1. Update on Flex Presentation (Oscar)

A half day presentation has been reserved on the Flex calendar; awaiting for confirmation on date.

This work group, which includes faculty, will be meeting after commencement.

2. "MyPath" demo (Amanda)

MyPath is a State Chancellor's Office initiative, a guided pathways tool that is integrated with CCCApply. It pulls in information about the student from various systems, and presents a customized, prescriptive user experience that is individualized for every student. It promotes student success by guiding the student during the matriculation process. Target to go live with MyPath is May 30th. A few benefits:

- Provides information to students that we want them to know immediately after they apply. Currently students have to wait 24-48 hours to move forward with their financial aid application.
- An account to the MyPath portal is created when the student creates their CCCApply account.
- Will give students access to Career Coach, which provides national data on jobs and programs, drilling down to the regional level.

3. Dissemination

- A. Video (Veronica and James) – The subcommittee working on the GP video met last week. They provided a video summary outline (copy attached). They hope to create the video over the summer to show at Flex.
- B. GP Website (Karen) – Request to add a Guided Pathways button on the COD home webpage has been forwarded to Executive Cabinet for consideration.

4. Summer meeting schedule (Karen)

Results of Doodle Poll: Wednesday mornings. Consensus to meet on the second and fourth Wednesday of the month, 11:00 a.m. to 12:30 p.m. beginning June 13th. Brown bag lunch.

5. ASCOD Presentation (Donna)

Students excited after Donna's presentation on Guided Pathways. Asked how they can participate and provide feedback to this group. Students were made aware of their representative on the task force and informed that all of the task force meetings are open meetings.

6. Suggested Summer Topics

- Flex presentation
- Plan Fall activities to elicit feedback from all constituents
- Produce video
- Approach a Sociology instructor to ask if their class would like to design a survey project to get feedback from constituents
- Meet with EDGE team to ask about the barriers the high school students are encountering

Next Meeting:
