programs are designed to meet the needs of the emerging advanced transportation technology systems in the Coachella Valley and were developed in partnership with SunLine Transit Agency, the Southern California Gas Company and the Chancellor's Office. For more information please call (760) 773-2545.

COD/CSUSB PRE-NURSING PROGRAM

College of the Desert and California State University, San Bernardino, Palm Desert, offer a joint Bachelor's in Nursing program. Students accepted into the CSUSB pre-nursing cohort begin with undergraduate prerequisite courses at College of the Desert, and once admitted to the CSU nursing program, complete nursing and upper division requirements at CSUSB Palm Desert. Students interested in this program should contact the COD Counseling Center at (760) 773-2520.

COMMUNITY EDUCATION

Community Education offers a variety of informative and skill-based courses to meet the educational needs of students preparing for a new career, working toward continuing education units, or pursuing lifelong learning. Our accelerated, not-for-credit, short-term course format is designed for adult learners and is compatible with busy schedules. Community Education offers learning opportunities that support professional development and improve business performance. For more information please call (760) 773-2545.

CONTRACT EDUCATION

The College offers custom designed training programs for every level of employee from entry-level communication/basic skills to executive level specialized training. All programs are developed in consultation with the employer and delivered at a time and location suitable to the employer on a fee basis. The Office of Contract Education has successfully developed and delivered training programs to many area medium and large businesses, corporations and public agencies utilizing faculty or industry specialists. For more information please call (760) 773-2545.

INDEPENDENT STUDY PROJECTS (1-3 Units)

Available to students carrying six or more units, Independent Study is designed to:

- 1) extend students' knowledge and understanding of subject matter beyond the stated objectives of the course in which they are registered; or
- 2) provide means to earn credit in an academic area where they have exhausted all available course options. In this case, the Independent Study course should be degree or certificate applicable.

Independent Study credit is given on a "lab" value basis (1 unit=54 hours, 2 units=108 hours, 3 units=162 hours) in which students work independently under the direction and guidance of the instructor. A maximum of six units of individual study is accepted toward the A.A. and A.S. Degree.

The appropriate Dean must approve the project before the student registers for the course. It is recommended that Independent Study Projects for 3 units begin prior to the 4th week of the semester; for 2 units, prior to the 7th week; and for 1 unit, prior to the 10th week. Please call the Division office for further information.

INSTITUTE FOR SALES & SERVICE EXCELLENCE

The Institute for Sales & Service Excellence provides training for employees in the retail and hospitality sectors. Entry level training, management seminars and courses for continuing education units are offered through the Institute. For more information please call (760) 773-2545.

INTENSIVE ENGLISH ACADEMY

Students who are in need of additional English training prior to their studies, or just want to improve their language skills, can study at the Intensive English Academy (IEA). The IEA consists of 30 hours per week of instruction and lab work. This fee-based program includes classes in reading, writing, grammar, listening, conversation and TOEFL training (advanced level). Classes are offered from the beginning to advanced level. The IEA course offers both 8-week and 16-week sessions.

LEARNING COMMUNITIES

A Learning Community involves a common group of students enrolled in a linked group of courses designed to share a common theme or common set of teachers. Together, students have the opportunity to develop a deeper understanding and integration of the material they are learning, as well as more opportunities for interactions with one another and their teachers.

When you register for a Learning Community, you are getting more out of your college experience because these communities engage your interest, intellectually

challenge you to think, build a sense of community and contribute to making friends. As a result, you are more likely to progress successfully toward completing your educational goals.

Since Learning Communities often have limited seating, enrollment requires that students obtain an approved signature from a learning community faculty member or counselor on a specially prepared registration form. More specific enrollment instructions can be found in the Schedule of Classes each semester. For more information please see a Counselor in the COD Counseling Center or call (760) 773-2520.

SCHOOL-TO-CAREER (STC)/TECH PREP

STC and Tech Prep are part of a nationwide educational reform movement that creates a seamless curriculum between high schools and community colleges. During the last two years of high school, juniors and seniors may choose a major course of study in one of the programs. Locally, those programs are linked to two-year associate degree and certificate programs at College of the Desert.

The STC/Tech Prep programs at College of the Desert may include accounting, business, business management, computer science, real estate, small business systems, office automation and marketing, vocational nursing, nursing assistant, computer information systems, architecture, automotive technology, etc. COD offers 37 vocational programs which can be linked with high school programs to form a four-year tech prep program.

Students who complete STC/Tech Prep programs are prepared for entry-level employment, advanced technical training or advanced education at a four-year university. For more information please call (760) 862-1319.

Learning Labs, Resources, and Alternative Learning Opportunities

VIRTUAL VALLEY CENTER for ONLINE CLASSES

College of the Desert offers nearly 100 sections of online classes covering a wide variety of academic disciplines. These include Administration of Justice, Computer Information Systems, Computer Graphics, Digital Design and Production, Economics, English, Health, Mathematics, Natural Resources, Programming, Sociology, Spanish, and Web Publishing. See the class schedule for a complete listing.

Online courses have the same transfer status and prerequisites as traditional on-campus classes, and are subject to the same standards of academic quality. The difference is that the student completes his or her coursework asynchronously via email, electronic bulletin boards and chatrooms. This can be a tremendous advantage for those students who have trouble getting to the campus or who have schedules that do not allow them to take classes scheduled at specific times. Online

students must have their own computers and Internet access, and must be proficient in using the Internet, a word processing program and email.

For further information, please visit the Desert Online home page at www.desertonline.net or contact Tom Gillman, the Coordinator of the Virtual Valley Center, at tgillman@desertonline.net.

WORKPLACE LEARNING RESOURCE CENTER

Sponsored by the Chancellor's Office Economic & Workforce Development Program, this center specializes in assessing the skills and abilities of employees at local businesses and designing and delivering appropriate workforce training programs to strengthen basic and intermediate skills required to improve employee performance. For more information please call (760) 773-2545.

ACES

The Academic Counseling & Educational Services (ACES) program is a Student Support Services program under the federally funded TRIO programs. Supported by the U.S. Department of Education, the ACES program assists low-income, first generation college students to graduate and transfer from College of the Desert. Services include:

- academic, personal and career counseling services;
- tutoring services;
- opportunities to attend college tours at four-year colleges and universities;
- opportunities to attend various cultural events and student leadership conferences;
- access to borrow a scientific calculator and/or laptop computer .

Eligible ACES students are also provided with financial aid stipends. For more information about eligibility requirements or to request an application, please visit the TRIO Programs building located in the Central Annex or call (760) 776-7347.

CALIFORNIA MINI-CORPS

The California Mini-Corps program is a statewide program that places college students in local elementary and high schools in an effort to develop future teachers. College of the Desert students who join the Mini-Corps program will provide academic support to students from migrant family backgrounds and serve as a liaison between the child's parents and the local school systems. To be eligible to participate in the Mini-Corps program, a student should come from a migrant family background and be enrolled in 12 semester units. To learn more or to request an application, please call (760) 862-1316.

CALWORKS

College of the Desert students who are also TANF recipients, as identified by the County of Riverside, are eligible to receive specialized services to assist them in achieving their educational goals. These services include book vouchers, work study opportunities, resources for child care and academic support. To learn more about the California Work Opportunity and Responsibility to Kids (CalWORKs) call (760) 862-1343.

CAREER CENTER

The Career Center is available to all students for a variety of services including career assessment and decision making, current career information with computer

printouts of job outlook, training and educational opportunities, and individual as well as group career counseling. Job placement services are also available in the Career Center through Internet resources and through a special partnership with the Employment Development Department (EDD) of California. The Career Center is located in the Administration building adjacent to the Counseling Center. For more information and hours of operation, please call (760) 862-1351.

COUNSELING & ADVISING SERVICES

As part of the College's Matriculation plan, all students have the right to receive counseling and advising services. New students will attend orientation and receive counseling assistance to establish an appropriate education plan and register for courses. Continuing students without a selected major will be advised by counselors until they have selected and declared a major. After deciding on a major, students are referred to a faculty advisor within the discipline of study in which the student is majoring. Students who are seeking these services should start by contacting the COD Counseling Center at (760) 773-2520.

COUNSELING CENTER

The primary goal of the Counseling Center is to provide learning opportunities for students to clarify their values and goals, to make decisions, and to develop self-esteem, self-confidence, and self-direction as related to their educational objectives.

Toward this goal, our staff of highly trained and diversely experienced professional counselors are available to assist students with identifying their needs, assessing their strengths, and overcoming barriers. Counselors can assist students in selecting the appropriate programs of study relative to their chosen objectives. Educational objectives may include completion of a vocational program, transfer major to a four-year college or university, enhancement of employment skills, or improvement of basic skills. Services available include:

- Academic, Career, and Personal Counseling
- Development of Student Educational Plans (SEPs)
- New Student Orientation
- Crisis Intervention
- Student Success and Study Skill Development Courses and Workshops
- Information about Campus Resources and Financial Aid

Counseling services are offered to day and evening students. Appointments are encouraged and can be made by telephone or in-person. Counselors are also available on a limited basis for drop-in counseling. To see a counselor or to obtain more information, please visit the Counseling Center, located in the Administration Building, or call (760) 773-2520.

Counseling Services are also available at the College's Eastern Valley Center. Appointments are required and can be made by calling (760) 776-7200.

DISABLED STUDENTS PROGRAMS AND SERVICES (DSPS)

Students with disabilities at College of the Desert participate in the same activities and courses as any student. Special services are offered to provide a more equitable classroom experience and to help successfully integrate the student into college life. Such services include: priority registration, tutoring, interpreters, note-takers, specialized counseling, and special equipment to those who qualify.

Disabled Students Programs and Services (DSPS) provides special instructional opportunities to qualified students. Participation is voluntary. Interested students must meet with the appropriate DSPS counselor to apply for these programs. Special instructional programs include: DSPS High Tech Center, WorkAbility III, and Adapted Physical Education courses.

The State Department of Rehabilitation also offers services to aid students who have physical, emotional, or other disabilities which handicap them in obtaining employment. All interested individuals are urged to contact the Learning Disabilities Specialist, a Counselor, or the Director of Student Health & Disabilities Services for further information: 760/773-2534; TDD 760/773-2598.

EOPS & CARE

The Extended Opportunities Programs & Services (EOPS) program is a state funded student services program designed to provide academic counseling and financial support to students who are from educationally and financially disadvantaged backgrounds. The EOPS program promotes student success with enrollment assistance, educational planning, tutorial support, and book service. Participation in this program is limited to California residents who are eligible to receive the Board of Governors (BOG) Waiver A or B, are in good academic standing, and are enrolled as a full-time student (12 units per semester).

EOPS-eligible students who are single, head of household CalWORKs recipients may also be eligible to participate in the Cooperative Agencies Resources for Education (CARE) program. In addition to the services mentioned above, the CARE program provides a Meal Program and financial assistance with child care.

For additional information about the EOPS and CARE programs, please visit the EOPS/CARE office located in the Counseling Center (Administration Building) or call (760) 773-2539.

INTERNATIONAL EDUCATION PROGRAM

College of the Desert believes that international students add to the multiculturalism and diversity of our campus. We have an active International Education Program with over 200 international students from 35 different countries studying at our campus. The International Student Office is committed to assisting international students during their studies at the College. We offer extensive services to support international students throughout their studies at COD. Services include orientation, international student counseling, tutoring, university transfer assistance, academic advising, activities, immigration advising and housing assistance. Although there are no dormitories on-campus, this office offers an American Host Family program and assistance in securing off-campus apartments.

More information on our programs or an application can be obtained by visiting our website at www.collegeofthedesert.edu/international, or by contacting our office at:

Mathematics, Engineering, Science Achievement Program (MESA)

MESA is an academic enrichment program that serves educationally disadvantaged students and emphasizes participation by students from groups with low rates of eligibility to four-year institutions. MESA offers curricular and extracurricular services to increase the numbers of students who transfer and ultimately graduate with degrees in math-based and science-based fields. These areas include, but are not limited to, physical sciences,

life sciences, computer science, engineering, pre-medicine, pre-veterinary, nursing (B.S.), pre-pharmacy, and architecture. The MESA Program provides support through the following:

- Academic Excellence Workshops
- Tutoring
- MESA Student Study Center (South Annex, Room 9)
- Textbook Loans
- Career Advising
- Internship and Job Information
- Transfer Assistance to Four-year Institutions
- Scholarship and Financial Aid Assistance
- Orientation Course for Math and Science Majors
- Field Trips to Universities, Industry Sites, and Special Events.
- Part-time Student Employment

The MESA Program is administered by the Math & Science Division. For additional information, call (760) 776-7455 or email the Director at cfarmer@collegeofthedesert.edu.

McCARTHY FAMILY CHILD DEVELOPMENT & TRAINING CENTER

The Child Development Center is open to children in the area between the ages of 12 months and 5 years without regard to race, color, disability, religion, ancestry or national origin. The Center serves as a preschool teacher-training site and a model program, as well as a comprehensive preschool program. For additional information, call the center at (760) 862-1308.

NEW HORIZONS BOOK LOAN PROGRAM

The New Horizons Book Loan program provides low-income students with books for eligible courses. The book loan program is funded through the Carl D. Perkins Vocational and Applied Technology Act of 1998 (VTEA), a state funded grant to improve the vocational and technical education programs in California. To be eligible to participate in this book loan program, students must be recipients of the Board of Governors tuition fee waiver (BOG) and meet other specified criteria. To learn more or to request an application, please call (760) 773-2571.

TRANSFER CENTER

The Transfer Center provides students and staff with the most current transfer information to help ensure that students experience a smooth transition to four-year colleges and universities. Applications, catalogs, and

other resource materials, including Internet access, are available to students who are committed to transfer as well as to those who are exploring the possibility of transfer. Students may talk with a COD counselor and/or meet with admissions advisors from several colleges and universities, including California State University, San Bernardino and University of California, Riverside.

Each fall semester the Transfer Center hosts **College and University Day**, during which representatives from California State University, the University of California and private and independent schools meet with prospective COD transfers. This annual program provides an excellent opportunity for students who are exploring transfer options to learn about various colleges' academic programs, transfer admission requirements, fees, housing and other student support services. University application workshops and financial aid information are also provided. For more information, contact the Transfer Center at (760) 862-1351.

UPWARD BOUND

Upward Bound (UB) is a federally funded TRIO program supported by the U.S. Department of Education. The UB program provides academic and counseling support to local low-income high school students who would be first-generation college students. The UB program requires students to attend two Saturday Academies per month, a six-week summer program and after-school tutoring. Some benefits of the program include academic and cultural field trips, a laptop loan program, and financial support. Please visit the TRIO Programs building located in the Central Annex or call (760) 773-2541 to request an application or to get more information.

VETERANS SERVICES

The Veterans Office was established to assist eligible veterans, dependents and reservists in obtaining their VA educational benefits and achieving their educational goals. The Veterans Office provides information on veterans' benefits and services, assists applicants with completing applications and forms necessary for VA benefits, and assists veterans with referrals to other agencies and resources.

College of the Desert is approved for the training of veterans, dependents, and reservists leading to a certificate, an Associate Degree or transfer to a four-year institution. The Veterans Office is located in the Admissions & Records office in Building C. For more information please call (760) 773-2536.

PETITIONS FOR EXTENUATING CIRCUMSTANCES

The Dean of Enrollment Services has established a Petition Review Committee to review and take action on student requests for waiver of academic regulations and policies. Students may petition the Committee when, in the student's opinion, a particular academic regulation or policy is not applicable in a specific situation. It is the responsibility of the student petitioning to provide documentation.

Contact the Admissions & Records Office for procedures or go online at www.collegeofthedesert.edu/admsonlineforms.

COURSE PREREQUISITES, Corequisites, Advisories, and Other Enrollment Limitations

Complete course prerequisites, corequisites, and advisories are listed in this catalog after the course descriptions. These requirements are intended to ensure students a reasonable chance of success. Questions regarding course eligibility should be discussed with your faculty advisor.

Prerequisite is a course or courses, skills, or a body of knowledge that students should possess prior to enrolling in a course or program. Prerequisites indicate the College of the Desert course which must be taken prior to enrollment in a given course. (In A,B,C,D sequences, A is usually prerequisite to B, etc.) Prerequisite requirements must be met before enrollment is permitted. **Prerequisite courses must be completed with a grade of C or better.**

Corequisite is a course or courses students are required to take simultaneously in order to enroll in another course. Corequisite represents a set of skills or a body of knowledge students must acquire through concurrent and continued enrollment in another course or courses in order to receive a C or better in the course requiring the corequisite.

Advisory is a condition of enrollment which students are advised, but not required, to meet before or concurrently with enrollment in a course or educational program. An Advisory suggests skills, experiences, or a body of knowledge with which students would achieve a greater depth or breadth of knowledge or skill development, but without which students are likely to receive a satisfactory grade.

Limitations of enrollment are restrictions imposed due to the nature of the course such as prerequisites, corequisites,

intercollegiate competition, honors, public performance or restrictions imposed in the number of students who may enroll in a course subject to "first come, first serve" or due to health and safety considerations, facilities limitations, faculty workload, the availability of qualified instructors, funding limitations, the constraints of regional planning, legal requirements imposed by statutes, regulations, or contracts, or other such limitations as designated by the District.

The District has established procedures by which any student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment, but who provides satisfactory evidence, may seek entry into the class according to a challenge process.

Any prerequisite or corequisite may be challenged by a student on one or more of the following grounds:

1. The prerequisite or corequisite has not been established according to the district's process of establishing prerequisites and corequisites;
2. The prerequisite or corequisite violates Title V, Article 2.5, Section 55201 (Policies for Prerequisites);
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the stated prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal stated in the student's educational plan because the prerequisite or corequisite course has not been made reasonably available.

The determination of whether a student meets a prerequisite or corequisite shall be made prior to the student's enrollment in the course.

The student is responsible and bears the burden for showing that grounds exist for the challenge. The challenge must be made in writing to the division dean prior to the student's enrollment in the challenged course.

Challenges shall be resolved by the division dean and/or appropriate faculty within five (5) school days of the receipt of the challenge.

If space is available in a course when a student files a challenge, the District shall reserve a seat for the student and the student is assured a seat in the class if the challenge is ultimately upheld. If no space is available in the course when a challenge is filed and, if the challenge is upheld, the student shall be permitted to enroll if

space is available when the student registers for that subsequent term.

Students who are seeking to challenge a course prerequisite or corequisite are encouraged to consult with a counselor in COD Counseling Center to receive guidance on the validity of a challenge prior to it being submitted.

COURSE UNITS

The term “unit of credit” is a measure of time and study devoted to a course. One credit unit is equivalent to one hour of lecture per week plus at least two hours of study outside of class or at least three hours of lab per week per semester. Many courses are made up of a combination of lecture sessions and laboratory sessions.

FINAL EXAMINATIONS

All students are expected to complete a final examination for all their registered courses as assigned by their instructor. All examinations will, so far as practicable, be conducted in writing and a maximum time will be assigned before each examination. Students are required to take the final examination at the appointed time and place in order to secure credit. Students who are in need of special accommodations should arrange this with their instructor well in advance of taking the final exam. Students who miss a final exam due to unforeseen circumstances, such as a sudden illness, should provide documented evidence to the instructor if the student is seeking a make-up exam. Any challenge or exception to this policy must be approved by the Division Dean or appropriate administrator.

Students may choose the pass/no pass grading option on designated courses. This choice can be made at the time of registration, or the student may file a Petition in the Admissions Office prior to the first 30% of the class.

Grades of F count as units attempted and completed with a failing grade. Such grades are computed in the grade point average (both semester and cumulative). Units for which grades of F are assigned are not earned units and do not fulfill course, certificate or degree requirements.

GRADE POINTS

College of the Desert follows the same system of grade points used by most colleges and universities in the State to give an overall appraisal of the student’s level of achievement. Semester grades are assigned grade points as follows:

- A** = 4 grade points per unit earned
- B** = 3 grade points per unit earned
- C** = 2 grade points per unit earned
- D** = 1 grade point per unit earned
- F** = 0 grade points per unit earned

Semester marks with no assigned grade points are as follows: I, P, NP, and W. Units for F grades are counted in computing grade point averages.

GRADE POINT AVERAGE

The grade point average (GPA) is computed by dividing all graded (A - F) units attempted into all grade points received. *Note:* Do not include the marks of W, I, P or NP. The following example illustrates the grade point average calculation.

GRADING SYSTEM

The results of each student’s work in each course are reported to the Dean of Enrollment Services in scholarship grades as follows:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing	0
P	Passing (at least satisfactory; units awarded but not counted in GPA)	
NP	No Pass (less than satisfactory, or failing; units not counted in GPA)	

Course	Units	Grade	Grade Points	
			Per Unit	For Class
ENG 1B	3	B	3	9
ART 7A	2	A	4	8
HE 1	3	C	2	6
NR 1	3	B	3	9
NR 1L	1	B	3	3
<u>HIST 17</u>	<u>3</u>	<u>A</u>	<u>4</u>	<u>12</u>
<u>TOTALS</u>	<u>15</u>			<u>47</u>
Total Grade Points			47	
divided by Total Units Attempted			15	
equals Grade Point Average (GPA).			3.13	

NON-EVALUATION SYMBOLS

The following non-evaluation symbols may appear on official college transcripts:

"I" (Incomplete) is a temporary mark assigned by the instructor when the instructor and student mutually determine that the student has been unable to complete course requirements by the designated ending date of the course according to the following definition.

DEFINITION (Section 55758): Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Dean of Enrollment Services until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

The "I" must be made up no later than one semester following the end of the term in which it was assigned.

The "I" symbol shall not be used in calculating units attempted nor for grade points.

An incomplete is issued only upon mutual agreement between the instructor and the student. The instructor and the student will agree upon course work and/or other requirements necessary for the removal of the incomplete mark and the grade to be assigned, as well as the grade to which the incomplete will default if the requirements are not met. The student is expected to make up the incomplete by the end of the semester immediately following the receipt of this mark or the grade could default to an "F." In unusual circumstances the student may petition the instructor for a one-semester extension.

The **Incomplete Grade Form** is issued only to instructors. In addition to the terms of agreement as outlined in the previous paragraph, this form will contain the student's signature and the instructor's signature. The student and the instructor will each retain a copy of this agreement. A third copy will be kept on file with the permanent roster in the Admissions and Records Office.

"IP" (In Progress) is a mark used only for those courses which extend beyond the normal end of an academic term. This mark indicates that work is in progress and that upon completion of this work an evaluative symbol (grade) will be

assigned. The "IP" shall not be used in calculating grade point average.

"RD" (Report Delayed) is a mark used when there is a delay in reporting the grade of a student due to circumstances beyond the student's control. This mark is a temporary notation and is to be replaced as soon as possible by a permanent symbol. Only the Admissions Office may assign the "RD" mark. The "RD" notation shall not be used in calculating grade point average.

"W" (Withdrawal) is a mark assigned to students who withdraw after 30 percent, or the fourth week of the term (whichever is less), and prior to 75 percent of the term. Withdrawal after the 75 percent point is not possible.

If there are extenuating, documented circumstances such as an accident, hospitalization, or other conditions beyond the student's control, the student may petition for an administrative withdrawal in the Admissions and Records Office.

GRADE CHANGE POLICY

The College adheres to the following policy and procedures for issuing and changing grades.

1. The instructor of record for the class has the right to issue a letter grade to a student. Once a grade has been given, that grade is final.
2. A change of grade may be made in only one of two ways:
 - a. An INCOMPLETE (I) is changed to a final grade. See GRADING SYSTEM, Non-Evaluation Symbols for definition and limitations.
 - b. GRADE CHANGE in the absence of demonstrated error, fraud, bad faith, or incompetence, only the course instructor has legal authority to change a final grade.
3. The Dean of Enrollment Services shall approve all Change of Grade and Incomplete Grade forms based upon the Grading Policy adopted by the Board of Trustees.
4. All requests for Grade Changes that do not adhere to the Grading Policy shall be returned to the instructor submitting the request.

GRADE APPEALS

The student shall first attempt to solve the problem with the instructor involved. If the problem is not solved, the student may follow the steps outlined in the *Grade Grievance Procedure*.

GRADE GRIEVANCE PROCEDURE

By law, an instructor is solely responsible for the grades assigned; no instructor may be directed to change a grade except in certain narrow circumstances authorized by the California Education Code, Section 76224(a), which reads as follows: "When grades are given for any courses of instruction taught in a community college, the grade given to each student shall be that determined by the instructor of the course and its determination, in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

When a student believes that the District grading policy has not been followed, and that the grade received for the course was the result of "mistake, fraud, bad faith, or incompetency," the student **MUST** discuss this concern with the course instructor by the end of the fourth week of the following semester (excluding summer). Any student who is not satisfied after meeting with the instructor, may choose to pursue a grievance.

FRAUD: A deliberate misrepresentation of the truth or a fact used to take money, rights, or other privilege or property away from a person or persons may be found to be fraud.

BAD FAITH: Bad faith may be found in an instance of an intent to deceive, in an act of dishonesty.

INCOMPETENCY: Incompetency may be found in a lack of ability, qualifications, fitness, or performance.

If a student files a grade grievance in accordance with the definitions and procedures described herein, and if, following the grievance procedures, it is found that the grade assigned has in fact been the result of "mistake, fraud, bad faith, or incompetency," then a new grade will be assigned, and that grade will become the final grade.

The student must observe the following procedures. The procedures must be completed by the end of the following semester (excluding Summer School) during which the cause for grievance occurred.

LEVEL 1: The student meets with the instructor. Prior to filing a formal written grievance, the student must attempt to solve the problem. When grades are available, the student is expected to contact his or her instructor directly to discuss their differences not later than the fourth week of the following semester. At this stage most differences will be resolved. This contact should be conducted in the privacy of the instructor's office whenever possible, and the pertinent issues should be well defined so that they may be discussed as objectively as possible.

If the problem cannot be resolved at this level, the student may, after informing the instructor that he or she plans to file a written grievance, progress to Level 2.

LEVEL 2: The student submits a written request for a meeting with the instructor's dean to resolve the grievance. The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) school days after meeting with the instructor. The dean shall meet with the instructor and student within five (5) school days of reception of the formal grievance accompanied by all supporting data supplied by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue can be resolved to the satisfaction of the instructor and student, and the action to be taken is to change a grade due to a mistake, the incorrect grade shall be removed from the student's record. Within two (2) school days, the decision and proposed action of the dean will be communicated in writing with copies to the student involved, the faculty member involved, the Vice President of Instruction or designee, and the Office of Admissions and Records.

If the problem cannot be resolved at this level, the student may, after informing the instructor and dean that he or she plans to file a written grievance, progress to Level 3.

LEVEL 3: The student submits a written request for a meeting with the Vice President of Instruction to resolve the grievance. The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) school days after meeting with the dean and instructor. The Vice President of Instruction shall meet with the instructor, dean and student within five (5) school days of reception of the formal grievance accompanied by all supporting data supplied by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue cannot be resolved to the satisfaction of the dean, instructor, and student, the Vice President of Instruction assumes the responsibility for arriving at a decision regarding the validity of the grievance and appropriate action to be taken. If the action to be taken is to change a grade due to a mistake, the incorrect grade shall be removed from the student's record. Within

two (2) school days, the decision and proposed action of the Vice President will be communicated in writing with copies to the student involved, the faculty member involved, the dean involved, and the Office of Admissions and Records. **The Vice President of Instruction's decision completes and exhausts the Desert Community College District's Grade Grievance Procedure.**

The president or his/her designee may shorten or lengthen the times specified in these procedures. The intent, however, is to ensure that each and every step will take place as expeditiously as possible.

ACADEMIC HONORS

Dean's List

Students earning 12 or more credit units in a semester with a grade point average of 3.50 or better are named to the "Dean's List" in recognition of their academic achievements.

Honor Roll

Students earning 12 or more credit units in a semester with a grade point average between 3.00 and 3.49 are listed on the "Honor Roll."

Graduation Honors

Students receiving associate degrees may graduate with honors as indicated below. All grades earned at all colleges attended will be included in the computation of the cumulative grade point average for graduation honors. Designations will be made on diplomas of all recipients and recognized at Graduation for students who participate. Academic honors are awarded as follows:

<u>Honor</u>	<u>Cumulative GPA</u>
Highest Honors	3.90 - 4.00
High Honors	3.75 - 3.89
Academic Distinction	3.50 - 3.74

PROBATION, DISQUALIFICATION, AND REINSTATEMENT

Probation, disqualification, and reinstatement policies and procedures are an important part of the Follow-Up component of the College's MATRICULATION PROCESS and are designed to assist students in making progress toward realistic academic, career, and personal goals.

Standards for Probation

ACADEMIC PROBATION occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a grade point average (GPA) below 2.0 for all units graded according to the established College grading scale.

PROGRESS PROBATION occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a grade of "W," "I" and/or "NP" in fifty percent (50%) or more of all units attempted.

Students can be placed on both academic and progress probation simultaneously. A student will be subject to disqualification if the student remains on probation for three consecutive semesters

Students transferring to College of the Desert from another college are subject to the same probation and dismissal policies as College of the Desert students.

Notification of Probation

The College shall make a reasonable effort to notify a student of their probationary status at or near the beginning of the semester in which the probation will take effect but, in any case, no later than the start of the fall semester. As a condition of continuing enrollment, a student placed on probation is required to receive counseling services, including the regulation and monitoring of his or her academic program. Each student shall also receive any other support services to help him or her overcome any academic difficulties. Prior to registration, a student on probation must have counselor approval of his or her educational program.

Removal from Probation

A student on academic probation shall be removed from probation when the student's accumulated grade point average reaches 2.0 or higher.

A student on progress probation shall be removed from probation when the percent of units with an earned grade of "W," "I" and/or "NP" drops below fifty percent (50%).

Standards for Disqualification

A student on academic probation shall be subject to disqualification if in each of three consecutive semesters of enrollment the student's cumulative and semester grade point averages are below 2.00 in all units attempted which were graded according to the established District grading scale.

Students on progress probation shall be subject to disqualification if progress probation has been earned for three (3) consecutive semesters of enrollment.

Notification of Disqualification

The college shall make a reasonable effort to notify a student subject to disqualification at or near the beginning of the semester in which the disqualification will take effect but no later than the start of the fall semester. A student subject to disqualification has the right of appeal. An exception to disqualification may be made in the event of extreme and unusual circumstances that can be supported by documented evidence provided by the student. Requests for appeal shall be submitted in writing to the COD Counseling Center and it will be reviewed by the Dean of Student Support Programs & Services or the Dean's designated representative. Disqualified students who register for classes without prior approval from the Dean will be administratively dropped from classes.

Reinstatement

A disqualified student applying for reinstatement shall not be reinstated until a minimum of one semester has elapsed since disqualification. A student applying for reinstatement must submit a written request to the Counseling Center. The request shall explain what circumstances or conditions would justify reinstatement. A student who is reinstated shall receive individual counseling to assess his or her academic and career goals and may be required to participate in periodic monitoring of their academic progress and/or take an assigned student development course. Prior to registration, a reinstated student must have counselor approval of his or her educational program.

REPETITION OF COURSES

Substandard Grades

A student who receives a grade of D, F, or NP for a course may repeat the course one time and receive a new grade and credits. The previous grade and credits are disregarded in the computation of grade point average and credits and appropriate annotation is made on the student's permanent record in such a manner that both grades remain legible, insuring a true and complete academic history.

Where special circumstances exist, a student may be allowed to repeat a course a second time. Special circumstances include consideration of illness, accident, or other conditions which, being beyond the control of the student, resulted in his or her substandard work.

Applications to take a course a third time in which a grade of D, F, or NP has been received two times are available in the Admissions and Records Office. Students must apply well in advance of registration to allow the Academic Regulations Committee sufficient time to review the merits of the request.

Grades of "C" or Better

Students may take courses designated as repeatable in which they have been granted grades of C or better a maximum of four times. Students are not eligible to repeat any other course for which they have been granted a grade of C or better except where special circumstances exist which justify repeating the course. Special circumstances include:

1. The lapse of time - a significant number of years since the course was completed.
2. Changes in course content since the course was completed, or
3. Need to acquire knowledge or skills to be able to progress to higher level course work.

Grades earned in such cases are not included in the student's grade point average. The credit is not awarded. The courses, grades and units will be listed on the student's transcript.

Applications to repeat a course with a grade of "C" or better are available in the Admissions and Records Office. Students must apply well in advance of registration to allow time for the Petition Review Committee to review.

Each student is individually responsible for meeting all college requirements and deadlines, as presented in this and any other announcements of the college or department in which he/she is enrolled. Class schedule information is considered as supplementary to the college catalog and is also an official statement of policy.

The College intends that every member of the campus community be afforded a work and study environment free of discrimination based on race, sex, color, religion, age, national origin, disability, marital status, Vietnam era veteran status, sexual orientation, or ancestry. All persons are to be protected from abusive or harassing behavior.

ACADEMIC RENEWAL POLICY

1. A student may petition to have units and credits for all courses taken during one semester of college work eliminated from the computation of his/her cumulative grade point average.
2. Under extenuating circumstances a second semester consecutive with the first semester may be considered under the same regulations. Extenuating circumstances are beyond the control of the student and may include but are not limited to situations such as illness or injury to the student, or death or illness in the family. **The student must supply documented evidence of all extenuating circumstances.**
3. If the petition for academic renewal is granted, the permanent record of the student will be annotated so that it is evident to all users of the record that no units for work taken during the semester(s) covered by academic renewal, even if satisfactory, will apply toward graduation or other educational objectives. All courses, units, and grades shall remain legible on the permanent record to insure a true and complete academic record of the student's college courses.
4. A student may repeat work taken during academic renewal semester(s) only if such repetition is necessary to allow normal progression toward an acceptable educational objective.

5. A student must include all work, including academic renewal semester(s), in the computation of the cumulative GPA toward any honors program.
6. No part of the regulation and procedures shall conflict with:
 - a. Education Code, Section 76224, pertaining to the finality of grades assigned by instructors, and
 - b. Chapter 2.5 of Division of Title 5 (commencing with Section 59020) pertaining to the retention and destruction of records, and particularly Section 59023 (d), relating to the permanency of certain student records.
7. The Dean of Enrollment Services shall maintain records of all actions taken under this regulation and a yearly review of this regulation shall be made by the Educational Policies and Practices Committee.

REQUEST for ACADEMIC RENEWAL

1. A student seeking academic renewal is responsible for presenting evidence to show:
 - a. that the previously recorded courses were substandard academic performance and are not reflective of his/her current academic ability, and
 - b. that the student is enrolled in a defined educational program.

Evidence of academic ability since the semester in question shall include one of the following:

 - a. 15 semester units with a minimum of a 3.00 GPA
 - b. 30 semester units with a minimum of a 2.50 GPA
 - c. 45 semester units with a minimum of a 2.00 GPA
2. At least 12 months must elapse between the date of the request and the semester for which academic renewal is sought.
3. A student may request academic renewal only once.
4. The request for academic renewal shall be directed to the Office of Admissions and Records.

ATTENDANCE

FIRST CLASS MEETING

It is extremely important that students attend the first class meeting of any course for which they register because instructors may drop students who do not appear in order to make room for others who may desire to take the class. If a student is dropped as a “no-show” for nonattendance, it is the student’s responsibility to re-register into the class via the telephone registration system, WebAdvisor, or by contacting the Admissions and Records Office. Additionally, students will only be allowed to re-register if the class has space available and if they meet the registration deadlines as established in the Schedule of Classes.

PLEASE NOTE: Students are held accountable for every course in which they are registered and are responsible for their own class schedule and any changes made via the telephone registration system, WebAdvisor or notification to the Admissions and Record Office. If a student fails to drop or withdraw from a course by the established deadlines, the student may receive a grade of “F” for all courses.

CLASS ATTENDANCE

A student is expected to attend all class sessions. It is the student’s responsibility to contact instructors regarding any absence. The acceptance of an excuse for absence other than illness or official leave of absence is at the discretion of the individual instructor. When absences are excused due to personal illness or the serious illness or death of a member of the student’s family, or a field trip, or an authorized absence on behalf of the College, all work assignments to be made up must be described by the instructor to the student in advance of the absence when possible. It is the student’s responsibility to make up all class work missed to the standards for the course.

AUDITING CLASSES

The Desert Community College District does not allow auditing of classes at this time.

DISABLED STUDENTS PROGRAM

BACKGROUND

The Americans with Disabilities Act (ADA) is a civil rights statute that prohibits discrimination against people with disabilities. This protection is similar to that given to women, minorities, and others through the Civil Rights Act of 1964. Protected are an estimated 43 million Americans with disabilities that substantially limit activities such as working, walking, talking, seeing, hearing, or caring for oneself. People who have a record of such an impairment and those regarded as having an impairment are also protected. This federal legislation prohibits discrimination based on disability, with the intent that our nation benefit from the skills and abilities of all individuals and increase their opportunities for self-sufficiency.

STUDENT RIGHTS

Students have the following rights under Section 504 of the 1973 Rehabilitation Act, as revised (29 U.S.C. 794), The American Disabilities Act 28 CFR 35.102-35.104, CA Assembly Bill 803 Government Code Section 11135 et.seq., and Title V, section 56008 of CA Education Code.

- Right to voluntary participation in the Disabled Students Programs & Services (DSPS).
- Right to confidentiality and protected disclosure of student records.
- Right to access college classes, programs, activities, services and facilities to facilitate learning. The college will make every reasonable effort to provide access.
- Right to request an appropriate accommodation to facilitate participation in class and campus activities.
- Right to participate in campus activities, class demonstrations, or laboratory experiments to the extent that a disability does not pose a risk to the student or to other students.
- Right to protection against discrimination and harassment. Students have the right to participate in class and campus activities without being harassed or discriminated against. A right to request an appropriate accommodation to facilitate participation in class and campus activities.

