# STATE COMPLIANCE

## Cannabis Industry Certificate

For Management and Human Resources Personnel in the Cannabis Industry

### 3 Sessions

- **Cannabis Compliance Overview** - Discover what you need to know to build your compliance system, explore major pitfalls & challenges, and how to manage risk.
- **Financial Issues & Best Practices** - Learn about financial regulations that impact the cannabis industry, as well as best practices of managing financial operations & accountability in a business environment that lacks traditional banking solutions.
- **Cannabis Operations & Management** - Discover ways to avoid shutdown or fines through effective business operations, branding and packaging requirements.

## Dates

ENDORSED BY
