We are pleased that you are interested in the Nursing Program at Desert Community College District.

Registered Nursing Program

Health Sciences/ECE/PE/Athletics

☎ (760) 773-2579  ✉ www.collegeofthedesert.edu

The program is approved by the California State Board of Nursing and is nationally accredited by the National League for Nursing Accrediting Commission (NLNAC).
What are the requirements for application to the program?

- Human Anatomy, with a lab, (4 semester unit minimum)
- Human Physiology, with a lab, (4 semester unit minimum)
- Microbiology, with a lab (4 semester unit minimum)
- College level, transferable English composition/research course (3 semester unit minimum)
- Science GPA of 2.5 including no grade less than “C” and no more than 1 repeat of any one of the three science courses within the past 7 years.
- Overall grade point average of 2.5 for all courses taken within the past 7 years.

Lower division credits earned at another college may be granted transfer credits and be used to satisfy graduation requirements if the courses are equivalent to those offered by COD. The College Transcript Evaluator can provide information regarding equivalency status. All transfer courses from other institutions **must** be from an accredited institution.

Contact the general Counseling Department @ (760) 773–2520 for further information regarding these requirements.
When can I apply to the program?

- There are two application periods each year. Applications are not available until the first day of the application periods. Applications from previous periods are not allowed to be used toward submission in future application periods.

- Application periods are accepted during the following periods:

  - **Application period #1**
    - March 1st to March 21st*
    - for the following Fall semester

  - **Application period #2**
    - August 1st to August 21st*
    - for the following Spring semester

- Submit a Letter of Application to the Nursing Program and provide all specified information by the closing date for application. **ALL** official transcripts must be submitted to the Division Office with the application by the stipulated deadline.

  *Unless date falls on a weekend, when the application period will end at 2:00 pm on the Friday before the 21st.
How does the selection process work?

- At the close of each application period eligibility will be determined and a computerized random draw will be used to establish a list of qualified applicants. Applicants with 12 units at COD or Palo Verde College (taken within the past 3 years) are given preference. _No wait list is maintained_. Students not selected must re-apply at the next application period.

- All persons submitting Letters of Application will receive notification advising them of their application status.
  
  _It is very important that you inform the HS/ECE office of any changes to your name, address, phone number, or email. We will not be responsible for notices not received due to erroneous information provided._

- Application criteria, program eligibility, and selection processes are subject to change.

- Additional detailed information regarding applicant eligibility and the selection process is found on the HS/ECE website on the ‘Registered Nursing’ webpage. Prospective students are encouraged to check the division webpage periodically to remain updated.
How do I apply to the program?

- Download or request a Letter of Application to the Nursing 1 from the Health Sciences/ECE (HS/ECE) Division. The application for Nursing 1 is available twice yearly (March 1st to March 21st, and August 1st to August 21st). Complete and return the application to the HS/ECE office postmarked within established deadline. We advise that applicants plan ahead in the event that the deadline falls on a weekend as applications will not be available nor will they be able to be hand delivered and received by the HS/ECE office.

- Supply all the appropriate data listed on the Letter of Application. It is the Applicant’s responsibility to make certain that all necessary materials are submitted to the HS/ECE office by the deadline date. An incomplete application disqualifies you from consideration for that applicant selection pool. Applications will not be reviewed by staff at the window for completeness. Please call the HS/ECE Division if you have questions.

- Application to COD is required once student is accepted to the program. Activation of COD student email is highly encouraged as soon as possible. All official program notices will use this address.

- We encourage prospective applicants to attend nursing information sessions, which are periodically hosted by the division throughout the year, to gain a better understanding of ADN application and program processes. A calendar with the schedule of sessions is available at: http://www.collegeofthedesert.edu/students/ss/ap/healthsciences/Pages/RegisteredNurseADN.aspx.

- For all other advising needs, please contact the general Counseling Department at COD (760) 773–2520. Services include academic advising, transcript evaluation, education planning, referrals to program and campus resources, and review of graduation requirements.
## Registered Nursing Course Sequence

* Applicants are advised to check for additional prerequisite requirements of these courses. Please check with the Counseling Services office if you have questions.