If a student with a disability feels that he/she is the target of discriminatory treatment, the student can file a complaint with the 504 Coordinator.

STUDENT RESPONSIBILITIES

- To provide DSPS documentation of disability.
- To request accommodations and access to college classes, programs, activities, services, and facilities in a timely manner, as described in the DSPS Student Handbook.
- To use accommodations appropriately.
- To notify DSPS approximately 24 hours in advance for planned absences from classes where services are being provided, i.e. interpreters, readers. Failure to notify DSPS may result in discontinued services.
- To abide by the College Student Conduct Standards.

DETERMINING NEED

Students who need academic adjustments must meet with a Disabled Students Programs and Services counselor/specialist to complete an application form, determine educational limitations and services needed, and complete a student educational contract. The DSPS Student Handbook names the accommodations the college can arrange and specifies the process and timelines for requesting them.

CONTACT THE DSPS OFFICE

The faculty and staff of the Disabled Students Programs and Services Office are available for consultation on any questions you may have related to accommodation for a disability. The highest standard of confidentiality is maintained.

DISTRIBUTION OF NON-COLLEGE PUBLICATIONS

Students must receive permission from the Student Activities Office before posting or distributing any non-college materials. Such materials must have an official stamp of approval or will otherwise be promptly removed from circulation or bulletin boards.

DRUG-FREE WORKPLACE AND CAMPUS

The Desert Community College District intends to maintain a safe, healthful and productive work and learning environment for all employees and students. To accomplish this, the District will act to eliminate any drug abuse, which increases the potential for accidents, absenteeism, low academic and work performance, poor employee and student morale and damage to the District's reputation. The manufacture, distribution, dispensation, possession, or use of an illegal drug or the unlawful possession, use or distribution of alcohol is prohibited in all buildings, property, facilities, service areas, off-campus sites of the District, or in any location where any District activity is occurring.

The District shall discipline a student, up to and including expulsion, for the unlawful manufacture, distribution, dispensation, or possession of controlled substances on the District's property or as part of any of its activities.

Students who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Employee Assistance Program (eligible employees), Student Health Services and/or Counseling Services. While the District will be supportive of those who seek help voluntarily, the District will be equally firm in identifying and disciplining those employees/students who continue to be substance abusers and do not seek help or continue to abuse drugs or alcohol after treatment or counseling.

Materials and information on counseling, treatment and rehabilitation resources, health risks, Federal trafficking penalties, and uses and effects of controlled substances, are available in Counseling, the Student Health Center and the Library.

LEAVES OF ABSENCE

Students who have a need to withdraw for a short time, but who wish to retain their status in classes and resume work before the end of the current semester, should apply for a "Brief Leave of Absence," which expires on a definite date. If students must depart suddenly, as in a family emergency, they should write the Vice President, Student Services as soon as possible requesting a leave to be away from classes. Brief leaves also may be issued upon recommendation of the Student Health Service in case of illness. Requests for a Brief Leave of Absence must be filed with the Office of the Vice President, Student Services.

NON-DISCRIMINATION POLICY

The policy of the Desert Community College District is to provide an educational and employment environment in which no person shall be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, race, color, ancestry, sexual orientation, or physical or mental disability in any program or activity that is administered by, funded directly by, or that receives any financial assistance from the State Chancellor or Board of Governors of the California Community Colleges.

The policy of the Desert Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of contract.

The following is a summary of the Unlawful Discrimination Policy of the Desert Community College District. Full text copies are available in the Human Resources Office, the President's Office, the Student Services Office, Instruction Office, and the Administrative Services Office.

Informal/Formal Complaint Procedure

When a person brings charges of unlawful discrimination to the attention of the District's responsible officer, that officer will undertake efforts to informally resolve the charges. Efforts at informal resolution need not include any investigation unless the responsible District officer determines an investigation is warranted by the seriousness of the charges. The complainant will not be required to confront the person accused of unlawful discrimination. Any efforts at informal resolution will not exceed the 90-day period.

Filing of Formal Written Complaint

If a complainant decides to file a formal written unlawful discrimination complaint against the District, he or she must file the complaint on a form prescribed by the State Chancellor. These approved forms are available from the District and also at the State Chancellor's website, as follows: www.cccco.edu/divisions/legal/Discrimination/discrimination.htm.

The completed form must be filed with the District representative or mailed directly to the State Chancellor's Office of the California Community Colleges. A copy of all complaints filed with the District will be forwarded to the State Chancellor's Office immediately upon receipt. Similarly, when the State Chancellor's Office receives a complaint a copy will be forwarded to the District.

Confidentiality of the Process

Investigative processes can best be conducted within a confidential climate, and the District does not reveal information about such matters except as necessary to fulfill its legal obligations. However, potential complainants are sometimes reluctant to pursue a complaint if their names will be revealed. The inability to reveal the name of a complainant or facts that are likely to reveal the identity of the complainant can severely limit the ability of the District to respond. If a complainant insists that his or her name not be revealed, the responsible officer should take all reasonable steps to investigate and respond to the complaint consistent with the complainant's request as long as it does not jeopardize the rights of other students or employees. It is important that complainants and witnesses understand the possibility that they may be charged with allegations of defamation if they circulate the charges outside of the District's process.

Retaliation

It is unlawful for anyone to retaliate against someone who files an unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Administrative Determination and Appeals Rights

Within 90 days of receiving an unlawful discrimination complaint, the responsible District officer will complete the investigation and forward a copy of the investigative report to the State Chancellor and a copy or summary of the report to the complainant. A written notice shall be provided to both the complainant and the State Chancellor describing the complainant's appeal rights. Complainants have appeal rights that they may exercise if they are not satisfied with the results of the District's administrative determination. Within 150 days of receiving a complaint, the final District determination will be forwarded to the State Chancellor.

RESPONSIBLE DISTRICT OFFICER

The Desert Community College District has identified the Vice President, Human Resources and Employee Relations to the State Chancellor's Office and to the public as the single District officer responsible for receiving all unlawful discrimination complaints. Administrators, faculty members, other District employees, and students shall direct all complaints of unlawful discrimination to the Vice President, Human Resources and Employee Relations. The Office of Human Resources is located in the south modular building adjacent to the Bookstore. The phone number is (760) 773-2529.

POLÍTICA SOBRE LA DISCRIMINACIÓN ILEGAL

Según la política y el plan de acción del Desert Community College District, nuestra institución provee un ambiente instructivo y profesional en el cual será ilegal negar a cualquier persona el completo e igual acceso a los beneficios de sus programas, ser sometida ilegalmente a la discriminación étnica, de origen nacional, de religión, edad, sexo, raza, color de piel, de linaje, de orientación sexual, o de incapacidad física o mental, y ser negada cualquier acceso a cualquier programa o actividad administrativa, directamente financiados, o recipiente de asistencia monetaria del State Chancellor o Board of Governors del California Community College.

La póliza de Desert Community College District es tal para proveer un ambiente educativo y profesional exento de requerimientos, o aprovechamientos sexuales, o cualquier otra conducta o comunicación, sea verbal como física, que constituya un acoso sexual.

Empleados, estudiantes, y otras personas representantes del Distrito que se metan en la discriminación ilegal como la define esta política o la ley estatal o federal podrán ser expuestos a medidas disciplinarias, inclusive, la expulsión, o la terminación del contrato.

A continuación hay un resumen de la Política sobre la Discriminación Ilegal del Desert Community College District. Copias del texto completo se pueden obtener en la oficina de "Human Resources", la oficina del Presidente, la oficina de los Servicios Estudiantiles, la oficina de Instrucción, y la oficina de Servicios Administrativos.

PROCEDIMIENTO FORMAL / INFORMAL DE LAS DENUNCIAS

Al recibir denuncias de discriminación ilegal el responsable funcionario del distrito tratará de resolver los supuestos alegatos informalmente. Las tentativas hacia una resolución informal no requerirán ninguna investigación menos que el oficial del distrito concluya que una investigación sea justificada por la gravedad de los supuestos alegatos. El demandante no será obligado a enfrentarse con la persona acusada de discriminación ilegal. Cualquier tentativa de resolución informal no deberá de exceder el período de 90 días.

COMO SENTAR UNA DENUNCIA FORMAL ESCRITA

Si el demandante decide sentar una denuncia formal escrita de discriminación ilegal contra el Distrito, el/la demandante deberá de sentarla con un formulario prescrito por State Chancellor. Estos prescritos formularios se podrán conseguir en la oficina del Distrito y también por medio del siguiente "website" del State Chancellor: www.cccco.edu/divisions/legal/Discrimination/discrimination.htm.

Una vez que esté completo el formulario, se deberá sentar con el representante del Distrito o enviarlo por correo a la oficina del State Chancellor de California Community College. Una copia de todas las reclamaciones sentadas con el Distrito será inmediatamente transmitida a la oficina del State Chancellor.

PROCEDIMIENTO HECHO EN CONFIANZA

La mejor manera de llevar a cabo el procedimiento de indagación es hacerlo en un clima confidencial, y el Distrito no revelará ninguna información sobre estos asuntos excepto cuando sea necesario para cumplir con las obligaciones legales. Sin embargo, algunos posibles demandantes a veces son mal dispuestos a perseguir una denuncia por temor de revelar sus nombres. La incapacidad de revelar el nombre del demandante o los hechos que probablemente revelarían la identidad del demandante podrían seriamente limitar la habilidad del Distrito en responder. Si el demandante insiste en no revelar su nombre, el funcionario tomará todas las medidas posibles para indagar y responder a la reclamación de acuerdo con la petición del demandante puesto que lo dicho no comprometa los derechos de otros estudiantes o empleados. Es preciso que los demandantes y los testigos sepan que hay siempre la posibilidad de que ellos pudrían ser acusados con supuestos alegatos de difamación si ellos circularan las acusaciones fuera del procedimiento del Distrito.

REPRESALIA

La ley prohíbe desquitarse con quien haya sentado una denuncia de discriminación ilegal, con quien haya atribuido un asunto a una indagación o demanda, con quien participe en una indagación o acusación, con quien represente o sirva de defensor para una supuesta víctima o supuesto ofensor, o con quien por otra parte fomente los principios de esta política de discriminación ilegal.

DETERMINACIÓN ADMINISTRATIVA Y DERECHO DE APELACIÓN

Dentro de 90 días de haber recibido una denuncia de discriminación ilegal, el funcionario responsable del Distrito llevará a cabo una indagación y transmitirá una copia del informe investigativo al la oficina del State Chancellor, una copia o un resumen del informe al demandante, un aviso escrito declarando lo siguiente a ambos demandante y el State Chancellor. Los demandantes tendrán derechos de apelación que podrían ejercer si no estuvieran satisfechos con los resultados de la determinación administrativa del Distrito. Dentro de 150 días de haber recibido la denuncia, la determinación final del Distrito será transmitida al la oficina del State Chancellor.

EL FUNCIONARIO DEL DISTRITO RESPONSABLE

Desert Community College District ha identificado y nombrado, para el State Chancellor y para el público, al doctor Bugay, Vicepresidente, Recursos Humanos y Relaciones de Empleados, como el único oficial responsable de recibir reclamaciones y denuncias de discriminación ilegal. Administradores, miembros del profesorado, otros empleados del distrito, y estudiantes, deberán dirigir todas formas de reclamaciones de discriminación ilegal al doctor Bugay. Su despacho se ubica en el edificio sureña contigua a la librería. El número de teléfono es el siguiente: (760) 773-2529.

NON-SMOKING POLICY

No smoking is allowed within 20 feet of any building entrance according to the laws of the State of California.

PETS AND ANIMALS ON CAMPUS

State and local laws prohibit animals on campus at any time. The Humane Society removes animals at owner's expense. Students who violate this law are subject to disciplinary action.

RANGE OF STUDENT DISCIPLINARY SANCTIONS

Consequences of violating the student Code of Conduct may include one or more of the following actions.

1. **Verbal Reprimand/Warning** - An oral admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A record of the fact that a verbal reprimand has been issued may be retained as part of a student's record for a period up to one year and is considered in the event of future violations of the standards of student conduct during the period of retention.
2. **Written Reprimand/Warning** - Written admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. This formal reprimand may become part of a student's permanent record and is considered in the event of future violations of the standards of student conduct.
3. **Restitution** - Reimbursement for damage to or misappropriation of property. This may take the form of requiring appropriate service or other compensation.
4. **Disciplinary Probation** - Disciplinary action is monitored for a period less than a semester with student assigned duties supervised by a faculty or administrative mentor to correct conduct violation. Successful completion of the assigned duties within the defined time limits warrants removal of discipline status. Assigned duties that are incomplete/unsatisfactory within the defined time warrant advanced disciplinary sanctions.
5. **Removal from Class** - The exclusion of a student by the instructor from class for the day of the removal and the next class meeting for a maximum period of two consecutive class sessions (Education Code Section 76032).
6. **Short-term Suspension** - Exclusion of the student by a College President for good cause from one or more classes for a period up to ten consecutive days of instruction.
7. **Long-term Suspension** - Exclusion of the student by a College President for good cause from one or more classes for the remainder of the college term, or from all classes and activities of the college for one or more terms.
8. **Immediate Interim Suspension** - The College President may order immediate suspension of a student where the President concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. In cases where an interim suspension has been ordered, the right to an opportunity for a hearing will be afforded to the student within ten (10) days (Education Code Section 66017).
9. **Removal from Facility** - The involuntary removal of a student by an administrator from a District or College facility, or facility under the control of the District or College, for a maximum period of two consecutive days/class session(s).
10. **Withdrawal of Consent to Remain on Campus** - Withdrawal of consent by the President or President's designee for a student or other person to remain on a College campus where the College President has reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus. Violation of this withdrawal during the designated time is a misdemeanor subject to arrest (California Penal Code, Section 626.4).
11. **Expulsion** - Termination of a student's right and privileges, noted in student's file. The involuntary removal of a student from the District and all District programs for one or more terms, or permanently, by action of the Board of Trustees (Education Code Section 72122).

SEXUAL ASSAULT

The Desert Community College District, to the fullest extent possible, ensures that students, faculty and staff who are victims of sexual assault committed on or upon the grounds or facilities maintained by the District, shall receive treatment and information to deal with the assault. If on-campus treatment facilities are unavailable, the written procedures may provide for referrals to local treatment centers. Sexual assault includes, but is not limited to rape, sodomy, oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

The District recognizes that one of the most important ways to assist students, faculty and staff who are victims of sexual assault is to help them regain a sense of control over their lives. It is not the function of any district service provider to urge a particular course of action upon the victim of a sexual assault, nor to make any factual determinations as to the events which occurred. Instead, the duties of the service provider are to make the victim aware of the options and alternatives available, to aid the victim in making an informed decision as to a course of action, and to enable the victim to follow through in that decision. The provider will not take any action based upon a subjective evaluation as to the merit of any charges made, nor will the provider attempt to convince the victim that any course of action is preferable to another.

Applicable state and federal provisions will be applied in maintaining confidentiality in the handling of all sexual assault cases. Individual rights to privacy in these matters will dictate District policy practice and procedure.

The District Sexual Assault Liaison (SAL) is designated as a central referral source for information relating to the rights, options, and services available to a sexual assault victim. The sexual liaison has been designated as the Vice President, Human Resources and Employee Relations.

STUDENT CONDUCT STANDARDS

When a student enters College of the Desert, it is taken for granted by the College authorities that an earnest purpose exists and that the student's conduct will demonstrate that assumption. If, however, the student's conduct is not appropriate, and the student should be guilty of one or more of the violations listed in the Student Conduct Standards and Procedures policy, then appropriate disciplinary action will be taken as listed in the policy.

The following conduct shall constitute good cause for discipline, including but not limited to the removal, suspension or expulsion of a student.

1. Causing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a district employee, which is concurred on by the college president.
3. Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.
4. Committing or attempting to commit robbery or extortion.
5. Causing or attempting to cause damage to district property or to non-district property on campus, or at college sponsored or supervised functions.
6. Stealing or attempting to steal district property or private property on campus, or knowingly receiving stolen district property or private property on campus.
7. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the College or the District.
8. Committing sexual harassment as defined by law or by District policies and procedures.
9. Engaging in harassing or discriminatory behavior based on race, sex, religion, age, national origin, disability, sexual orientation, or any other status protected by law.
10. Willful misconduct which results in injury or death to a student or to college personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the District or on campus.
11. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of college personnel.
12. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty.
13. Dishonesty; forgery; alteration or misuse of college documents, records or identification; or knowingly furnishing false information to the District.
14. Unauthorized entry upon or use of College facilities.
15. Lewd, indecent or obscene conduct or expression on college-owned or controlled property, or at college sponsored or supervised functions.
16. Engaging in expression which is obscene, libelous or slanderous, or which so incites students as to create

a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful college regulations, or the substantial disruption of the orderly operation of the College.

17. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.
18. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any district policy or administrative procedures.

Students are guaranteed the rights of due process when charged with a violation of conduct standards. Copies of the Student Conduct Due Process Procedures are available in the office of the Vice President, Student Services, Counseling Center, ASCOD Office, and online.

STUDENT RECORDS AND PRIVACY ACT

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

All student records of College of the Desert are maintained in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974. The two basic elements of the act are the student's right to review and challenge his/her record and the conditions under which information in the record can be released to outside parties. Further information about the federal regulation may be found at <http://ed.gov/policy/gen/guid/fpco/ferpa/index.html>.

ANNUAL NOTIFICATION

Students will be notified of their Family Educational Rights and Privacy Act (FERPA) rights annually by publication in the schedule of classes and the college catalog.

AMENDMENT OF STUDENT RECORDS

Students may file a written request with the President to correct or remove information recorded in their student records which they allege to be: (1) inaccurate; (2) an unsubstantiated personal conclusion or inference; (3) a conclusion or inference outside of the observer's area of competence; or (4) not based on the personal observation

of a named person with the time and place of the observation noted.

Within 30 calendar days of receipt of such request, the President, or his designee, shall meet with the student and the employee who recorded the information in question, if such employee is presently employed by the District. The President, or his designee, shall then sustain or deny the allegations.

If any or all allegations are sustained, the President, or his designee, shall order the correction or removal and destruction of the information. If any or all of the allegations are denied, the student may appeal the decision in writing to the Board of Trustees within 30 calendar days of the denial.

Within 30 days of the receipt of an appeal, the Board of Trustees shall, in closed session with the student and employee who recorded the information in question, if presently employed by the District, determine whether to sustain or deny the allegation(s). If the Board sustains any or all of the allegations, it shall order the immediate correction or removal and destruction of the information. The decision of the Board shall be final.

Records of these administrative proceedings shall be maintained in a confidential manner and shall be destroyed one year after the decision of the Board, unless the student initiates legal proceedings relative to the disputed information within the prescribed period.

If the decision of the Board is unfavorable to the student, or the student accepts an unfavorable decision by the President, he/she shall have the right to submit a written statement of objections which shall become part of the student's records until such time as the information to which the objection is made is corrected or removed.

DISCLOSURE OF EDUCATION RECORDS

The District may permit access to student records to any person for whom the student has executed written consent specifying the records to be released and identifying the party or class of parties to whom the records may be released.

The District may not permit access to student records to any person without the written consent of the student or under judicial order except:

1. To officials and employees of the District who have a legitimate educational interest to inspect a record. A school official is:
 - A person employed by the District in an administrative, supervisory, academic, research, support staff, or security position.

- A person elected to the Board of Trustees.
 - A student government officer conducting student elections.
 - A person employed by or under contract to the District to perform a special task, such as the attorney or auditor. *School officials have a legitimate educational interest if they are:*
 - Performing a task that is specified in their position description or by a contract agreement.
 - Performing a task related to a student's education.
 - Performing a task related to the discipline of a student.
 - Providing a service or benefit relating to the student such as health care, counseling, job placement or financial aid.
2. To officials of another school or school system, upon request, in which a student seeks, intends, or is directed to enroll, including local, county or state correctional facilities where educational programs are provided.
 3. To certain officials of the U. S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
 4. In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.
 5. To other state and local officials or authorities to the extent that information is specifically required to be reported pursuant to state law adopted prior to November 19, 1974.
 6. To organizations conducting certain studies for or on behalf of the College.
 7. To organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, student aid programs, and improving instruction.
 8. To accrediting organizations in order to carry out their accrediting functions.
 9. To comply with a judicial order or a lawfully issued subpoena.
 10. To appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons.
 11. To an alleged victim of any crime of violence, or the results of an institutional disciplinary proceeding against the alleged perpetrator of that crime with respect to that crime.

INSPECTION AND REVIEW OF EDUCATIONAL RECORDS

All currently enrolled or former students have a right to inspect and review all student records relating to them. Student record is defined according to the Family Educational Rights and Privacy Act (FERPA). To access their transcripts, students must file a letter of request with the Admissions and Records Office. To obtain access to other documents, students must submit a letter of request to the office of the Vice President, Student Services.

Access shall be granted no later than 15 school days following the date the written request is received. Within the same 15 school days, the student will be notified of the location of all official student records if not centrally located and qualified personnel will be made available to interpret records where appropriate.

RELEASE OF STUDENT INFORMATION

The Desert Community College District (DCCD) does not release student record information without the written consent of the student, except as outlined on page 50 under *Disclosure of Education Records*. Although the DCCD adheres to this policy, the law allows the College to release student directory information, except when students have specifically requested that directory information be kept confidential. Directory information may be released by exception upon determination of the President, the Vice President of Student Services, or the Dean of Enrollment Services, that such release is appropriate and not likely to put students at risk.

DCCD designates the following as directory information: name, address, phone number, dates of attendance, major field of study, awards and degrees received, most recent institution attended, participation in official college activities and sports, weight and height of members of athletic teams, part-time or full-time enrollment status, and photographs.

In completing the admission application, students are provided the opportunity to request that their directory information be maintained as confidential. Students who wish to change their request, may do so in writing to the Admissions and Records Office at any time.

STUDENT GRIEVANCE POLICY AND PROCEDURES

Purpose

The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. These procedures shall be available to any student who reasonably believes a college decision or action has adversely affected their status or their rights as a student as outlined in the college catalog.

There are two parts to this process. The informal process attempts to seek positive resolution for all parties involved. Only those directly involved plus any appropriate administrator will be present. The formal process may include appropriate representation for all parties involved.

Each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person with whom the student has the grievance, that person's immediate supervisor, and/or the Vice President of Student Services or his/her designee.

Time Limits

The president or designee may shorten or lengthen the times specified in these procedures. The intent, however, is to ensure that each and every step will take place as expeditiously as possible.

Informal Procedure

- A. The student shall first discuss the matter with the faculty/staff member in question. If however, the student cannot discuss the matter with the faculty/staff member or if the student is not satisfied with the discussion, he/she may proceed with the informal grievance process. A student must begin the grievance procedure within five (5) days from the date of the alleged grievance. The informal procedure must precede the formal procedure. The student may choose to terminate the grievance at any time during the informal procedure. A grievance filed within thirty (30) days of the end of the semester will be deferred until the following semester.
- B. The informal procedure shall be completed within ten (10) days of reporting of the original complaint. It is the student's responsibility to describe to the parties

involved the nature of the grievance so that involved parties understand that the grievance procedure has been initiated.

- C. An informal meeting will be held by the student and appropriate college staff. The purpose of the meeting is to identify the perceived violation of the student's rights and to develop a resolution that is of mutual satisfaction to all parties involved. The student shall then discuss and attempt to resolve the matter with the faculty, the person's immediate supervisor or the administrator. If the student is satisfied with the outcome of the informal meeting, the process could end.

Formal Procedure:

Filing Statement of Student Grievance

- A. If the student is not satisfied with the outcome of the informal procedure, a formal written grievance may be filed within ten (10) days of the decision of the informal procedure. The student will bring the matter to the attention of the Vice-President of Student Services, or a designee, by filing a Student Statement of Grievance Form within ten (10) days of the final meeting of the informal procedure. (Grievance Forms are available at the offices of the Vice-President of Student Services, Division Deans, and Counselors.) The student may choose to terminate the grievance at any time during the formal procedure.
- B. If the faculty member is not satisfied with the outcome of the informal procedure, he/she may follow process in Collective Bargaining CTA agreement and CODAA agreements.
- C. A summary of the outcomes of the informal process will be prepared by the faculty or the immediate supervisor and forwarded to the Vice-President of Student Services.
- D. The Vice President of Student Services or designee shall investigate the nature of the grievance including meeting with the parties involved and possible witnesses for each, clarification of the perceived violation of rights and investigation of college policies that may or may not have been followed.
- E. The Vice President of Student Services, or designee, after conferring with student may determine that the grievance can be resolved by an informal procedure within ten (10) days. If the student isn't satisfied with the outcome of informal procedure, student may still request a formal hearing.

- F.** The determination of whether the Statement of Grievance presents sufficient grounds for a hearing shall be based on the following:
- The statement contains facts which would constitute a grievance under these procedures;
 - The grievant is a student as defined in these procedures;
 - The grievant is personally and directly affected by the alleged grievance;
 - The grievance was filed in a timely manner;
 - The grievance is not frivolous, without foundation, or filed for purposes of harassment.
- G.** The Vice President of Student Services will, at that point, distribute the appropriate documents to appropriate parties regarding request for formal hearing.
- H.** A formal hearing will consist of the student, and if appropriate, his/her on-campus advocate, the party or parties being grieved and his/her on-campus advocate, the Vice President of Student Services or designee, supervisor of the accused and four (4) neutral faculty members, two (2) selected by the student, and two (2) selected by the accused.
- If the results of the formal hearing are not satisfactory to the student, within ten (10) days of receiving that decision, the student desiring further appeal shall go to the College President, who shall then render a decision within ten (10) days.
- I.** At the completion of the investigation the Vice-President of Student Services shall meet with the parties involved in an attempt to resolve the matter. A copy of the entire investigation file and formal resolutions will be given to the parties involved (faculty and student) upon request.
- J.** Either of the involved parties may appeal the formal resolution to the College President if agreement cannot be reached. Each party has ten (10) days to file this appeal.
- K.** Further action may be taken to the Board of Trustees within thirty (30) days of the President's decision, if either party is not satisfied. The board's decision will be final.

Request for Student Grievance Hearing

Any request for a Student Grievance Hearing shall be filed on a Request for a Student Grievance Hearing within twenty (20) days after filing the Student Statement of Grievance form as described above.

For specific details and further information of the Hearing process and procedures, please contact the Office of the Vice President, Student Services.

STUDENT RIGHT-TO-KNOW DISCLOSURE

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Desert Community College District to make available its completion and transfer rates to all current and prospective students.

Beginning in Fall 2004, all certificate-, degree-, and transfer-seeking first-time, fulltime students were tracked over a three-year period, and the completion and transfer rates of this group are listed below. This is a very narrowly defined group and does not reflect all transfer students. These rates do not represent the success rates of the entire student population at College of the Desert, nor do they account for all student outcomes occurring during and after this three-year tracking period.

Based upon the group defined above, 31.3% attained a certificate, degree, or became "transfer-prepared" during a three-year period (Fall 2004 to Spring 2007). Students who are "transfer-prepared" have completed 56 transferable units with a GPA of 2.0 or better.

Based upon the group defined above, 13.6% transferred to another postsecondary institution (CSU, UC, private college, or another California Community College) prior to attaining a degree, certificate, or becoming "transfer-prepared" during a five semester period (Spring 2005 to Spring 2007).

These percentages compare favorably with percentages of community colleges similar in size to College of the Desert. More information about Student-Right-to-Know rates and how they should be interpreted can be found at the California Community Colleges "Student Right-to-Know" Website located at: <http://www/cccco.edu/divisions/tris/mis/srtk.htm>.

OCCUPATIONAL/VOCATIONAL EDUCATION

For those students desiring to complete an occupational curriculum within two years, the College offers technical training and education in fields justified by student enrollment. Individual courses are offered in some areas where a full curriculum cannot be justified. In both instances the College's aim is vocational competence for students and an appreciation of citizenship responsibilities.

Students may work toward: (a) earning a certificate (certificate programs are approximately one year in length, with students specializing in a particular area of study); or (b) an Associate degree. Refresher courses are also offered, as well as courses in which new and/or upgraded skills are required to take advantage of employment opportunities.

Individuals may attend classes as either part-time or full-time students. A large segment of the College student body is employed full-time, but attends classes of interest during evening hours. The College closely articulates with other colleges and industry. Many of the courses completed will transfer to four-year institutions. Occupational advisory committees assist the College in determining the types of skills, courses, and programs students should complete to meet labor market needs as well as the needs of industry.

VOCATIONAL CERTIFICATE of ACHIEVEMENT

A Vocational Certificate of Achievement may be awarded to a student who has completed a required sequence of courses in an occupational field. The Certificate is not automatically awarded when a student completes the requirements. Students must file a "Request for Evaluation" in the Admissions and Records Office at least one semester prior to completing certificate requirements. All transcripts from other colleges must be on file before an evaluation request can be filed.

Students must file an "Intent to Earn Certificate" in the Admissions and Records Office during the semester in which they are completing the requirements. The certificate requires fewer than 60 units of college work. At least six (6) units in the certificate field shall be

completed in residence at College of the Desert. A minimum of a "C" average shall be maintained in all courses required for the certificate. All courses shall be approved by the department advisor.

In the case of an additional certificate(s) in a related field, the student will be required to take a minimum of six (6) units of additional course work determined by the department advisor. See Degree and Certificate Programs section in this catalog for specific certificate requirements.

TWO TYPES OF ASSOCIATE DEGREES

THE ASSOCIATE DEGREE WITH EMPHASIS ON OCCUPATIONAL/VOCATIONAL PREPARATION

Students planning to earn an Associate Degree with emphasis on occupational/vocational preparation, and who have no plans to pursue a bachelor's degree, must follow the District's General Education requirements.

Students must complete the course requirements as specified in the program of study for the declared major, in addition to the general education courses.

The Occupational/Vocational Degree is *not* designed to prepare students for university transfer and is identified in this catalog as: **ASSOCIATE DEGREE for employment preparation**

THE ASSOCIATE DEGREE WITH EMPHASIS ON TRANSFER PREPARATION FOR A 4-YEAR COLLEGE OR UNIVERSITY

Students planning to earn an Associate Degree while preparing to transfer must complete the appropriate transfer general education pattern as well as the course requirements specified in the program of study for the declared major. A minimum of 60 transferable units are required for upper division transfer.

Option 1: Students preparing to transfer to the California State University (CSU) may follow the General Education requirements outlined in the CSU Certification pattern. This pattern is identified as Option 1 in the list of requirements for Transfer Degree programs.

Option 2: Student preparing to transfer to the University of California (UC) system or the CSU may follow the Intersegmental General Education Transfer Curriculum (IGETC). This pattern is identified as Option 2 in the list of requirements for Transfer Degree programs. See your counselor or faculty advisor for exceptions.

The transfer preparation degree is identified in this catalog as: **ASSOCIATE DEGREE and transfer preparation**

EVALUATION REQUIREMENT FOR ASSOCIATE DEGREE

The Associate in Arts Degree and Associate in Science Degree are not automatically awarded when a student completes the requirements. Students must file a "Request for Evaluation" in the Admissions and Records Office one semester prior to their intended graduation. All transcripts from other colleges must be on file before an evaluation request can be filed. At least 30 total units must have been completed, including 12 at COD, before an evaluation can be initiated.

All Associate Degrees require a minimum of 60 units of college credit and a cumulative grade point average of not less than 2.0 ("C" average) for coursework taken at College of the Desert. In addition, a student must have a minimum overall grade point average of not less than 2.0 ("C" average) including units from COD and courses attempted at all accredited colleges attended. At least 12 units must be earned at College of the Desert. All students are strongly advised to consult with a faculty advisor or counselor early in their first semester of enrollment at College of the Desert.

GRADUATION REQUIREMENTS

Students are responsible for meeting in full the requirements for graduation as set forth in the college catalog. For the purpose of meeting graduation requirements, students may choose to meet the requirements for degrees or certificates in the catalog in effect at the time of entrance, during the span of attendance, or at the time of graduation, provided they do not interrupt their enrollment for two or more consecutive semesters, not including summer.

Whenever enrollment is interrupted for two or more consecutive semesters, not including Summer, students must choose the requirements in the catalog in effect at the time of re-enrollment, continued attendance following re-enrollment, or graduation.

College authorities may approve or require substitutions for discontinued courses or for courses not offered. College of the Desert requires that students declaring or changing a major program of study must complete the major requirements in effect at the time of the declaration of change. For programs of study requiring special selection procedures, students are required to complete major requirements in effect at the time of entrance to the program.

If students maintain continuous attendance, attendance of at least two transcript recorded semester units during each calendar year, changing a major program of study does not change catalog rights for General Education or other graduation requirements beyond the major. Absence due to an approved educational leave or for attendance at another accredited college is not considered an interruption in attendance, if the absence does not exceed two years.

GRADUATION

Once it has been determined that a student is eligible for graduation, an "Intent to Graduate" form must be completed and submitted to the Admissions and Records Office. The deadline to submit this form is found in the Class Schedule. This requirement applies to all Associate Degrees.

Formal graduation activities are held at the end of the spring semester. Students who complete degree requirements during the spring, preceding fall, or subsequent summer term, are invited to participate in the ceremonies.

DIPLOMAS

Diplomas are mailed to graduates approximately six weeks after the end of the semester in which students have satisfied all degree requirements and grades have been verified. At the graduation ceremony, students are presented with a diploma cover. There is a fee of \$25.00 for a duplicate diploma.

EARNING AN ADDITIONAL ASSOCIATE DEGREE

An additional Associate Degree may be earned if the student completes a minimum of 12 units in residence at College of the Desert beyond the prior degree, makes a complete change in major, and fulfills all requirements for the new major field including any additional General Education requirements that are appropriate.

56 Occupational/Vocational Degrees: General Education Requirements

GENERAL EDUCATION REQUIREMENTS FOR OCCUPATIONAL/VOCATIONAL DEGREES

Students may graduate from College of the Desert with an Associate of Arts or Science degree upon meeting the following District requirements:

- A.** Completion of 60 college level units of lower division semester units with a cumulative grade point average (GPA) of at least 2.0 for all grades earned in lower division courses at all colleges and universities attended. Also, a cumulative GPA of at least 2.0 must have been earned at COD as well as in the selected major. At least 12 units must be earned at COD.
- B.** Major requirements (Minimum of 18 units): Complete one of the degree programs listed in the Degree and Certificate Programs section of this catalog.
- C.** Completion of the following general education requirements (18 units minimum):

Note: A single course, even though listed in more than one area, can only be used to satisfy one requirement.

D. Physical Education Activity Requirement:

In addition to **A, B & C**, two units are required from physical education (PE), health education (HE), recreation (RE) or varsity sports (VSM,VSW).

Note: If HE 1 is used to fulfill section C-2, it may not be used to fulfill this requirement.

E. Reading, Writing and Mathematics competency requirements must be met, as follows:

Reading Competency: All students earning an Associate in Arts Degree or an Associate in Science Degree must demonstrate a reading proficiency at the collegiate level by passing RDG 51, Analytical Reading, with a grade of "C" or better, or the equivalent.

Writing Competency: All students earning an Associate in Arts Degree or an Associate in Science Degree must demonstrate a writing proficiency at the collegiate level by passing with a grade of "C" or better one of the following courses: ENG 1A, ENG 41, or the equivalent.

Mathematics Competency: All students earning an Associate in Arts Degree (non-transfer/occupational emphasis) or an Associate in Science Degree (non-transfer/occupational emphasis) must demonstrate a mathematics proficiency by passing with a grade of "C" or better, MATH 40, or any college mathematics course determined by the Desert Community College District to be equivalent to, or higher than, MATH 40.

PREPARATION FOR TRANSFER

As an integral unit of the California tripartite system of public higher education, the College provides programs of study providing students the opportunity to prepare for transfer to four-year colleges and universities. The College aspires to do this in such a manner that students may transfer without loss of time or credit.

Most professions and careers requiring study beyond that available at College of the Desert are such that the first 60 college level units may be completed before transferring from College of the Desert to another institution of higher education. To assure transfer students of obtaining the maximum benefit from their College of the Desert experience prior to transferring, it is important for students to engage in careful, long range planning. In general, students planning to transfer should follow the procedure outlined below:

1. Tentative Choice: Because course requirements vary among colleges and universities, it is advantageous to research and select the school(s) to which you plan to transfer as early as practicable in your college career. The COD Transfer Center offers a research library to help you prepare to transfer, including catalogs from California public and private institutions, as well as from many out-of-state colleges. Transfer admission information, applications, and other reference materials are also available. The Transfer Center is located in the Administration Building, Room 12.

2. Catalog: Examine catalogs of prospective colleges and universities. Study carefully those sections that cover requirements for (a) transfer admission, (b) the major, and (c) graduation. Finding all requirements often warrants a review of the entire catalog, as requirements may be listed in different sections of the catalog. Many of these requirements must be taken during the freshman and sophomore years. Failure to do so can unduly extend the time required for transfer admission and graduation.

3. Financial Aid: Apply for financial aid as directed in the current COD class schedule. Application forms and other financial aid information are also available in the Financial Aid Office, located in the Bookstore Building.

4. General Education Requirements: Students may complete their lower division general education or breadth requirements while at College of the Desert. COD has articulation agreements with the California

State Universities (CSU) and the University of California (UC) system that allow students to be certified for these requirements. To select the pattern that is most appropriate for you, consult your faculty advisor or counselor.

5. Application Filing Period: Check carefully the dates of the application filing period. This is the time between the first date applications will be received and the deadline. Many colleges have initial filing periods ten months before admission. In all cases, submission of applications early within the filing period is recommended.

6. Letters of Recommendation and Rating Forms: Some independent colleges require letters of recommendation or rating forms. Students should get to know their instructors well enough so that the instructors can comment accurately on the students' characteristics.

