College of the Desert to Host Virtual Community Forum for the Palm Springs Development Project

The public is invited to participate in a Virtual Community Forum regarding programming for College of the Desert's Palm Springs Development Project-Phase 1. The event will be held on August 4, 2022, at 5:30 p.m. via Zoom <https://bit.ly/3Q8RkVn>. The forum will be viewable on the College's YouTube at the time of the event.

The Palm Springs Development Project-Phase 1 is currently in the programming (or pre-design) phase of the project. During this phase, the scope of the work is determined through exploring building and user requirements. During the Virtual Community Forum, viewers will be invited to provide their input by completing a feedback survey. This feedback survey will assist College of the Desert in getting a holistic view of the community needs of the Palm Springs area and refine how the project can best benefit students.

For those who are unable to attend the event during its live broadcast, the recording and feedback survey will be posted until August 18th.

More information about the Palm Springs Development Project is available at www.CollegeoftheDesert.edu.
