

# WE'RE GROWING!

## Indio Campus Expansion Project

Starting the week of April 25, 2022, Civic Center Drive will permanently close between Oasis Street and Towne Street.

The expansion of the Indio Campus reflects College of the Desert's commitment to expanding educational opportunities across the Coachella Valley. The new three-story academic building will create a learning community across 67,000 square feet, including:

-  **Classrooms**
-  **Offices**
-  **Student Success Services Center**
-  **Science Labs**
-  **Café**
-  **Open Study and Collaboration Areas**

A new Child Development Center across the street will provide multiple benefits to students, faculty, and the community. The program will offer care opportunities for 80 children.

The Indio Campus will be able to serve 8,300 students, a 250% increase over the current capacity. Once work is complete in 2024, the expanded campus will also offer additional parking and traffic improvements.