7. Grade Point Requirements: Grade point average requirements for admission and selection to the major vary. Study catalogs carefully for *all* requirements.

8. Admission Requirements of the Public California Institutions: The filing period for CSU are the months of October and November. The filing period for UC is the month of November. These are the initial filing periods for admission. Both UC and CSU require completion of 60 transferable units to enter as a junior. The University of California requires a minimum of a 2.4 grade point average (2.8 or higher for nonresidents).

The CSUs will allow community college students to transfer with 60 transferable units with a minimum of a 2.0 transfer grade point average. Within the 60 units, a minimum of 30 semester units that meet general education requirements must be completed with a grade of C or better in each course. The 30 semester units must include at least 9 units (3 courses) in English language, and at least 3 units in mathematics/quantitative reasoning. These requirements became effective Fall 2000.

NOTE: Meeting minimum requirements is *not* enough to gain admission to many UC and CSU campuses and programs. For clarification of transfer admission requirements, consult the *transfer* college catalog and supplemental reference materials available in the COD Transfer Center.

9. Admission to Independent California or Out-of-State Colleges: Students who follow transfer courses of study find they are given credit for most, if not all, courses when they transfer to independent or out-of-state colleges and universities. Some colleges require a certain number

60 Associate Degree Requirements for Transfer Preparation

of completed units before considering students as eligible for transfer, while others accept students at any time. Admission requirements are outlined in the respective college catalogs. Catalogs are available for use in the College of the Desert Transfer Center. Independent colleges encourage students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

10. Transferable Courses: Course descriptions in this catalog carry a designation code of their acceptance for transfer at the California State University (CSU) and at the University of California (UC). This acceptance can change annually. Consult the Transfer Center for more detailed information.

TRANSFERABLE COURSES

Courses transferable to the California State University are indicated by “CSU” and those transferable to the University of California are indicated by “UC” under the course description in the “Courses of Instruction” section of this catalog. The CSU or UC designates courses accepted for elective credit. Such courses count for the 60 units required for advanced standing transfer to CSU or UC. Students interested in transferring to the University of California should refer to the University of California Transfer Course Agreement, available in the Transfer Center, to make sure they have enough units, since we offer several UC transferable courses for which credit is decreased by one or more units by UC; such courses are marked in this catalog with an asterisk, as **Associate Degree Applicable: CSU, UC***, for example.

CHANGES IN TRANSFERABLE CREDIT

As new courses are added or changes are made in current courses, transfer credit may not be applicable until CSU and UC have adopted these changes.

TRANSFER ADMISSIONS AGREEMENTS (TAAs)

College of the Desert has entered into Transfer Admissions Agreements (TAAs) with CSU San Bernardino and Transfer Admissions Guarantee (TAG) with UC Riverside. These agreements guarantee university transfer admission to students who meet specified lower division requirements for course completion and grade point average. Students should request an agreement prior to completing thirty (30) semester units in order to ensure appropriate course planning and selection. Students interested in transferring to one of these campuses may schedule an appointment with a COD counselor to learn more about TAA options and opportunities and complete a Student Education Plan for transfer.

LOWER-DIVISION TRANSFER PATTERNS (LDTP)

The Lower-Division Transfer Patterns (LDTP) project, sponsored by the California State University (CSU) and supported by the California Community Colleges, presents potential transfer students with a set of “road maps” to follow that will ensure appropriate academic preparation for studies at CSU and that will decrease time to graduation once these students enter the CSU. The LDTP for each discipline has a statewide as well as campus-specific component. The statewide component of the LDTP is appropriate for any CSU campus that offers the major and is comprised of general education coursework as well as some courses within the discipline. The campus-specific component identifies discipline related coursework relevant to the major at the specific CSU campus. Together these components for an LDTP discipline will total at least 60 units, the number needed to transfer to CSU as an upper-division student.

ADMISSION TO THE UNIVERSITY OF CALIFORNIA

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit you to transfer from College of the Desert to a campus in either the California State University (CSU) or University of California (UC) without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements.

Exceptions are at the end of the list in the Supplementary Notes. Completion of IGETC is not a requirement for admission but does fulfill a requirement for graduation at a CSU or UC campus.

GENERAL EDUCATION CERTIFICATION

Verification by the College of a student's completion of lower division General Education/Breadth requirements for the California State University or the University of California must be requested by the student at the time transcripts are requested to be sent to the university. General Education Certification will not be sent to a student.

COD's GRADUATION REQUIREMENTS IN ADDITION TO UC or CSU GENERAL EDUCATION REQUIREMENTS

Physical Education Requirement

Although not required for the IGETC curriculum, two units from physical education (PE), health education (HE), recreation (RE) or varsity sports (VSM, VSW) are required to earn a degree from COD. **Note:** If HE 1 is used to fulfill this requirement, it may not be used to fulfill any other CSU requirement.

Reading, Writing, and Mathematics Competencies

Reading Competency: All students earning an Associate in Arts Degree or an Associate in Science Degree must demonstrate a reading proficiency at the collegiate level by passing RDG 51, Analytical Reading, with a grade of "C" or better, or the equivalent.

Writing Competency: All students earning an Associate in Arts Degree or an Associate in Science Degree must demonstrate a writing proficiency at the collegiate level by passing with a grade of "C" or better one of the following courses: ENG 1A, ENG 41, or the equivalent. Students

planning to transfer are required to complete the IGETC English Communication *or* CSU Written Communication requirements.

Mathematics Competency: All students earning an Associate in Arts Degree or an Associate in Science Degree must demonstrate a mathematics proficiency by passing with a grade of "C" or better, MATH 40, or any college mathematics course determined by the Desert Community College District to be equivalent to, or higher than, MATH 40. Students planning to transfer are required to complete the IGETC Mathematical Concepts and Quantitative Reasoning *or* CSU Mathematics requirements.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) FOR UC AND CSU

The course requirements for all areas must be **completed** before IGETC can be fully certified. After final grades are posted, you must **request** IGETC Certification at the time you request final transcripts to be sent to your chosen transfer campus(es). **The IGETC must be certified prior to transfer. All courses must be completed with grades of "C" or better.** Completion of area 1C (CSU) and/or area 6A (UC) must be completed for certification. Documentation of meeting this requirement must be on file in the Admissions and Records Office prior to granting certification. For more information, please see a Counselor.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division, general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU's general education requirements or those of a particular UC campus.

Note: "+" indicates that transfer credit is limited by either UC or CSU or both. Consult the University of California Transfer Course Agreement, available in the Transfer Center, or your faculty advisor/counselor, for specific information.

Note: "*" indicates that a single course, even though listed in more than one area, can only be used to satisfy one requirement.

+ Transfer credit limitation - see counselor for details.

* Courses listed in more than one area shall not be certified in more than one area.

(A) Courses used to meet IGETC requirements may not also be used to satisfy the "American History and Institutions Requirement" at CSU. See Transfer Center IGETC handout for clarification.

SUPPLEMENTARY NOTES

1. A single course, even though listed in more than one place, can only be used to satisfy one subject area of the IGETC.
2. IGETC is not advisable for high-unit majors, e.g. sciences, engineering.
3. Eleanor Roosevelt and Revelle Colleges at UC San Diego do not accept the IGETC.
4. IGETC may not be appropriate for students who have completed courses at a CSU or UC campus.
5. "Double counting" of courses toward the major is not limited by the IGETC, but is limited by other directives. The UC will also allow IGETC courses to count toward major requirements. CSU campus limitations on double-counting of general education courses toward major preparation are not changed by the IGETC.
6. If you are transferring to a UC campus, the UC Transfer Course Agreement lists unit limitations that might apply to the courses you have selected.
7. **See degree and graduation requirements in addition to General Education requirements. Also see COD's physical education requirement for an A.S. or A.A. degree, and English, reading, and math minimum competencies.**

**CSU General Education
Certification Course Pattern**

**PREPARATION FOR TRANSFER TO A
CALIFORNIA STATE UNIVERSITY (CSU)**

Students may graduate from College of the Desert with an Associate of Arts or Science degree with emphasis on transfer preparation by completing a minimum of 60 units of lower division, transferable semester units with a cumulative grade point average (GPA) of at least 2.0 for all grades earned in lower division courses at all colleges and universities attended. Also, a cumulative GPA of at least 2.0 must have been earned at COD as well as in the selected major. At least 12 units must be earned at COD.

Students must complete *either* the CSU General Education Certification Course Pattern (next page) *or* the IGETC (page 62), *and* the major requirements as specified in the program of study for the declared major. Specified high-unit majors do not complete the transfer general education certification and must meet with their Faculty Advisors for General Education requirements for graduation. Degrees are listed by major on pages 70-71.

Students planning to transfer should consult with their Faculty Advisor early in their first semester of enrollment. Faculty Advisors will assist students with program planning and course options.

Review all requirements that pertain to you including *requesting a degree evaluation* and *filing an Intent to Graduate*.

**CSU GOVERNMENT/HISTORY
CERTIFICATION**

College of the Desert, pursuant to Section 40404 of Title 5 of the California Administrative Code and in accordance with Executive Order 405 from the Office of the Chancellor, California State University (effective date 11/15/82), certifies the following course/examination combinations as meeting the baccalaureate requirements in U.S. History, Constitution and American Ideals at CSU, except that no student may meet the requirement by examinations alone. It is important to note that certification may take place if and only if an entire history/government combination has been completed. (Requirements at CSU institutions may vary; consult your faculty advisor or counselor.)

A student may fulfill the history/government requirement by completing Political Science I (PS 1) **and either** History 17 (HIST 17) *or* History 18 (HIST 18). AP Government credit does not fulfill this requirement at CSU.

CSU GENERAL EDUCATION CERTIFICATION COURSE PATTERN

Students who plan to transfer to a CSU campus may complete their lower division General Education requirements for graduation at College of the Desert. Students may follow the CSU General Education Certification pattern listed on the following two pages, which is accepted by all CSU campuses in most majors to fulfill these requirements. This course pattern also satisfies COD's General Education requirements.

To be fully certified, students must complete a minimum of 9 units each in Areas A, B, C, and D, and three units in Area E. At least 30 of these units must be completed with a grade of "C" or better, including the nine units in Area A: Communication in the English Language; and 3 units in Area B-3: Mathematics. These requirements became effective Fall 2000.

General Education Certification is *not* automatic and must be requested by the student at the same time transcripts are requested to be sent to the California State University following the posting of final grades. General Education Certification will not be sent to a student.

California Articulation Number System

The CALIFORNIA ARTICULATION NUMBER (CAN) System is a statewide numbering system independent from course numbers assigned by local colleges. A CAN number signals that participating California colleges and universities have determined that courses offered by other campuses are equivalent in content and scope to courses offered on their own campuses, regardless of their unique titles or local identifying numbers. Thus, if a class schedule or catalog lists a course bearing a CAN number, students on one campus can be assured that it will be accepted in lieu of the comparable CAN course noted in the catalog or class schedule of another campus. For example, CAN ECON 2 on one campus will be accepted as meeting the requirement of the designated CAN ECON 2 on other participating community college or university campuses.

Because course requirements may change, and courses are continually being redefined, qualified for or deleted from the CAN database, students should always check with Counseling, or the Transfer Center to determine how CAN-designated courses fit into their educational plans for transfer. Students should consult the ASSIST database at www.assist.org for specific information on course agreements. College staff will help students interpret this information.

72 Administration of Justice

ADMINISTRATION OF JUSTICE

Students desiring careers in administration of justice may elect a program of study designed for upper division transfer, or one which is oriented toward job entry with employment at a local, State, or Federal Law Enforcement Agency.

Students intending to transfer to a four-year college should consult that college for specific requirements. Students planning to pursue a career in administration of justice after graduation should include more specialization and emphasis in these courses.

There are certain minimum physical and good moral character requirements for peace officers. Students may obtain more specific information about those requirements from the department staff. Students who are transferring to College of the Desert from another college must take at least six units of administration of justice courses at College of the Desert, in addition to regular required courses to be eligible for graduation. Additional information on the programs is available on the Public Safety Academy's website at www.codpsa.org. For more information please call (760) 773-2571.

Certification and approval of the administration of justice curriculum has been received from the California State Commission of Peace Officer Standards and Training.

ADULT BASIC EDUCATION

Recognizing the role of the community college in the area of adult education, College of the Desert makes available non-credit courses in High School Diploma Completion, General Education Development (GED) test preparation, and Basic Skills. In addition to regular class offerings, emphasis is placed on self-paced, independent, student-centered learning.

Adult Basic Education (reading, writing and math), High School Completion, and preparation for the General Education Development Test (GED) are offered through the Training and Development division. No enrollment fees are charged to students taking these noncredit developmental courses.

Admission of students occurs on a daily basis and no prior educational background is required. In addition to regular class offerings, emphasis is placed on individualized student learning. For more information please call (760) 776-7318. Instruction is provided in the following areas:

High School Completion

High School Completion is the study of subjects required to obtain a high school diploma. Students completing their required coursework and passing the proficiency exams will receive a high school diploma (Certificate of Secondary Education Completion) issued by College of the Desert.

General Education Development Test (GED)

General Education Development (GED) is the study of social studies, math, reading, writing, and science. Students completing this course of study will be better prepared to take the GED test. The GED certificate (Certificate of Secondary Education Completion/GED) is an alternative to a high school diploma and is accepted by many employers, community colleges, vocational training programs, and governmental agencies.

Basic Skills

Basic Skills is the study of reading, writing, and math. It is designed for adults to learn these skills and, if desired, earn certificates of completion in these specific areas. Basic Skills students will be better prepared to pursue further education including GED and High School Completion, or pursue employment opportunities.

**ADVANCED TRANSPORTATION
TECHNOLOGIES**

The Advanced Transportation Technologies degree program offers students the opportunity to learn the academic and occupational skills needed by future entry-level technicians in the transportation industry.

The curriculum was developed with industry guidance and prepares students with foundation courses, and then focuses on the new electronic technologies used in light, medium and heavy-duty vehicles. The program has special emphasis on the hybrid and alternate fuel vehicles being introduced by the major manufacturers.

The degree program's emphasis is on engine performance and emission systems, vehicle computer systems, electronic controls and vehicle system diagnostics that are used in both conventional and alternate fueled vehicles. In addition to the degree option, the advanced transportation technology certificate programs are designed to be as flexible as possible in offering students and working technicians the opportunity to gain the needed knowledge and skills with a short term commitment.

As the students progress through the program, they will be exposed to other aspects of the transportation industry that include personal planning, development of individual and team working skills, development of advanced technical knowledge, health and safety, and environmental issues. For more information please call (760) 773-2571.

NATEF Certification

The Automotive curriculum is aligned with the standards of The National Automotive Technicians Education Foundation (NATEF) in preparation for receiving certification from that organization. Automotive courses information can be found in Chapter 10 page 147.

Students are recommended to consult with the program advisor for requirements for Automotive Service Excellence (ASE) certification.

AGRICULTURE

The programs in agriculture at College of the Desert are designed to serve both occupational and transfer students. Many courses primarily serve students who wish to enter an occupation after graduation. Courses are designed to provide practical experience, as well as academic background.

Students who wish to prepare for four-year colleges will find not only the necessary required transfer courses in English, science, mathematics, and related subjects available to them, but also departmental courses related to their majors. Students should see an advisor for additional information and program planning regarding their major. For more information please call (760) 773-2571.

Curricula leading to a Certificate or Associate in Science degree at College of the Desert, or transfer to a four-year college or university include:

NATURAL RESOURCES

The Natural Resources (NR) program at College of the Desert is a gateway to many different environmentally-focused careers in such fields as: wildlife management, ecosystem management, wildlife ecology, landscape ecology, parks and recreation planning, environmental consulting, GIS (Geographic Information Systems), natural resources law enforcement, forensic entomology, urban planning, alternative energy, and many more. Transfer students who wish to prepare for four-year colleges will find not only the coursework but also the practical experience required for their majors and fields of interest. NR programs also serve students who wish to enter directly an environmentally-related occupation (e.g., park ranger, zookeeper) upon completion of the two-year associate's degree.

Short term certificates (Desert Naturalist, Field Ranger) provide a well-rounded introduction to the desert environment. These certificates are of special interest to nature enthusiasts including: docents, volunteers, and paid employees who work at museums, libraries, schools, zoos, botanical gardens, parks and other local, state, and federal agencies. In addition, teachers will be able to add many natural science activities to their current curriculum. Either certificate can be easily completed over two semesters and will provide students with academic training and skills necessary for job advancement or employment at any of the natural resource-related agencies in and around the Coachella Valley. These certificates are locally approved and are NOT notated on the student's academic transcript in accordance with State regulations. For more information please call (760) 773-2571.

AIR CONDITIONING/HVACR

The Air Conditioning/HVACR program is a well established curriculum and has long served the desert community by providing highly trained individuals to work in various businesses throughout the Coachella Valley. The program offers a Certificate and Associate of Science degree for employment preparation that is designed to provide a wide range of courses in order to best serve student needs. In addition, required courses listed in the program are derived from the collaboration and dedicated efforts of members of a Technical Advisory Committee and other individuals' experiences in the specific occupational areas. For more information please call (760) 773-2571.

82 Architecture/Environmental Design

ARCHITECTURE/ENVIRONMENTAL DESIGN

Architecture/Environmental Design programs have a common objective, to help students be prepared to understand issues related to the betterment of the human physical environment. This is accomplished by interrelated course offerings in architecture, construction management, landscape design, drafting/CAD, and building inspection technology. These courses and programs endeavor to give the student a technical background, a set of social values, and a range of occupational skills, which result in creative expression.

The various curricula in architecture/environmental design are intended to be as flexible as possible to best serve student needs. These programs have a common core of courses which provides undecided students an opportunity to change disciplines within the architecture/environmental design group without backtracking and starting over. It also offers students valuable insights into other related disciplines and occupations.

Transfer programs include courses that are designed to meet the requirements of selected universities. All students should meet with their Faculty Advisor each semester to develop and update their Student Education Plan (SEP) for course sequencing and for matching course requirements for transfer institutions.

Occupational programs include courses that are designed to meet the current technological requirement of the design/construction workplace. Students in occupational programs should meet with their Faculty Advisor each semester to develop and update their Student Education Plan. These programs are designed to prepare students for employment upon graduation. For more information please call (760) 773-2571.

ART

Art is the study of communicating concepts and ideas visually.

Career paths chosen by students pursuing undergraduate studies in art commonly include but are not limited to studio artist, art educator, art consultant, art therapist, conservator, museum curator, art historian, photographer, designer, illustrator, animator or gallery manager.

Careers in the discipline that generally require graduate-level degrees include art historian, conservator, museum curator and art educator. Even students who choose not to major in art find that coursework in the field can improve their ability in complex and creative problem solving, critical analysis, research skills, understanding the intuitive process and in their ability to visualize.

College of the Desert's art curriculum includes course offerings that provide a general overview of the discipline, as well as an emphasis in art history, ceramics, drawing, graphic design, painting, photography, printmaking, three-dimensional design and two-dimensional design.