** For students who have been admitted to a community college that operates a registered nursing program, COD shall not require students who have already earned a baccalaureate or higher degree from a regionally accredited institution of higher education to undertake any coursework other than the coursework that is unique and exclusively required to earn a nursing degree from that institution.

Core Performance Standards

In compliance with the Americans with Disabilities Act, students must be, with reasonable accommodation, physically and mentally capable of performing the essential functions of the program. The Health Sciences/ECE Division faculty adopted the following core performance standards:

Physical Demands – The student must be able to:

- Be on your feet 6-12 hours at a time and perform activities that include reaching, balancing, carrying, pushing, pulling, stooping, bending and crouching;
- Lift and transfer adults and children from a stooped to an upright position to accomplish bed-to-chair and chair-to-bed transfers;
- Lift and adjust positions of bedridden patients, including pulling as much as 12 inches toward the head of the bed;
- Physically apply up to ten pounds of pressure to bleeding sites or to the chest in the performance of CPR using hands, wrists and arms;
- Maneuver in small spaces quickly and with ease;
- Perform fine motor skills that require hand/eye coordination in the use of small instruments, equipment and syringes;
- Feel and compress tissues to assess for size, shape texture and temperature

Senses – The student must be able to:

- Visually read calibrated scales in increments of one-hundredth of an inch in not more than a three inch space;  
- Perform close and distinct visual acuities involving persons and paperwork; 
- Visually discriminate depth and color perceptions; 
- Identify and distinguish odors that are pungent, such as the products of infection or metabolic imbalance (e.g., ketones); 
- Respond and react immediately to auditory instruction, requests, signals, and monitoring equipment;  
- Perform auditory assessments requiring the distinguishing of variances in sounds (e.g., tones and pitches)

Attitudes – The student must be able to:

- Learn to perform mathematical calculation for medication preparation and administration in a timely manner;  
- Learn to communicate effectively, both orally and in writing using appropriate grammar, vocabulary, and word usage as well as medical terminology; 
- Comprehend verbal and written directions, making correct notations and responding as directed;  
- Make proper and timely decisions under stressful and emergency situations
Mandatory Program Requirements

Mandatory Pre-Enrollment TEAS Test:

> California state legislation, SB 1309, requires all accepted applicants in a grant-funded Registered Nursing Program to take and pass a Test of Essential Academic Skills (TEAS) exam (basic Mathematics, English, Reading, and Science). This test is given to better ensure that the students entering the Registered Nursing Program have an adequate level of knowledge in the content areas of Math, English, Reading, and Science.

> All students accepted provisionally into the RN program must take the TEAS test. TEAS testing taken at College of the Desert will automatically have results recorded for your student file at no cost.

> Provisionally accepted students who do not score at least 62% on the TEAS (Version 5) will be required to complete remediation and re-test prior to full acceptance into the program.

> More information is available online at:
  - http://www.collegeofthedesert.edu/students/ss/ap/healthsciences/Documents/TEASandyou.pdf
  - http://www.collegeofthedesert.edu/students/ss/ap/healthsciences/Documents/CODTEASinfosheet.pdf

Mandatory Background Screenings:

> COD Health Sciences programs and courses that include clinical rotations at any or all of the local Coachella Valley hospitals will require criminal background checks for students who are enrolled in a course that includes clinical experience.

> Continuation in a course with a clinical component is contingent upon satisfactory (clear) background check. Please view further information regarding this requirement at: http://www.collegeofthedesert.edu/uploadedFiles/criminabgcheck/pdf.

> The student is required to assume the cost for these screenings.
Mandatory Program Requirements ...continued...

**Miscellaneous Other Program Requirements:**

- **A physical examination is required prior to the first clinical experience.** Specific titers and/or immunizations are required. Information on health screening will be supplied with your letter of acceptance.

- **Student uniforms are required in the clinical areas.** Only the COD student uniform in the designated color/style is acceptable. Information will be available at the time of program acceptance.

