COLLEGE OF THE DESERT

Letter from the Director of Public Safety

On behalf of the College of the Desert Public Safety Department, I would like to welcome all new and returning faculty, staff and students to College of the Desert. Your safety and well-being while at College of the Desert is the primary concern for the District.

I want to express my gratitude to all of you for your willingness to continue to adjust to the demands we face. We've had to move rapidly to a new way of life and work – all while striving to deliver the critical parts of our public safety mission and serve our students and the public through our outreach and services.

The future will not return to what we knew as “normal,” at least not immediately and perhaps for much longer. There are the uncertainties we face from the pandemic. Like everyone across our nation, we don't know how long it will last, nor can we precisely predict what the short- and long-term ongoing effects will be. However, the Public Safety Department will continue to be committed to providing high quality public safety services.

As always, we hope the campus community will continue to exercise good judgment and caution in assessing your health. If you are experiencing any symptoms of COVID-19, or have been in close contact with a known positive, please take the proper precautions and do not come to campus until you have been evaluated by your healthcare provider.

Remember, we are being challenged at levels never before seen, but I remain confident in our public safety department's ability to respond with creativity and a shared commitment to our District's mission and to one another. Please stay healthy and safe, and thank you for making our District so great.

Respectfully,

Dr. Tim T. Nakamura
Director of Public Safety & Emergency Preparedness
760-568-3352

Preparation of Disclosure of Crime Statistics

The College of the Desert (COD) Public Safety Department prepares this report annually to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at: [CLERY Annual Reports](http://www.collegeofthedesert.edu/students/psd/Pages/CLERY.asp) (<http://www.collegeofthedesert.edu/students/psd/Pages/CLERY.asp>). You will also be able to connect to our site via the [College of the Desert homepage](http://www.collegeofthedesert.edu) (www.collegeofthedesert.edu) and put "CLERY" in as a search or by going to College of the Desert Public Safety Department and Emergency Preparedness homepage. This report is prepared in cooperation with, but not limited to, the local law enforcement agencies surrounding the main campus and alternate sites, Campus Safety Authorities, and Campus Public Safety Officers. Data is compiled from the sources and combined to create the crime statistics.

Campus crime, arrest and referral statistics include those reported to the COD Public Safety Department, designated campus officials, and local law enforcement. These statistics may also include crimes that have occurred in private residences or businesses that are near the campus and are not required by law. California law (11160 of the California Penal Code) requires prompt, mandatory reporting to the local law enforcement agency by health care Practitioners when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. The Student Health Center staff inform their clients of the procedures to report crimes to the COD Public Safety Department on a voluntary and/or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentiality during such a session.

Each semester, during the orientation, new students are given information on how to access this report. An email notification is sent to all students and staff. Printed copies of the report may be obtained from the COD Public Safety Department. Copies of the report may also be found online.

Statement Addressing Roles of Public Safety Officers

College of the Desert Public Safety officers have numerous roles on campus. Officers issue parking citations, which are processed from a third-party vendor, Phoenix Information Systems and enforced by the California Department of Motor Vehicles. COD Public Safety Officers do not possess powers of arrest. The role of the COD Public Safety Department is to seek to maintain a safe learning environment. This is accomplished by patrolling and observing campus facilities, parking lots and adjacent areas; protect persons, property; enforce applicable laws, ordinances and serve as a deterrent to undesirable activity.

Multiple local law enforcement agencies have jurisdiction on campuses located within their jurisdiction with a Memorandum of Understanding (MOU). These local law enforcement agencies are Riverside County Sheriff's Department, Indio Police Department, Palm Springs Police Department, Desert Hot Springs Police Department, and Cathedral City Police Department. The Public Safety Department maintains a highly professional working relationship with all of these local law enforcement agencies. All crime victims and witnesses are strongly encouraged to immediately report crime to the COD Public Safety Department or the local law enforcement agency with jurisdiction where the crime occurred. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Campus Security Authorities (CSA)

Campus Security Authority (CSA) Campus Security Authority is a Clery specific term that encompasses four groups of individuals and organizations associated with an institution.

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).

Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.

- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the

authority and the duty to take action or respond to particular issues on behalf of the institution. Examples of CSA's, include:

- College Administrative Officers/Assistants
- Title IX
- Student Organization Sponsors
- Deans/Directors

Statistical crime information from COD Public Safety Department, other CSA's, and outside law enforcement agencies such as the Palm Springs Police Department, Desert Hot Springs Police Department, Cathedral City Police Department, Indio Police Department and the Riverside County Sheriff's Department is integrated into a single report, included at the end of this document, on the COD Public Safety Department web page, and provided in a hard copy document upon request. We also submit these statistics to the US Department of Education.

Reporting of Criminal Offenses

Faculty, Staff and Students of College of the Desert who are witnesses or victims of a crime should immediately report the crime to the COD Public Safety Department. If you are the victim of a crime and do not want to pursue action within the District's system or the criminal justice system you may still want to consider making a confidential report. With your permission the COD Public Safety Department can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the District can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant and alert the campus community to potential danger. Reports filed in this manner are reported and disclosed in the annual crime statistics for the institution.

