Credit - Degree Applicable

Subject

NRN - Nursing

Course Number

210C

Full Course Title

Chronic Alterations in Health: Clinical

Short Title

CHRO ALT HEALTH: CLINICAL

Discipline

Disciplines List

Nursing

Modality

Face-to-Face

Catalog Description

This course provides an opportunity to apply the knowledge from co-requisite courses to the care of adult clients experiencing chronic alterations in health. Previously learned nursing principles will be used as building blocks to plan care for the needs of clients. Program concepts of professionalism, evidenced-based practice, holistic client-centered care, communication, and safety are integrated throughout the course. Learning will take place in various clinical settings. Students must be concurrently enrolled in NRN 210 and NRN 210L. Prerequisites: NRN 120C

Schedule Description

This course provides an opportunity to apply the knowledge from co-requisite courses to the care of adult clients experiencing chronic alterations in health. Learning will take place in various clinical settings. Students must be concurrently enrolled in NRN 210 and NRN 210L. Prerequisite: NRN120C

Lab Content

Care of clients with chronic alterations in health.

Clinical experience to assure that each student will have the opportunity to develop advancing competencies in the clinical setting and opportunities to meet objectives as per the clinical evaluation tool.

Course Objectives**Objectives**

Objective 1 Integrate professionalism in the collaborative delivery of nursing care.

Objective 2 Appraise evidence to guide clinical judgement towards improving patient outcomes.

Objective 3	Apply holistic client-centered care in the care of multiple clients for the purpose of optimal wellness.
Objective 4	Implement appropriate communication principles in the efforts of improving client's optimal wellness.
Objective 5	Strategize nursing interventions in the management of safety principles for clients.
Objective 6	See clinical evaluation tool for further breakdown of BRN approved objectives.

Student Learning Outcomes

Upon satisfactory completion of this course, students will be able to:

Outcome 1	Integrate professionalism in the collaborative delivery of nursing care.
Outcome 2	Appraise evidence to guide clinical judgement towards improving patient outcomes.
Outcome 3	Apply holistic client-centered care in the care of multiple clients for the purpose of optimal wellness.
Outcome 4	Implement appropriate communication principles in the efforts of improving client's optimal wellness.
Outcome 5	Strategize nursing interventions in the management of safety principles for clients.

Methods of Instruction

Method	Please provide a description or examples of how each instructional method will be used in this course.
Demonstration, Repetition/Practice	Clinical skills necessary to care for clients with commonly occurring alterations in health.
Clinical	Care of patients in clinical facilities, Simulations of clinical scenarios dealing with commonly occurring alterations in health.
Collaborative/Team	Group projects.
Discussion	Post conference discussion.

Methods of Evaluation

Method	Please provide a description or examples of how each evaluation method will be used in this course.	Type of Assignment
Behavior assessment	Demonstrate professional behavior in care of clients.	In Class Only
Computational/problem-solving evaluations	Compute and administer appropriate dosage of medication.	In Class Only
Student participation/contribution	Meet clinical lab time as required by BRN.	In Class Only
Other	Clinical judgment packets demonstrating clinical judgment of client care. Data is collected during clinical rotation with analysis and synthesis of information. Creation of packet will be done outside of the clinical.	In and Out of Class
Mid-term and final evaluations	Student self evaluation and formative and summative evaluations from clinical instructor. Evaluations are completed at home and review is done during the clinical.	In and Out of Class
Guided/unguided journals	Weekly reflections as required. Students can collect information and reflect during clinical. Creation of written journals may be done outside of clinical hours.	In and Out of Class

Assignments

Other Out-of-class Assignments

- Complete Clinical Judgement Packets
- Reflective journals