- **Students are to provide their own transportation to and from school and clinical areas, and provide childcare as needed.**
Approximate Expenses  

(Subject to Change Without Notification—Revised Apr. 2011):

- Enrollment Fees (36 units @ $36.25 per unit) .......................................................... $1,305.00
- Mandatory Health Service Fee ($14.00 per semester) .................................................. $56.00
- Mandatory Student Fee ($1.00 per semester) ............................................................... $4.00
- Mandatory Nursing Malpractice Fee ($10.00 per semester) ........................................ $40.00
- Mandatory Background Screening .............................................................................. $52.00
- Student ID Card ($10.00 per semester) ....................................................................... $40.00
- Parking Fee ($20.00 per semester) ............................................................................. $80.00
- Mandatory Nursing Supply Kit: First Semester (Nursing 1) ........................................ $85.00
- Mandatory Nursing Supply Kit: Second Semester (Nursing 2) ............................... $50.00
- Mandatory Nursing Supply Kit: Third Semester (Nursing 3) ................................. $79.00
- Mandatory Nursing Supply Kit: LVN–RN Transition (HS 055) ............................... $131.00
- Mandatory Physical Exam (estimate; one time only) .............................................. $65.00
- Immunizations/Titers (estimate) ................................................................................ $450.00
- CPR Class .................................................................................................................. $45.00
- Books (estimate) ........................................................................................................ $1,087.00
- Uniforms, Supplies, Equipment (estimate)...(most supplies available at COD bookstore) .................................................. $250.00
- Licensing Examination Costs (one time only) .......................................................... $400.00
- Interim Permit Fee (one time only) .......................................................................... $50.00

(Tuition fees for foreign students and out-of-state residents listed in the current class schedule.) $4,269.00
Advanced Placement:

Advanced placement is defined as entering the program at a level beyond the first semester. Potential students include students who wish to transfer from another nursing program, LVN’s wanting to continue their education to become registered nurses, and student wishing to apply equivalent health care experience toward an Associate Degree in Nursing.

- LVN’s seeking advanced placement in the program may pursue and LVN–RN Transition degree or non-degree (“30-unit”) option. Information regarding this process may be obtained by viewing http://www.collegeofthedesert.edu/Students/ss/ap/healthsciences/Pages/AdvancedPlacement.aspx or by contacting the HS/ECE office at (760) 773-2579 or (760) 568-3093.

- Students seeking transfer from another accredited nursing program, and International applicants seeking additional coursework for licensure purposes, will be accepted into nursing courses on a “space available” basis after evaluation of application and all transcripts. Download or request the Transfer Application from the HS/ECE Division. Please view current policy information in the COD College Catalog.

NOTE: Current increased enrollment numbers in the RN program have made placement in the 30-unit Option track and accommodation of Transfer applicants very difficult. Please continue to monitor the Nursing website for updated information.
FAQs – Recommended Courses:

It is strongly recommended that students seeking acceptance to the Nursing Program take the following classes prior to entrance:

**HS 61 (Medical Terminology).** This course introduces medical terminology as used by all health service personnel.

**HS 64 (Nurse Assistant).** This course teaches basic nursing principles used in the care of clients in long-term nursing facilities.

**HS 67 (Introduction to Med/Dosage Calculations).** This course provides a basic foundation for general principles of drug administration with a review of arithmetic and the calculation of math dosages.

**HS 70 (Introduction to Health Sciences).** This course provides detailed information about Health Sciences program requirements and career objectives. This course will satisfy one unit of the physical education requirement for an associate degree from COD.

**HS 71 (Strategies for Success in a Nursing Program).** This course is designed to prepare students for the successful completion of the nursing program by providing an overview of program requirements and expectations, information, and skills that facilitate student success once admitted into the program.

**HS 81 (Basic Arrhythmias).** This course is designed for persons interested in working with patients who require cardiac monitoring by providing an overview of anatomy and physiology of the heart and the conduction system. Normal and abnormal rhythms of the heart are studied and recognition of cardiac rhythms that require immediate intervention.

**HS 13 (General Nutrition).** This course is a study of the chemical composition of foods and their utilization by the body. Practical problems of nutrition and relationship of adequate diet to physical and mental health are covered.