The College offers an Associate of Arts degree in Art, as well as courses leading to transfer. Students earning an associate degree in art may pursue entry level positions as designers, illustrators, art consultants or gallery assistants or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD

has transfer agreements with twenty different California State Universities and University of California systems in this discipline/program. California State University at Long Beach, Chico, Los Angeles, Fullerton and San Bernardino as well as University of California at Berkley, Los Angeles, Riverside and San Diego are some examples of these schools. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2574.

BUSINESS

Courses in the Business Department have been developed for students who wish to:

1. Meet occupational qualifications of business and industry, or
2. Meet lower division requirements for transfer to a four-year college or university to obtain a bachelor's and/or advanced degree in business, or
3. Survey the business field to determine personal aptitudes for, and interests in, a business career or as general preparation for dealing with the business community.

Occupational curricula are designed to prepare students, in two years or less, to enter a vocational field and successfully pursue an occupation. Students having such occupational goals should follow suggested curricula listed in this department section. Included in the suggested curricula are the core business courses basic to each occupational program. Students should consult their advisors to determine additional courses, within and outside the Applied Science and Business Division, which are most appropriate to individual objectives. For more information please call (760) 773-2571.

ACCOUNTING CERTIFICATE

Accounting is the study of the process of analyzing, recording, summarizing, and reporting financial information to managers, owners, customers, investors, and other decision makers inside and outside a business organization. Career paths chosen by students pursuing undergraduate studies in accounting commonly include financial accounting, management accounting, tax accounting, auditing, governmental and not-for-profit accounting. Careers in the discipline that generally require graduate-level degrees include management consulting services and education. Even students who choose not

to major in accounting find that coursework in the field can improve their ability to understand the role of accounting as a part of the overall business management team, as well as their ability to comprehend financial information as it pertains to their personal wealth management.

College of the Desert's accounting curriculum includes course offerings that provide a general overview of the discipline, as well as specialized focus on tax accounting, hospitality accounting, cost accounting, construction accounting, and computer accounting. The college offers a Certificate of Achievement in Accounting, as well as courses leading to transfer. The certificate is designed to provide students with skills necessary for employment or advancement in the profession. Students earning the certificate may also choose to continue their study toward an associate, baccalaureate, or advanced degree in the field. Past recipients of the COD Certificate of Achievement in Accounting have obtained positions as bookkeepers, para-accountants, accountants, and controllers. Students may choose to continue their study toward a bachelor's degree with an eye toward becoming a Certified Public Accountant.

COD has transfer agreements with most four-year universities in this program. However, transfer requirements at four-year colleges and universities vary from institution to institution. Students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2571.

BUSINESS ADMINISTRATION

Business administration is the study of basic principles and techniques to effectively manage and lead human organizations.

Career paths chosen by students pursuing undergraduate studies in business administration commonly include areas like general business, accounting, information technology and public administration. Careers in the discipline that generally require higher-level degrees include general managers, directors, accountants, economists, and even some higher level supervisory positions.

Even students who choose not to major in business administration find that coursework in the field can improve their ability to think critically, problem-solve, manage their lives, and understand the economic issues that engage our world, our country, and our communities.

College of the Desert's business administration curriculum includes course offerings that provide a general overview of the discipline, as well as the flexibility to go into a variety of other areas that reflect a student's particular interests, such as: finance, human resources, hospitality, and information technology.

The College offers an Associate of Arts degree in Business Administration for transfer preparation only. Students earning an associate's degree in business administration may pursue positions from first-line managers to mid-level managers, depending on how far they pursue their higher education. In addition, they will be able to pursue almost any entry-level position in a variety of businesses. Students in business administration may choose to continue their study in the discipline toward a bachelor's or graduate

degree. COD has transfer agreements with many of the California State Universities and University of California systems in this discipline/program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university, especially in the area of mathematics.

Business administration courses provide focused training and practice to enable students to pursue a variety of occupational interests. College level skill in English and some math are often required as prerequisites (required prior to enrolling) in many business administration and other COD courses. For more information please call (760) 773-2571.

COMPUTER INFORMATION SYSTEMS

Computer information systems (CIS) is the study of the tools and techniques used to effectively and efficiently transform raw data into useful information.

Career paths chosen by students pursuing undergraduate studies in CIS commonly include office administration, general business, web design, software installation and maintenance, software quality control, database management, electronic bookkeeping, network administration and customer support.

Careers in the discipline that generally require higher level degrees include programming, system analysis, database design, network design and administration, and security management.

Even students who choose not to major in CIS find that coursework in the field can improve their ability to think analytically, solve problems, organize thoughts and information, and utilize new technology more efficiently and effectively.

Our discussions with industry representatives indicate that in today's world employers expect and demand a certain minimum of computer skills as a given, much as they expect an employee to be able to read, write, and use basic math. College of the Desert's CIS curriculum includes course offerings that provide a general overview of the discipline, as well as courses dealing with more advanced software concepts, and tools used in the business environment.

The College offers appropriate certificates and degrees in computer information systems. In addition to the immediate employment benefits of certificates and associate degrees, coursework at College of the Desert prepares the way for further study at the Baccalaureate level within the California State Universities and University of California systems, and other colleges nationwide. For more information please call (760) 773-2571.

COMPUTER SCIENCE

Computer science (CS) is that branch of computer technology pertaining to the study of software languages and the development of computer programming skills.

Career paths chosen by students pursuing undergraduate studies in CS commonly include entry level programming positions in all branches of business, technical customer support, software quality assurance, and web server administration and support.

Careers in the discipline that generally require graduate-level degrees include lead programming positions, systems analysis, web server design, and general programming for any company requiring non-traditional software solutions.

Even students who choose not to major in CS find that coursework in this field can significantly improve their ability to think critically, reason logically, and solve complex problems.

College of the Desert's CS curriculum includes course offerings that provide a general overview of the discipline, as well as allowing the student to develop the programming skills required for success in technical careers and/or transfer to a four-year college or university.

The College offers an associate's degree in CS, designed to prepare its graduates for entry-level positions as described above, or for transfer to a four-year institution to continue their study in the discipline toward a bachelor's or graduate degree.

COD has transfer agreements with various California State Universities and University of California systems in this discipline, notably California State University, San Bernardino, our closest four-year institution. However, transfer requirements at four-year colleges and universities tend to vary between institutions, so students should consult with a counselor as soon as possible for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2571.

ECONOMICS

The purpose of the economics program is to provide as many students as possible with an opportunity to:

- acquire a basic knowledge of economics
- become aware of the role and place of economics in their personal and public life
- get exposure to the critical thinking approach especially in the context of addressing economic issues
- achieve their academic and career objectives as well as their personal development goals

Presently we offer two principle courses in economics on a regular basis - Principles of Macroeconomics and Principles of Microeconomics. These courses are offered in a variety of instructional forms – conventional, online, and hybrid – to reach out to and serve as wide a range of students as possible. We offer our economic courses at different times with different instructors to provide students with plenty of choices.

The two principle economic courses are transferable to California State Universities and University of California systems as general education courses as well as core courses for economics and business degree programs. Students may acquire an AA degree in economics or use the courses for transfer credit to universities. The economics program and courses prepare students for more advanced degrees in a variety of disciplines including economics, social sciences, business, and law. The program also provides a basic understanding of the economic and business environment for those interested in owning and operating a business or those who seek a career in private or government establishments. For more information please call (760) 773-2571.

HOTEL & RESTAURANT MANAGEMENT

Hotel and restaurant management is the study of different aspects of management as it relates to the hospitality industry, in particular, hotels and restaurants.

Career paths chosen by students pursuing undergraduate studies in hotel and restaurant management commonly include entry and sometimes mid-level management positions in any number of the hospitality sectors, not just hotel and restaurant positions.

Careers in the discipline that generally require graduate-level degrees include general managers, club managers, chefs, directors of various operational areas in the hospitality sector such as human resources, finances, etc.

Even students who choose not to major in hotel and restaurant management find that coursework in the field can improve their ability to think critically, solve complex problems, be more aware of their personal abilities/skills, and simply manage in general more effectively.

College of the Desert's hotel and restaurant management curriculum includes course offerings that provide a general overview of the discipline, as well as course offerings in cooking and accounting.

The College offers an Associate of Arts degree, as well as courses leading to transfer. Students earning an associate's degree in hotel and restaurant management may pursue (*entry-level*) positions as managers/line staff or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has a transfer agreement with California State Polytechnic University, Pomona, in this discipline. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

Management, accounting and various hospitality related courses provide focused training and practice to enable students to acquire the skill necessary to pursue their degree and/or transfer goals. College level skill in English is prerequisite (required prior to enrolling) in many of these hotel and restaurant management courses. For more information please call (760) 773-2571.

DISABLED STUDENTS PROGRAMS AND SERVICES

Students with disabilities at College of the Desert participate in the same activities and courses as any student. Special services are offered to provide a more equitable classroom experience and to help successfully integrate the student into college life. Services for students with verified disabilities may include: priority registration, tutoring, interpreters, note takers, specialized counseling, and specialized equipment.

Disabled Students Programs and Services (DSPS) provides special instructional opportunities to qualified students. Participation is voluntary. Interested students must meet with the appropriate DSPS counselor to apply for these programs. Special instructional programs include: DSPS High Tech Center, WorkAbility III, and Adapted Physical Education courses.

All interested individuals are urged to contact the Learning Disabilities Specialist, a Counselor, or the Director of Student Health and Disability Services for further information:

(760) 773-2534; TDD (760) 773-2598.

94 Drafting - Early Childhood Education

DRAFTING/CAD

Drafting/CAD programs have a common objective, they are aimed at the betterment of the human physical environment. These programs endeavor to give the student a technical background, a set of social values, and a range of occupational skills, which result in creative expression.

The various curricula in drafting/CAD are intended to be as flexible as possible to best serve student needs. The drafting/CAD programs have a common core of courses which provides undecided students an opportunity to change disciplines within the environmental design group without backtracking and starting over. They also offer students valuable insights into other related disciplines and occupations.

Transfer programs include courses that are designed to meet the requirements of selected universities. Students should check transfer status of individual courses depending on their choice of a transfer institution. The occupational programs are designed to prepare students for employment immediately upon graduation. For more information please call (760) 773-2571.

EARLY CHILDHOOD EDUCATION

Early childhood education (ECE) is the study of child development and developmentally appropriate practices for young children. Career paths chosen by students pursuing undergraduate studies in ECE commonly include infant/toddler or preschool teachers and administrators. Careers in the discipline that generally require graduate-level degrees include teachers and administrators of government funded programs like Head Start and state preschools. Even students who choose not to major in ECE find that coursework in the field improves their parenting skills.

College of the Desert's ECE curriculum includes course offerings that provide a general overview of the discipline, as well as teaching strategies that are developmentally appropriate for young children. Students earning ECE certificates may also choose to continue their study toward an associate, baccalaureate or advanced degree in the field. Students earning an associate's degree in ECE may pursue entry-level positions as preschool teachers or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has transfer agreements with CSUSB, in this discipline/program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2578.

ENGLISH

College of the Desert's English program offers a wide range of courses meant to help students develop writing, research, problem solving, and critical thinking skills that are applicable across disciplines and the varied career paths that our diverse student body will pursue. General writing courses prepare students to write effective essays, conduct in-depth research on myriad topics, and use problem solving and critical thinking strategies in synthesizing and relaying information to specific audiences. These skills translate into use then within all disciplines and career paths that students will pursue.

The English program also offers an AA degree in composition or literature as well as courses leading to transfer to a four-year college. Students earning an AA degree in composition or literature are well prepared for myriad career fields in the liberal arts. These programs also provide an excellent preparation for the competitive admission to such professional schools as law and medicine. Students may also choose to continue their study in the discipline toward a bachelor's degree. Transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2572.

ENGLISH AS A SECOND LANGUAGE (ESL)

College of the Desert's English as a Second Language program (ESL) offers credit and noncredit courses preparing students for entry to academic programs at COD as well as for vocational and personal goals.

ENGLISH AS A SECOND LANGUAGE (ESL) CREDIT PROGRAM

The Credit ESL program is for non-native speakers of English and for those who speak English as a second language. The credit ESL program offers multi-level courses in writing, reading and speaking to prepare students for the demands of higher education or a vocational certificate.

ENGLISH AS A SECOND LANGUAGE (ESL) NONCREDIT PROGRAM

The Noncredit ESL program is an intensive series of multi-skill courses which meet the needs of students not fluent in English. Persons from the literacy level to advanced level of English proficiency acquire the skills required for their daily lives and prepare themselves to enter high school completion, vocational or academic programs.

Classes are open-entry, thereby allowing students to register at any time during the school year. Classes are held day and evening at Palm Desert, Eastern Valley Center and other off-campus locations.

98 English As A Second Language - Fire Technology

All persons 18 years of age and older regardless of their educational background are welcome to enroll in this program.

The Noncredit ESL program also offers two noncredit certificate options to students. The English Proficiency Certificate focuses on the essential English language skills needed in day-to-day living and working situations. The Academic English Certificate is for students who are planning on pursuing a college degree or vocational certificate. Please refer to the sequence of noncredit ESL courses required for these certificates. For more information please call (760) 773-2559.

EL INGLES COMO SEGUNDO IDIOMA

Inglés como Segundo Idioma ofrece programas de instrucción para todos los niveles de habilidad. Se encuentra la oficina de ESL noncredit en el segundo piso del centro estudiantil Hilb localizado enfrente de la fuente (Palm Desert Campus). Las clases que se ofrecen en este departamento reciben nuevos estudiantes todos los días. Cada persona de 18 años o más, sin tener en cuenta su educación previa, es bienvenida a este programa.

FIRE TECHNOLOGY

Fire technology is the study of the organization and function of fire prevention and suppression techniques; fire behavior, combustible materials, extinguishing agents, hazardous

and toxic material; fire protection techniques and systems; fire command and fire management (supervision).

Career paths chosen by students pursuing undergraduate and/or baccalaureate degrees in fire technology or fire service commonly include firefighter, fire engineer, paramedic, forest service worker, health and safety officer, fire prevention specialist, fire inspector, and hazardous materials specialist.

College of the Desert's fire technology curriculum includes course offerings that provide a general overview of the discipline, as well as specific courses in design and operation of fire detection and alarm systems; fire protection features in building design and construction; wildland fire behavior and fireline techniques; trench rescue, confined space awareness and automobile extraction. Additional information on the programs is available on the Public Safety Academy's website at www.codpsa.org.

The College offers a Certificate of Achievement in Fire Technology and an Associate of Science degree. The certificate of achievement is designed to provide students with skills necessary for employment or advancement as an entry level firefighter. Students earning the certificate may also choose to continue their study toward an associate or baccalaureate degree in the field.

Past recipients of the COD Certificate of Achievement in Fire Technology have obtained positions as firefighter, firefighter/EMT and paramedic. Students earning an associate's degree in Fire Technology may pursue positions as a firefighter, paramedic or firefighter/EMT or may choose to continue their study in fire technology or fire service toward a bachelor's degree. For more information please call (760) 773-2571.

100 Health, Physical Education and Recreation

HEALTH, PHYSICAL EDUCATION AND RECREATION

Physical education is the study of health, fitness, recreation and lifetime wellness. Career paths chosen by students pursuing undergraduate studies in physical education commonly include: public school instruction, athletic coaching, recreation management/leisure studies, fitness professional, and corporate wellness programs. Careers in the discipline that generally require graduate-level degrees include: K-12 teacher, physical therapist, athletic trainer, sports/athletic coach, club/corporate wellness director.

Even students who choose not to major in physical education find that coursework in the field can improve their ability to: think critically, apply kinesiology/human movement principles for optimum fitness, apply complex health concepts in the improvement of personal health, fitness and disease prevention, and integrate research in the field to contribute to personal and community well-being.

College of the Desert's physical education curriculum includes course offerings that provide a general overview of the discipline, as well as specialized instruction in athletic coaching, recreation management, sports officiating, and dance.

Students earning an associate's degree in physical education may pursue (*entry-level*) positions such as fitness trainer, community recreation and youth sports coordinator, or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has transfer agreements with the California State Universities and University of California systems in this discipline/program. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2591.

HEALTH SCIENCES

The Division of Health Sciences/ECE offers two degree programs and three certificate programs that prepare men and women for careers in health occupations. Educational pathways include both theoretical instruction on campus and clinical experience in local hospitals and clinics.

Students enrolled in the clinical program are subject to special guidelines developed to protect patient safety. A student may be asked to withdraw from a Health Sciences program for academic reasons or for other reasons such as drug/alcohol abuse, inappropriate social or emotional behavior or documented acts of dishonesty. The faculty reserves the right to remove from the clinical area any student who, in the faculty member's professional judgment, places the patient in physical or emotional jeopardy. Should this occur, the student will have a conference with the member of the faculty and the Dean. For more information please call (760) 773-2578.

Hospital Requirements:

Affiliation agreements with clinical facilities regulated by the Joint Commission on Accreditation of Hospitals (JCAHO) require that College of the Desert Health Sciences students meet specific requirements prior to being placed at a facility for a clinical rotation. These requirements include a recent physical examination, specific immunizations or titers, negative TB status, and a negative criminal background clearance. Requirements are subject to change as specified by the clinical facility.

All students enrolled in Health Sciences courses requiring patient care contact in a JCAHO accredited facility must provide evidence of meeting these requirements prior to the first clinical experience. Students will be excluded from the clinical site until all required materials have been received in the division.

Policies and procedures for the criminal background check are available on the Health Sciences/ECE web page, www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth. The student shall be responsible for paying any associated costs of program requirements. Some costs may be assessed and collected by the Office of Admissions and Records.

Core Performance Standards:

In compliance with the Americans with Disabilities Act, students must be, with reasonable accommodation, physically and mentally capable of performing the

essential functions of the program. The Core Performance Standards adopted by the Health Sciences/ECE Division include the following.

Physical Demands - Must be able to:

- be on your feet 6-12 hours at a time and perform activities that include reaching, balancing, carrying, pushing, pulling, stooping, bending and crouching;
- lift and transfer adults and children from a stooped to an upright position to accomplish bed-to-chair and chair-to-bed transfers;
- lift and adjust positions of bedridden patients, including pulling as much as 12 inches toward the head of the bed;
- physically apply up to ten pounds pressure to bleeding sites or to chest in the performance of CPR using hands, wrists and arms;
- maneuver in small spaces quickly and with ease;
- perform fine motor skills that require hand-eye coordination in the use of small instruments, equipment, and syringes;
- feel and compress tissues to assess for size, shape, texture, and temperature.

Senses - Must be able to:

- visually read calibrated scales in increments of one-hundredth of an inch in not more than a three-inch space;
- perform close and distinct visual activities involving persons and paper work;
- visually discriminate depth and possess color perception;
- identify and distinguish odors that are pungent, or the products of infection or metabolic imbalance (e.g., ketones);
- respond and react immediately to auditory instruction, requests, signals, and monitoring equipment;
- perform auditory assessments requiring the distinguishing of variances in sounds (e.g., tones and pitches).

Attitudes - Must be able to:

- learn to perform mathematical calculation for medication preparation and administration in a timely manner;
- learn to communicate effectively, both orally and in writing, using appropriate grammar, vocabulary, and word usage as well as medical terminology;
- comprehend verbal and written directions, making correct notations and responding as directed;
- make proper and timely decisions under stressful and emergency situations.

102 Health Sciences/Nursing

College policy requires each student enrolled in Health Sciences programs with clinical components to purchase insurance coverage against liability for malpractice. Refer to the class schedule for current fee. This fee is paid at the time of registration. All programs offered by the Division demand a grade of "C" or better (2.0) in any course fulfilling program requirements.

EMERGENCY MEDICAL TECHNICIAN

The Emergency Medical Technician Program prepares individuals to recognize illnesses and injury symptoms and to provide legal permissible emergency treatment set forth by the standards of the Riverside County EMS Agency.

The curriculum meets the state coursework minimum requirements for EMT-1 programs. Field and clinical experience is arranged outside of scheduled theory and skills lab time. CPR certification will be required prior to students attending clinical experience. Students are required to purchase malpractice insurance in conjunction with this course. Students must be eighteen (18) years of age to enroll in this course.

On completion of this 6-unit course, the student is eligible to apply to the local EMS Authority for the county-issued certification as an Emergency Medical Technician-I which is valid for 2 years.

A 2-unit EMT refresher course is offered each Fall and Spring semester. The course meets the requirements for EMT-I recertification.

This program meets all criteria of the Riverside County EMS Agency for the Emergency Medical Technician-I training.

This will serve to advise you that, pursuant to California Health and Safety code Section 1799.100, by participating in a course of instruction in emergency medical training you have waived your rights to collect civil damages against the College in the event you sustain an injury.

The code states: "No local agency, entity of state or local government, or other public or private organization which sponsors, authorizes, supports, finances, or supervises the training of people, excluding physicians and surgeons, registered nurses, and licensed vocational nurses, as defined, in emergency medical services in training programs under this part, shall be liable for any civil damages alleged to result from such training program."

HOME HEALTH AIDE

The Home Health Aide program prepares men and women to assist with the routine care and treatments of clients in their homes. These services include personal health care as well as food purchasing, meal planning, laundry, and light housekeeping. Successful completion of the program results in eligibility to take the state approved tests that lead to certification as a Home Health Aide.

The course of study includes 27 hours of classroom instruction and 27 hours of supervised clinical experience. Students wishing to enter the program must be certified as a nursing assistant in California or currently enrolled in HS 64. Specific information regarding the program may be obtained by contacting the Health Sciences/ECE Division.

NURSING ASSISTANT

The Nursing Assistant (NA) program prepares men and women to assist with the routine care and treatment of patients in health care facilities. Working under the direction of the nursing and medical staff, activities of the certified nursing assistant include providing personal care, maintaining safety, and assisting with activities of daily living. Successful completion of the program results in eligibility to take the state approved tests that lead to certification as a nursing assistant.

The course of study includes 72 hours of classroom instruction and at least 100 hours of clinical practice in long-term care facilities. Students wishing to enter the program must complete English 50 or have an assessment score indicating placement into English 51.

Students submitting initial application to the Department of Health Services for this course will need to complete information disclosing any past criminal record. Electronically transmitted fingerprinting (LiveScan) is required for this course. If a history exists that has not been cleared with the Department of Health Services, the student will not be able to continue in the class.

Students must provide a valid social security number as required by the Department of Health Services, Licensing and Certification, Aide and Technician Certification Section (ATCS) under Health and Safety Code, Sections 1337 through 1338.5 and 1736.1-1736.6 in order to process requests for nurse assistant and home health aide certification.

Specific information regarding the program may be obtained by contacting the Health Sciences/ECE Division.

ASSOCIATE DEGREE NURSING PROGRAM

Acceptance criteria, program eligibility and selection processes are subject to change. Prospective students are encouraged to check the division website periodically to remain updated or call (760) 773-2578.

PROGRAM DESCRIPTION

The Associate Degree Nursing Program prepares graduates to care for individuals in hospitals, long term care facilities, doctors' offices and clinics in a beginning staff nurse position. The curriculum consists of courses in general education and science in addition to prescribed nursing courses. Once accepted to the nursing program, the student will complete four semesters of nursing courses.

The nursing program is approved by the California Board of Registered Nursing and is accredited by the National League for Nursing Accrediting Commission (NLNAC), 61 Broadway, New York, NY 10006, (212) 363-5555 extension 153.

College of the Desert is designated as a continuing education provider by the Board of Registered Nursing. The provider number is 00284.

LICENSING REQUIREMENTS

Graduates are awarded the Associate in Science Degree in Nursing and are eligible to apply to the state board of nursing to take the National Council Licensing Examination (NCLEX) and become licensed as a registered nurse. The California Board of Registered Nursing role is to protect the public by screening applicants for licensure to identify potentially unsafe practitioners. A state board of nursing may deny applications for permanent licensure, interim permits, and temporary licensures if the applicant has been found guilty of dishonesty, fraud or deceit, acts which deceive the public; felony; child abuse, sex offender crimes; acts involving narcotics, dangerous drugs or devices, assault and/or battery and other crimes. Fingerprints are required when applying for licensure. Students interested in a career as a nurse who have questions regarding licensure limitations should contact the California Board of Registered Nursing at (916) 322-3350.

Graduation from the Associate Degree Nursing Program does not guarantee licensure. To apply for licensure,

disclosure of your social security number is mandatory on the California Application for Licensure by Examination form.

PROGRAM APPLICATION PROCESS

Application to the nursing program is separate from application to the College. A letter of application is available during specific application periods and can be obtained from the division web page, www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth, or from the Health Sciences/ECE Division at College of the Desert, 43-500 Monterey Avenue, Palm Desert, CA, 92260.

Enrollment into the registered nursing program is limited. Detailed information regarding the nursing program, selection, and other important particulars is available on the Health Sciences/ECE Division web page.

Admission and Selection Process

Program Eligibility:

To be eligible to apply to College of the Desert's Associate Degree Registered Nursing Program, the applicant must:

1. Have a minimum GPA of 2.5 in all college level work taken within the past seven (7) years.
2. Have a minimum GPA of 2.5 in the following prerequisite science courses with no grade less than a "C":
 - Human Anatomy with a lab component
 - Human Physiology with a lab component
 - Microbiology with a lab component
3. Have no more than one repeat of any one of the three science courses. A "W", "I", "D", and "F" mark is considered a repeat. Repetitions within the past ten (10) years will be used in determining eligibility.
4. Have a "C" or better in any 3 unit college level transferable English course. (*English 1A, Freshman Composition, is the highly recommended course.*)

Selection Process:

1. Applications are accepted twice a year:
 - August 1 - 31 for spring semester admission
 - March 1 - 31 for fall semester admission

(If the 31st falls on a weekend or holiday the closing date for applications will be the next working day. Applications postmarked after the closing date will not be accepted.)
2. Selection preference is given to students who have completed 12 units or more at COD or Palo Verde College within the past three (3) years. Remaining acceptance slots are offered to qualified students who have not completed 12 units at COD or Palo Verde College.

104 Health Sciences/Nursing

3. A random selection process of qualified applications will be used to determine entrants once all applications are evaluated.
4. A diagnostic readiness test (TEAS) will be required of all accepted students. The standardized cut score is 67%. Accepted students not meeting this cut score will need to meet a remediation plan PRIOR to entering the nursing program. Details are on the division web page, www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth.
5. Applicants will be notified of acceptance status within 6-8 weeks after the application deadline.
3. Have a minimum GPA of 2.5 in the following prerequisite science courses with no grade less than a "C":
 - Human Anatomy with a lab component
 - Human Physiology with a lab component
 - Microbiology with a lab component
4. Have no more than one repeat of any one of the three science courses. A "W", "I", "D", and "F" mark is considered a repeat. Repetitions within the past ten (10) years will be used in determining eligibility.
5. Have a "C" or better in any 3 unit college level transferable English course. (*English 1A, Freshman Composition, is the highly recommended course*).

NURSING PROGRAM OPTIONS

Associate Degree in Nursing for the Diploma Graduate

California licensed registered nurses who have graduated from a hospital-based program may earn an associate in science degree upon completing 30 units of general education requirements. 30 units of nursing credit will be given for the diploma certificate. 12 units of general education courses must be completed at College of the Desert.

Advanced Placement Options

Prospective students who have had prior education in nursing or other health related areas may request consideration for entry into the nursing program with advanced placement. Applicants would include licensed Vocational/Practical Nurses, Licensed Psychiatric Technicians, and transfer students from accredited nursing programs. Specific information regarding the advanced placement procedure is available through the Health Sciences/ECE Division. All advanced standing applicants are accepted to the program on a space available basis.

LVN-RN (Transition Option)

Licensed Vocational Nurses may enter the associate degree program at an advanced level. For the transition option, enrollment is limited and the following is applicable to the LVN-RN option:

Program Eligibility:

To be eligible to apply to College of the Desert's Transition Option, the applicant must:

1. Have current licensure in California as a vocational nurse.
2. Have a minimum GPA of 2.5 in all college level work taken within the past seven (7) years.

Selection Process:

1. Submit application at the designated application period:
 - October 1 - 31 for spring and fall semester acceptance (*If the 31st falls on a weekend or holiday the closing date for applications will be the next working day. Applications postmarked after the closing date will not be accepted.*)
2. Selection preference is given to students who have completed 12 units or more at COD or Palo Verde College within the past three (3) years. Remaining acceptance slots are offered to qualified students who have not completed 12 units at COD or Palo Verde College.
3. A random selection process of qualified applications will be used to determine entrants once all applications are evaluated.
4. A diagnostic readiness test (TEAS) will be required of all accepted students. The standardized cut score is 67%. Accepted students not meeting this cut score will need to meet a remediation plan PRIOR to entering the nursing program. Details are on the division web page, www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth.
5. Applicants will be notified of acceptance status within 6-8 weeks after the application deadline.

LVN-RN (Non-Degree Option)

The non-degree option requires that interested students fulfill the following requirements:

1. current licensure as a California LVN,
2. proof of high school diploma/GED,
3. completion, with a "C" or better, of courses in Human Physiology and Microbiology.

30-unit option students are accepted to the third semester of the nursing program on a space available basis. Students will complete the final two semesters of the nursing program totaling no more than 20 units. No degree is awarded to 30-unit option completers. Lack of a degree may create limitations for licensure in

other states. Students who do not receive an A.S. degree in Nursing may not be eligible for licensure by endorsement in other states. Interested students must make an appointment with the Director of Nursing and Allied Health or designee to obtain further information and make application.

All advanced placement students will be accepted on space available basis. Detailed information is available on the Health Sciences/ECE Division website.

Transfer

Students with previous nursing education from a Board of Registered Nursing approved registered nurse program may request transfer into the program. All transfer requests will be evaluated on an individual basis. Students should make an appointment with the Director of Nursing and Allied Health to discuss transfer possibilities and materials needed to make the assessment. Transfer students must meet the same enrollment requirements as all students entering the nursing program. General education courses must be completed to correspond with the nursing program's requirements respective to the semester for which the student is seeking transfer. Transfer students must submit a letter from their previous Director/Dean of Nursing stating eligibility for re-entry into the nursing program from which they are transferring. A minimum of twelve units must be completed at COD to earn a degree from COD. All transfer students are accepted on a space available basis.

REGISTERED NURSING COURSE SEQUENCE

Students can complete the nursing program in two years **once accepted to the nursing program.**

It is recommended that students interested in a Nursing degree to see a counselor in the counseling department and read the information on the division web page: www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth.

Please note: Students are strongly encouraged to complete all general education courses while waiting for program entry. Licensure can be achieved when all courses required for the degree are completed. Recommended courses prior to program entrance include: HS 67; HS 70; and a keyboarding course.

VOCATIONAL NURSING PROGRAM

Acceptance criteria, program eligibility and selection processes are subject to change. Prospective students are encouraged to check the division website periodically to remain updated.

The Vocational Nursing (VN) Program prepares graduates to qualify to take the national licensing examination (NCLEX-PN) to become a Licensed Vocational Nurse. Licensed vocational nurses assist in data collection, plan and implement nursing care, administer medications and treatments, and maintain a safe environment for patients and families.

106 Health Sciences /Vocational Nursing

Accredited by the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT), the 12-month, full-time VN program provides student-centered instruction and meets all state regulations. Classroom instruction is offered concurrent with clinical practice, assisting the student in the application of nursing theory to actual nursing situations. Students are in class and clinical instruction approximately 34 hours each week. A minimum grade of "C" must be earned in all courses taken for the Vocational Nursing certificate.

Upon program completion, students are awarded a vocational certificate and become eligible to apply to the California Board of Vocational Nurses and Psychiatric Technicians (BVNPT) to take the licensure examination. Students may also earn a non-transfer Associate of Science degree in Vocational Nursing, if desired. For more information please call (760) 773-2578.

Completion of the VN program does not guarantee licensure.

The program is three semesters long, commencing each summer. It is a limited enrollment program with enrolled students required to meet the following:

1. A minimum age of 17 years. (Section 2866a, VN Practice Act)
2. High school graduation or GED equivalency. Foreign high school transcripts must be evaluated by an international transcript evaluation agency.
3. Minimum 2.0 GPA in all college course work completed.
4. Completion of English 51 (or an assessment score greater than 99).
5. Completion of Math 57 (or an assessment score greater than 65).
6. Completion of HS 62 OR an equivalent course/s in anatomy and physiology. (5-year recency requirement)
7. Completion of HEC 13 OR an equivalent course in general nutrition. (5-year recency requirement)

Additional program requirements:

1. Completion of HS 67, Introduction to Med/Dosage Calculations, **prior** to the start of the **second** semester of the VN program. It is strongly recommended that the course be completed prior to program acceptance.
2. Completion of PSY 1 **prior** to beginning the **third** semester of the program. Students desiring to decrease their study load are advised to take HS 67 and PSY 1 prior to entering the program. (5-year recency requirement)
3. Once accepted, maintenance of CPR certification throughout program.
4. Once accepted, evidence of good health documented by physical examination, with required immunizations.

5. Transfer credit shall be given for related previous education completed within the last five years. (Section 2535 VN Practice Act).

Students interested in the Vocational Nursing Program should:

1. Visit the division web page, www.collegeofthedesert.edu/Students/Academics/Programs/healthsciences/hlth for detailed information.
2. Attend one of the monthly informational sessions during fall semester. Call (760) 773-2578 or visit the division website for dates and times of sessions.

**HUMAN SERVICES/
Alcohol & Drug Studies**

The Alcohol and drug studies program is the study of chemical addiction and treatment.

Career paths chosen by students pursuing undergraduate studies in alcohol and drug studies commonly include supervised alcohol and drug counseling. Even students who choose not to major in alcohol and drug studies find that coursework in the field can improve their ability to understand the issues surrounding chemical dependency and treatment.

The College offers a Certificate of Achievement in Alcohol and Drug Studies and a non-transferable Associate of Arts degree in Alcohol and Drug Studies. The Certificate of Achievement is designed to provide students with skills necessary for employment as supervised chemical dependency counselors, as well as advancement toward the California Association of Alcoholism and Drug Abuse Counselors (CAADAC) certification. Students earning the certificate may also choose to continue their study toward a non-transferable Associate of Arts degree in the field. Past recipients of the COD Certificate of Achievement in Alcohol and Drug Studies have obtained positions as supervised chemical dependency counselors, locally and throughout California. Students earning an associate's degree in Alcohol and Drug Studies may pursue entry-level positions as supervised chemical dependency counselors or may choose to continue their study in the discipline toward a bachelor's or graduate degree in counseling psychology. Transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with an academic advisor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2574.

108 Liberal Arts

LIBERAL ARTS

The Associate of Arts degree in Liberal Arts is designed for students who wish a broad knowledge of liberal arts and sciences plus additional coursework in an "Area of Emphasis". This area of emphasis would be an ideal choice for students planning on transferring to the California State University or University of California as the student can satisfy their general education requirements, plus focus on transferable course work that relates to majors at CSU or UC. Please consult with a counselor for specific information regarding your intended major or the specific colleges/university of your choice. For more information please contact the COD Counseling Center at (760) 773-2520.

- Choose either the California State University General Education Certification (Option 1) or the Intersegmental General Education Transfer Curriculum (Option 2) for the General Education pattern related to your educational goal;
- Complete 18 units in one "Area of Emphasis" from those outlined below. (Note: Where appropriate, courses in the "area of emphasis may also be counted for a GE area).
- For ALL OPTIONS: complete necessary College of the Desert Graduation and Proficiency requirements.
- All courses listed below transfer to CSU. Courses in **BOLD** are also transferable to UC. Refer to www.ASSIST.org for transfer details or see a counselor or faculty advisor for additional details.

MATHEMATICS

Mathematics is the study of quantity, structure, space and change. It is developed through the use of abstraction and logical reasoning, from counting, calculation, measurement, and the study of the shapes and motions of physical objects. Mathematics is also used to refer to the insight gained by mathematicians by doing mathematics, also known as the body of mathematical knowledge. This latter meaning of mathematics includes the mathematics used to do calculations and is an indispensable tool in the natural sciences and engineering.

Career paths chosen by students pursuing undergraduate studies in mathematics commonly include teaching, actuary, computer science, statistics, physics and engineering. Careers in the discipline that generally require graduate-level degrees include mathematics, engineering and the natural sciences. Even students who choose not to major in mathematics find that coursework in the field can improve their ability to think critically, solve

complex problems, research and analysis and improve their writing skills.

College of the Desert’s mathematics curriculum includes course offerings that provide a general overview of the discipline, as well as specific mathematical topics that can be applied to other areas like physics, chemistry, biology, computer science and engineering. The College offers an Associate of Science degree, as well as courses leading to transfer. Students earning an associate’s degree in mathematics may pursue (entry-level) positions as teacher’s aid or may choose to continue their study in the discipline toward a bachelor’s or graduate degree. COD has transfer agreements with California State Universities and University of California systems in this discipline/program. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

In addition, the Mathematics Department offers an extensive remedial Mathematics curriculum to assist the large portion of students that enter the College and are not prepared for college level mathematics. For more information please call (760) 773-2573.

MUSIC

The music program offers a full range of courses in music fundamentals, musicianship, harmony, appreciation and history, as well as classes in piano, voice, percussion and guitar. Private lessons are available on most instruments, including voice, through the applied music program. Instrumental and vocal ensembles provide public performance opportunities to majors and non-majors alike. It is the goal of the music program to:

- help students develop their musical and intellectual potential to the highest possible level.
- provide a broad foundation of knowledge in the theory, history, literature and practice of performing arts for students wishing to pursue degree, certificate, transfer and vocational agendas.
- promote community awareness of the relationship between music and the history of human values, cultural diversity and the liberal arts tradition.
- promote the development of discipline-specific skills appropriate to the training of those who wish to teach, those who will pursue advanced studies or professional employment, and those who will use their artistic training in community settings and other cultural service areas.
- enable all students to benefit from the cultural richness of our heritage through both traditional and experimental performance practices.

