Early College for High School Students

Earn Free College Credit at COD While in High School!

The Dual & Concurrent Enrollment Programs at COD let you take college classes while you are still in high school—and earn free college credit.

Dual Enrollment:
Take college-level classes at your high school during the regular school day. These count for both high school and college credit.

Concurrent Enrollment:
Take college-level classes either at your high school (outside of the regular day) or directly at COD. These count for college credit only.

To join, you will need approval from your high school principal (or their designee). Once admitted, you will be considered a Special Admit Student at COD.

A COD ID # is required to register for dual or concurrent enrollment classes. Make sure you have fully submitted a [COD application](#) under the "High School Enrollment (K-12)" tab, to get that ID #(keep your confirmation number just in case you are asked for it by your high school or a COD staff member).

Special Admit Students are limited to 11 units per term, unless the courses are part of a College and Career Access Pathway (CCAP) agreement, in which case the maximum units per term is 15. For information about dual enrollment courses held on a high school campus under a CCAP agreement, students should speak with their high school counselor.

Once a COD ID# is received, registration for classes occurs through our new registration platform.

As part of the registration process for a class a student will apply for a course and need to obtain Parent Consent Both of which are required to begin in the programs and are valid the entire duration of your high school career, unless a written withdrawal of consent is provided by a parent.

Please note that high school concurrent enrollment students enroll during open enrollment and do not receive priority registration.

Once a student has their COD ID# and is ready to register for a class, they can click the link below and begin the registration process:

I certify that I am the parent/guardian of the above named student. I give my consent for his/her enrollment into COD courses while still in HS. I have read and understood the HS Dual and Concurrent Enrollment Policy, including the special note to parents. I give my permission for emergency first aid and treatment of my minor child/legal ward. I acknowledge that my child will be creating a permanent college academic record at College of the Desert and have read all of the requirements that my child consented to previously.

The student has confirmed that they understand the following:

1. If approved for enrollment, I give my permission for COD Admissions & Records (A&R) to register me in these classes. I understand approval does not guarantee enrollment. If the class fills, I will obtain a Course Add Code from the instructor once the term begins.
2. I hereby agree to allow College of the Desert to share any and all admissions, registration, and grade information with my high school.
3. I acknowledge that A&R will email me my enrollment status, but I am responsible for checking my class schedule on Self-Serv Student Portal to verify enrollment.
4. I will activate my @mycod.us email account and monitor it regularly. I acknowledge that failure to activate and monitor my college email account does not exempt me from responsibility to act upon emails regarding college-related matters.
5. I understand this form is valid for the entire time I participate in Dual or Concurrent Enrollment while in High School, authorizing me to participate in courses at College of the Desert until consent is withdrawn in writing.
6. I understand that I will create a permanent college record and that to pass a class, I must receive a grade of C or above.
7. I accept full responsibility for the grade I receive or for dropping a class, I did not attend.
8. If I plan to be a college athlete after high school graduation, I will notify the high school counselor who verifies NCAA eligibility.
9. I understand that disability accommodations are available through COD DSPS and that it is my responsibility to request these services. My current HS 504 Plan or IEP doesn't apply to any Dual Enrollment courses offered through my HS site in conjunction with COD.
