##### **2. Information/Discussion Items**

###### **2.1 Introductions**

Jeff Baker welcomed everyone, and introductions were made around the room.

###### **2.2 Guided Pathways Vision for Success**

- Jeff Baker outlined Guided Pathways goals, as well as, the principles of Guided Pathways as a whole.
- We need to listen to students, build stronger bridges to community, and provide high quality education.
- The Guided Pathways will be utilizing these monthly General sessions to connect the work of the Pillar Teams; one goal for the year shared by the Pillar teams is work around completion.

###### **2.3 Working Toward Meaningful Completion**

- Christen Smith gave a presentation comparing completion to a race; pointing out the importance of guidance choosing a race course, direction starting, support staying on course, and checks and balances ensure success of racers for current and future races.
- The presentation highlighted the importance of using data to guide Guided Pathways work

###### **2.3 Conclusion**

Our themes for 2019-2020 are:

- Maintaining focus on the student lens as we do Guided Pathways work
- Using data to better understand our students and make decisions to support student success.
- Build a culture where all faculty, staff, and students ask, “how can we help students complete?”

#### **2.4 Guided Pathways Data**

- Dr. Martinez presented the current COD data regarding the most recent completion rates, as well as student demographics, credits earned, and completion of first-year Math and English. Data highlighted comes for the Guided Pathways Vision for Success.

#### **2.5 Co-chairs Intros and Updates**

- Pillar 1 conducted the meta major sorting activity and compiled the data.
- Pillar 2 facilitated the completion of Guided Self-Placement and made changes to the financial aid website
- Pillar 3 has been working on professional development and will be working on campus-wide communication in the future.
- Pillar 4 will be working on the development of work experience opportunities, low cost textbooks, and obtaining data about graduated students.