Careers in music include performer, educator, conductor, composer, arranger, accompanist, recording engineer, radio/television audio engineer, music minister, music therapist, private instructor.

Degrees and Certificates offered:

- Music Associate of Arts Degree
- Music Theory Certificate
- Music History Certificate
- Music Technology Certificate

Music certificates are locally approved and are NOT notated on the student's academic transcript in accordance with State regulations.

Students planning to transfer to a four-year institution and major in music should consult with an advisor regarding the transfer process and lower division requirements. For more information please call (760) 773-2574.

NUTRITION

The dietetic technician program prepares students to take the ADA Registration Examination for Dietetic Technicians administered by that agency. Students complete articulated classes at COD and complete the degree at Chaffey College, whose program is approved by the Commission on Accreditation for Dietetics Education of the American Dietetic Association (ADA, 120 S. Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, 800/877-1600).

Dietetic technicians are employed as managers in a designated unit or department in health care, community care, school food service, county health, and community directed programs of nutrition services for elderly, infants, or children.

SCIENCES

BIOLOGICAL AND PHYSICAL

The Science Department has available a broad offering of courses in the biological and physical science disciplines. The aim of the department is to provide instruction to a large number of general students as well as those with a goal of majoring in science. To this end, courses for the non-science major are transferable to other institutions for general education requirements. Courses designed for science majors parallel content, level of instruction and units found in university systems. The department also offers a complete sequence of science courses leading to a nursing program and related paramedical qualifications.

Specified high-unit majors do not complete the transfer general education certification and must meet with their faculty advisors for general education requirements for graduation. For more information please call (760) 773-2573.

BIOLOGICAL SCIENCES

Biology is the study of living organisms, and includes plants, animals, bacteria and fungi. Biology studies their molecular and cellular structures as well as the whole organism and also includes structure - function relationships and organismal behavior.

Career paths chosen by students pursuing undergraduate studies in biology commonly include pharmaceutical sales, biomedical research, biomedical engineering, fish and wildlife biology, animal handler/trainer, zoo/aquarium biologist, forestry service, national parks service, environmentalist, biology teacher.

Careers in the discipline that generally require graduate-level degrees include medicine, pharmacy, veterinary, optometry and dentistry, bioinformatics (biology & computer science), medical research, and scientific research. Even students who choose not to major in biology find that coursework in the field can improve their ability to think critically, solve complex problems, improve their skills at writing, research and analysis, understand modern scientific, medical and environmental issues as well as their own health issues.

College of the Desert's biology curriculum includes course offerings that provide a general overview of the discipline, as well as coursework in mathematics, physics and chemistry.

The College offers an Associate of Science degree, as well

as courses leading to transfer to a university. Students earning an associate's degree in biology may pursue entry-level positions as laboratory assistants or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has transfer agreements with the California State Universities and University of California systems in this discipline/program. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

Students majoring in biological science, medicine, pharmacy, dentistry, or allied fields should complete Biology 5 & 6, Chemistry 1A & 1B, and two semesters of calculus to establish a strong foundation prior to transfer.

114 Physical Sciences

PHYSICAL SCIENCES

Physical Science is the study of inanimate natural objects, including chemistry, geology, physics and astronomy.

Career paths chosen by students pursuing undergraduate studies in the physical sciences commonly include chemistry, physics, engineering, geology, astronomy and environmental science.

All careers in the discipline generally require graduate-level degrees. Even students who choose not to major in physical sciences find that coursework in the field can improve their ability to solve complex problems by using critical thinking and to perform research and analysis.

College of the Desert's physical science curriculum includes course offerings that provide a general overview of the discipline for students seeking a bachelor's degree in a nursing program and students planning to be K through 12 teachers. Our primary function is to teach courses designed for majors in the specific disciplines.

College of the Desert offers Associate of Science degrees, as well as courses leading to transfer. Students earning the degrees may also choose to continue their study toward baccalaureate or advanced degree in the field. COD has transfer agreements with the California State Universities and University of California systems in this discipline/program. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. SOCIAL SCIENCES

The social sciences program at College of the Desert consists of the seven disciplines of anthropology, geography, history, philosophy, political science, psychology, and sociology plus a certificate program in Human Services/Alcohol Drug Studies. The courses offered in each discipline serve both as general surveys of each field and as general education and transfer requirements.

Social sciences majors find jobs in social service agencies, non-profit organizations, government agencies, educational institutions, hospitals, rehabilitation centers, libraries, probation departments, and correctional institutes. Social Sciences majors also find jobs in business and industry in market research, survey research, public relations, management, advertising, human resources, sales, counseling, and as forensic anthropologists and archeologists. Careers that generally require graduate-level degrees include teacher, researcher, field anthropologist, historian, counselor, criminologist, urban planner, lawyer, political consultant, pollster, political campaign manager, philosopher, psychologist, psychiatrist, and human resources director. Even students who choose not to major in the social sciences find that coursework in the various disciplines prepares them to understand organizational and group dynamics, incorporate logic and reasoning in everyday life, understand research and statistical analysis, and connect personal problems to social issues through critical analysis.

College of the Desert’s social sciences program courses are designed to provide students with a general overview of various disciplines of the social sciences, help students meet general education requirements for transfer to four-year institutions, and provide them with supporting courses for majors in other programs. Within the social sciences program, students can earn an Associate of Arts degree in any of the seven disciplines and/or a Certificate of Achievement in Human Services/Alcohol & Drug Studies. Students earning an associate’s degree within the social sciences program have a choice of pursuing positions as community support worker, gerontology aide, compensation/benefits worker, consumer survey advisor, delinquency counselor, insurance agent/broker, social welfare examiner, peace corps/VISTA worker, research assistant, claims representative, case aid worker, human resources assistant, public opinion surveyor, community service agency worker, or continuing their studies toward a bachelor’s or graduate degree. COD has transfer

agreements with the California State Universities and University of California systems in the disciplines contained within the social sciences program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2574.

STUDENT DEVELOPMENT

Student Development programs and courses are designed to prepare students for college experiences, academic achievement, and success in educational and occupational pursuits. Each course is designed to assist groups of students who share either common goals or common difficulties in reaching their goals.

New and re-entering students who might benefit from guidance in time management, study techniques, educational planning, setting realistic goals, changing careers, etc., are able to earn credit and reap personal benefits through Student Development courses. For more information please call (760) 773-2520.

THEATRE ARTS

Theatre arts is the study of the creative, historical, technical, and cultural aspects of performance. Career paths chosen by students pursuing undergraduate studies in theatre arts commonly include performance, education, design, and communication. Careers in the discipline that generally require graduate-level degrees include dramatic criticism and education. Even students who choose not to major in theatre arts find that coursework in the field can improve their ability to communicate, problem solve, speak publicly, build self confidence, and work successfully both collaboratively and independently.

College of the Desert's theatre arts curriculum includes course offerings that provide a general overview of the discipline, as well as training in acting, dance, musical theatre, makeup, design, and technical production.

The College offers an Associate of Arts degree, as well as courses leading to transfer. Students earning an associate's degree in theatre arts may pursue entry-level positions as performers and technicians or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has transfer agreements with California State Universities, the University of California systems and independent colleges and universities in this discipline/program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. For more information please call (760) 773-2574.

WORK EXPERIENCE EDUCATION

Cooperative Work Experience Education is an important component of the education and training that students receive at College of the Desert. The program is a hands-on learning tool that links academics to their current real-world work environment. Work Experience provides an opportunity for students to create and accomplish their own measurable learning outcomes that are new or expanded responsibilities. The goal is for students to become better employees, work on new projects that add to their resume, and enhance their job skills. Work Experience is a course designed for students who are cross training at their current worksite or intern site for upward mobility or possible career changes as well as those looking for entry-level occupational training through work-based learning experiences. College of the Desert recognizes job experience as a valuable learning resource. It has the uniqueness of turning community business, industry, and public agencies into an extended educational training.

Advisor: M. Richards

Work Experience can offer you:

- An opportunity to link classroom learning on the job
- College units
- A chance to learn if you are in the right academic/career field
- An environment to find out what you like and do well
- A reason to stay in college
- Appropriate bullets on your resume
- Up to date laboratory experience
- Job contacts
- Practical experience
- Build confidence at work

Types of Work Experience

1. **General Work Experience Education** is supervised employment of students with the intent to assist them in acquiring desirable work habits, positive job attitudes, and career awareness. Students' jobs need not be directly related to their educational goals. Students may register for 1-3 units per semester with a maximum of 6 units in General Work Experience during their college career.

2. **Occupational Work Experience Education** is supervised employment of students designed to extend their classroom-based occupational learning at an on-the-job site in fields directly related to their educational or occupational goals. Students may register for 1-4

Occupational Work Experience units per semester with a maximum of 16 Work Experience units during their college career.

Students may utilize their present work sites for improving skills or choose internships in another area through the Work Experience Office. Certain volunteer training activities may also qualify for college credit through Work Experience, provided that meaningful objectives are set and accomplished.

Transferrable Units

Up to 16 units may be used as elective credit for the AA/AS degree. Certain COD programs require Work Experience units and/or allow them as electives within the requirements. All CSU campuses accept COD Work Experience units for elective transfer credit. (*There are CSU campus limits on the maximum number of Work Experience transfer units accepted.*)

Eligibility

In order to be eligible for Cooperative Work Experience Education, students must:

1. Currently work, volunteer, or intern within 2 hours of COD
2. For each unit earned, Work Experience participants are required to complete:
 - * 75 hours of paid work, or
 - * 60 hours of volunteer work
3. Be enrolled as a College of the Desert student
4. Pursue a planned program of Work Experience that includes new or expanded responsibilities or learning opportunities beyond those of previous employment and training.

Note: Students with an F-1 visa must make a formal application to US Immigration and Naturalization Service before they can begin any paid employment. Contact the International Student Office for more information.

How to Enroll

- Register for the appropriate section (see current class schedule). For Occupational Work Experience sections, students must be working or interning in a field directly related to their declared major. All others must register for a General Work Experience section.
- **Pick-up and complete the required application packet** in Central Annex 14, or online at collegeofthedesert.edu/workexperience
- **Attend an orientation** and bring the completed application packet with you. Students who complete the orientation online will need to return their application to Central Annex 14 during the first week of the session.

CLASSIFICATION AND NUMBERING OF COURSES

There are three types of courses/classes offered by College of the Desert:

1. Credit Courses - Courses numbered 1-99 are credit courses. A credit course is a part of an approved educational program or major. The credit awarded by College of the Desert for completion of most courses is accepted as a completion of a portion of an appropriate educational sequence leading to an Associate Degree or Baccalaureate Degree by the University of California, the California State University or an accredited independent college or university. A few remedial courses in Basic Skills are offered for credit but do not count toward completion of a program or major.

2. Noncredit Courses - Courses numbered 100 and above are designed for students who are not candidates for degree programs and work in such courses is not applicable toward graduation. Non-credit developmental courses are offered in Adult Basic Education (ABE), high school completion (GED), English as a Second Language Noncredit (ESLN), and DSPS courses designed for students with disabilities. All noncredit courses are graded only on a pass (P) and no pass (NP) basis.

3. Community Education Classes - Classes are designed for students whose primary motive for activity and learning is personal enrichment only. The classes carry no academic credit and are supported by class fees.

ABBREVIATIONS AND SYMBOLS

Kind of Grading

- L = Letter Grade Only
- K = Mandatory Pass/No Pass
- O = Optional Pass/No Pass

Transfer Status

- CSU = meets baccalaureate criteria for the California State University system.

ALCOHOL & DRUG STUDIES

HSAD-001 INTRODUCTION TO ALCOHOL/ DRUG STUDIES Units: 3

This is a survey course that examines, interprets and evaluates the significant terms and definitions used in the study of drugs, addiction and alcoholism as a family affair. It looks at the causes and consequences of alcohol/drug use and abuse (i.e. psychological, sociological, physiological, economic, and political), as well as the myths, images and stereotypes of substance abuse and substance users. It examines the modalities utilized in education, prevention, intervention,

treatment, recovery, and relapse. This is the basic prerequisite for the Alcohol and Drug Studies Certificate.

ART**ART-001A BEGINNING DRAWING AND COMPOSITION Units: 3**

This course is an introduction to the fundamentals of drawing and composition. Through hands-on assignments, drawing techniques covered include traditional approaches of line application, charcoal shading and ink wash techniques. Throughout the course, emphasis is placed on the use of basic visual elements and organizational principles of compositional structure. These techniques enable the student to communicate visual images as creative statements.

ART-001B INTERMEDIATE TO ADVANCED DRAWING AND COMPOSITION Units: 3

This is an intermediate to advanced course in the methods of drawing and composition with an emphasis on the use of color. Students build on beginning level skills through a continued study of traditional drawing approaches and are then introduced to intermediate through advanced drawing problems. An emphasis on experimental applications with color media such as pen and inks, dry and oil pastel, oil stick, colored pencil and mixed media occurs. Focus is on the development of images that are created through the use of intermediate to advanced applications of technical processes, color theory use and compositional structure. Historical applications of drawing and different conceptual approaches to the mark making process are studied. Under faculty guidance, students develop a pictorial series resulting in a personal portfolio that reflects their individual expression. May be taken for a total of three times.

DEPARTMENTAL SEMINARS

Departmental Seminars, designated as Course Number 48A, 48B, 48C (1, 2, and 3 units respectively) may be conducted by any department. They are designed to provide an opportunity for students to work in small groups with one or more instructors. The course provides the students an opportunity to participate and interact with their instructors and colleagues to extend their knowledge and understanding of some particular problem or topic within the general scope of departmental offerings which are not contained in scheduled courses.

The exact nature of the individual assignments depends upon the nature of the study and topic involved, but all seminar students are expected to complete at least one of the following: a project, field study, survey, written report, and/or term paper.

Seminars bring together active and retired personnel resources in the community to work with faculty and students to extend depth, imagination, and applicability to the programs of instruction. A maximum of six seminar units are accepted for the A.A. or A.S. Degree.

DIGITAL DESIGN & PRODUCTION**DDP-001 COMPUTER GRAPHICS I Units: 3**

This course provides an introduction to the process of creating, capturing, and modifying graphical images using the software most commonly found in the graphical design industry today: Adobe Photoshop, Adobe Illustrator, and Macromedia FreeHand. Photoshop is used for the capture and manipulation of images either scanned or digitally photographed: Illustrator and FreeHand are used for the original creation of both type and artwork, with emphasis on layout, color and content. G-005 ENVIRONMENTAL GEOLOGY Units: 4

This course surveys geologic hazards such as flooding, landslides, earthquakes, and volcanic eruptions that affect humanity and studies means by which they may be mitigated. Geologic resources such as groundwater, surface water, and soil are studied to assess supply, conservation practices, and contamination mitigation. Mineral, fossil fuel, and alternate energy resources are examined for potential and for environmental assessment of production and consumption. Land-use planning and environmental impact analysis integrate the foregoing.

The laboratory portion applies, on a practical basis, aspects of the above in the classroom and in approximately 16 hours in the field.

Note: This course is suggested for students in any major which deals with human interactions with the physical environment, such as architecture, engineering, environmental studies, city planning, natural resources, geology, and geography.

JOURNALISM**J-003A NEWS REPORTING & WRITING Units: 3**

This course provides a solid foundation in practical journalism skills. Through in-class discussion, writing assignments, field trips to local newsrooms and completing several published news stories, students learn news judgment, fairness, the language and style of journalism, how to construct news leads, how to organize and structure news stories, the process of information gathering, interviewing and a basic overview of the laws and ethics of journalism. These basics are relevant for print, broadcast and online journalists.

MASS COMMUNICATION**MC-001 MASS MEDIA IN AMERICAN CULTURE Units: 3**

This course introduces students to the influences and contributions of mass media in popular culture. It traces the historical development of each of the mass media, from earliest inventions to today's state-of-the-art digital technologies. This course surveys the impact of mass media on each of us as individuals and on American and world culture: where we might be going and what we can do about it. The course also examines how mass culture continually influences and shapes the media.

This course teaches the basic principles and application techniques of theatrical, film, print, television and special effect make-up. It executes the learned skills in a laboratory atmosphere utilizing current sanitation rules and regulations as established by the state of California. Students create an accurate pictorial dictionary, a "morgue", and use it as a reference in creating makeup executions. Students learn to create characters from scripts using design, timeline plots, visual renderings and written descriptions. Students learn facial anatomy and its relationship to make-up placement and color. Students learn product knowledge, including how to access appropriate materials. Other topics include pre and post production responsibilities of a make-up designer/artist applicable to various venues. May be taken for a total of two times.

Original College Library:

Now the Hilb Student Center, this building was the original student library at College of the Desert. In this historic photo, the building nears completion in the 1960s. A new library was constructed in 1996 to house the College and the City of Palm Desert operations, after which the original building became the hub of student activities. COD continues to grow in 2008, 50 years after it was founded.

**THE FACULTY CODE
OF PROFESSIONAL ETHICS**

Guided by a profound belief in and respect for the inherent dignity and worth of each individual in the culturally diverse community we serve, the faculty at College of the Desert endeavor to:

- ◆ place as their highest priority excellence in teaching, continually striving to improve scholarly and professional competence, maintaining personal and academic integrity, and accepting the role of intellectual guide and facilitator;
- ◆ encourage the free pursuit of learning, honoring the confidential nature of the relationship between instructor and student, avoiding exploitation of students for private advantage, and holding before them high scholarly standards for their discipline and appreciation and respect for others;
- ◆ accept accountability for maintaining honest academic conduct, high standards of performance, and evaluation that reflects the true merit of students, courses, programs, and services;
- ◆ accept the obligations associated with membership in a community of scholars that includes practicing, fostering and defending intellectual honesty, freedom of inquiry and instruction, social responsibility, and respect for the opinion of others;
- ◆ acknowledge the rights and obligations associated with the role of citizen within the community ensuring that views expressed within that society are represented as those of a private citizen rather than those of a spokesperson for the College.

The Beginning:

In 1958, all that stood on the future site of COD was the main house on the Odell Ranch, surrounded by date groves and vineyards. The owners sold the property to the new Coachella Valley Junior College in 1958, the year COD was founded. The building still stands: It houses the COD Foundation and the COD Alumni Association.

NOTICE OF DISCLAIMER

Every reasonable effort has been made to determine that everything stated in this 2008-2009 Catalog is accurate. Because this publication must be prepared well in advance of the period of time it covers, changes in some programs inevitably will occur.

Courses and programs offered, together with other matters contained herein, are subject to change without notice by the Administration of the Desert Community College District or College of the Desert and, in addition, some courses or programs that are offered may have to be cancelled because of insufficient enrollment or because of elimination or reduction in programs or because of any other reason considered sufficient by the College President or designee.

The District and College further reserve the right to add, amend, or repeal any of their rules, regulations, policies or procedures.