**STDV 11 (Introduction to Scholarships).** This course introduces students to books, software and internet sites that offer scholarships. Instruction is given on how to request, complete, submit, and set up a system of organization of scholarship materials.
FAQs – Registered Nurse Licensure:

● A State Board of Nursing, including California, may deny applications for permanent licensure, interim permits and temporary licensures if the applicant has been found guilty of dishonesty, fraud or deceit, acts which deceive the public; felony, child abuse, sex offender crimes; acts involving narcotics, dangerous drugs or devices, assault and/or battery and other crimes. **Detailed information available at [http://www.rn.ca.gov/lic/lic-dispinfo.htm](http://www.rn.ca.gov/lic/lic-dispinfo.htm).**

● Applicants are advised to explore other career opportunities prior to investing substantial time in a nursing program if it appears that a prior serious act or conviction may jeopardize licensure.

● Completion of the nursing program and graduation from College of the Desert is not a guarantee of RN licensure.

● Applicants who have questions regarding limitations related to licensure should contact the California Board of Registered Nursing (400 R Street, Suite 4030, Sacramento, CA 95814; (916) 322–3350; [www.rn.ca.gov](http://www.rn.ca.gov)).

Accreditation Agencies Contact Information:

**California Board of Registered Nursing (BRN):** 1625 North Market Boulevard, Suite N217, Sacramento, CA 95834–1924; (916) 322–3350; [www.rn.ca.gov](http://www.rn.ca.gov)

**National League for Nursing Accrediting Commission (NLNAC):** 3343 Peachtree Road NE, Suite 500, Atlanta, GA 30326; (404) 975–5000, Fax (404) 975–5020; [www.nlnac@nlnac.org](http://www.nlnac@nlnac.org)
Disclaimer:

There shall be no discrimination on the basis of race, national origin, religion, creed, sex, age, veteran status, or handicap in either the selection of students for participation in the Program, or as to any aspect of the clinical training; provided, however, that with respect to handicap, the handicap must not be such as would, even with reasonable accommodation, in and of itself, preclude the student's effective participation in the Program.

Spanish:

Igualdad De Oportunidades Y Titulo IX

En el “Desert Community College District” (DCCD) reconocemos que la diversidad en el ambiente académico promueve la interacción cultural, el entendimiento, el respeto, la armonía y la creatividad. Para lograr este objetivo, en este distrito nos hemos comprometido a implementar las reglas y pólizas al proveer las mismas oportunidades a todos y prohibir la discriminación basada en la raza, el sexo, el color, la religión, la edad, (más de 40), el origen nacional, la invalidez, el estado civil, la veteranía de la Guerra del Vietnam, la orientación sexual, la descendencia y prohíbe el hostigamiento. Este compromiso envuelve todas las facetas de las reglas y pólizas para el empleo, el desarrollo, la promoción y el trato de los empleados, de los estudiantes y del público en general. En este distrito creemos que para cumplir con las reglas federales y estatales, la mesa directiva, la administración, el cuerpo docente y el personal deben reconocer que la oportunidad igual de empleo es la responsabilidad de todos, y cada cual es responsable de implementarla en su correspondiente área. Con los esfuerzos de todos, el DCCD impartirá justicia e igualdad.

Continuaremos nuestros esfuerzos para asegurarnos que los procesos de enlistamiento, selección, contratos y promociones cumplan con las reglas de igualdad en las oportunidades y la diversidad del personal.

En el DCCD también nos comprometemos a no discriminar en el proceso de admisiones, el financiamiento de estudios, las actividades para estudiantes y el empleo, sin importar la raza, la religión, el género, la edad, la invalidez, o el origen nacional. La coordinadora del programa de anti-hostigamiento, igualdad de oportunidad, Titulo IX y la acta de los Estadounidenses inválidos es el vice-presidente de personal y representante de relaciones personales. Su oficina se encuentra en el edificio al sur de la librería. También se le puede llamar al (760) 773-2529. La habilidad en inglés no será impedimento para matricularse en un programa vocacional.
