- Overall goal is to embrace the diversity in our campus and that the work that the pillar is doing is serving everyone in our campus.

#### 3.3 Virtual Tour Discussion

- Virtual tour is where a picture is taken of every section of every building on campus and create a hotspot that provides information of each department.
- An example of the virtual tour was shown that was done for the cravens building and it had hotspots that provided information for departments such as financial aid, admissions and records, and DSPS.
- Virtual tour is needed to allow students to see where the buildings are at and because of the pandemic no tours of the campus are allowed.