"See Something, Say Something"

Sexual Assault Policy Statement

The Desert Community College District, to the fullest extent possible, ensures that students, faculty and staff who are victims of sexual assault committed on or upon the grounds of facilities maintained by the District, shall receive treatment and information to deal with the assault. Sexual assault includes, but is not limited to rape, sodomy, oral copulation, or rape by a foreign object, sexual battery, or threat of sexual assault.

The District recognizes one of the most important ways to assist students, faculty and staff who are victims of sexual assault is to help them regain a sense of control over their lives. The District will make every effort to help the victim aware of the options and alternatives available as well as to aid the victim in making an informed decision as to a course of action. Applicable state and federal provisions will be applied in maintaining confidentiality in handling of all sexual assault cases. Individual rights to privacy in these matters will dictate District policy, practice and procedure.

During the hours of operation, the Student Health Wellness Center is the referral source for information relating to the rights, options and services available to a sexual assault victim.

After hours, law enforcement personnel, counselors and public safety officers can also assist with this information.

Upon request the District will do everything possible to assist the victim with a change in academic schedule.

Sexual Assault Bill of Rights

- Federal law entitles sexual assault victims to certain rights.
- The accuser and the accused have the same opportunity to have
- Others present throughout the disciplinary proceedings.
- Both parties shall be informed of the outcome of any disciplinary proceeding.
- Victims shall be informed of their options to notify law enforcement.
- Victims shall be notified of counseling services available on and off campus.
- Victims shall be notified of options for changing academic and living situations.
- The victim and the accused are entitled to both have someone present during the disciplinary hearing.

- Both parties will be informed of the outcome of any sanctions taken as a result of the disciplinary hearing.
- If found guilty of a sex offense the District maintains the right to expel the accused from any and all campus controlled and owned by the Desert Community College District.

Police Investigation

Reporting a sexual assault to the police may seem intimidating but there is no need to be afraid. Law enforcement officers are trained to handle such situations with sensitivity and compassion. Reporting can help you regain a sense of personal power and control.

Consent

Consent is based on choice. It is informed, freely given, mutually understood, and based on respect and reciprocity. Consent requires an affirmative act or statement by each participant. If coercion, intimidation threats or physical force are used, there is no consent. If a person is mentally or physically incapacitated or impaired so that they cannot understand the fact, nature or extent of the sexual situation, there is no consent. This includes incapacitation due to alcohol/drug consumption or if a person is asleep or unconscious.

Bystander Intervention

Bystanders play a critical role in the prevention of sexual and relationship violence. They are often the largest group of people involved-outnumbering both the perpetrators and the victims. Bystanders can have a range of involvement in assaults. A person or persons may be aware that a specific assault is happening or will happen, they may see an assault or potential assault in progress, or they may have knowledge that an assault has already occurred. Regardless of how close to the incident they are, bystanders have the power to stop assaults and to get help for people who have been victimized.

Relationship Abuse and Domestic Violence Resources

There are many resources for victims who are unsure what to do when dealing with domestic violence. One option is the criminal justice system. Do not be afraid to call the police if you have been abused. The goal of the police and legal system is to provide some measure of safety for victims of violence and to provide information about additional resources, such as temporary living accommodations if necessary. One immediate alternative is to obtain a Temporary Restraining Order. If you have been recently threatened, hurt or abused, or are being stalked by your current or former intimate partner call 9-1-1. Tell the dispatcher that you are in danger and that you need help immediately. The police are required to write an incident report for all domestic calls, even if the batterer has already left the scene. Although it is best to make the report as soon as possible, you may call the police anytime, even days or months after you have been abused.

Relationship Abuse

Relationship abuse is a pattern of abusive or coercive behaviors used to maintain power and control over a former or current intimate partner. Abuse can be emotional, psychological, financial, sexual or physical and can include threats, isolation and intimidation.

Could you be in an abusive relationship?

- Are you afraid of your partner?
- Do you avoid certain topics of conversation out of fear it will anger your partner?
- Does your partner humiliate or belittle you?
- Does your partner have a bad or unpredictable manner?
- Does your partner destroy your belongings?
- Does your partner keep you from seeing friends or family?
- Does your partner seem unusually possessive or jealous?
- Does your partner force you to have sex?

Visit Verbal Abuse Journals for a comprehensive safety plan.

If you answered yes to any of these questions – understand that you are not at fault! You deserve to be treated with dignity and respect – especially by your romantic partner. Emotional abuse is often a precursor to physical violence.

Domestic Violence: Call 911

Call 911 if you have recently been threatened, hurt, abused or are being stalked by your current or former intimate partner.

Domestic violence is broadly defined as physical or sexual assault and/or other threatening and abusive behavior including stalking, harassing or destroying personal property perpetrated against a former or current intimate partner, relative or person living in the same household.

Stalking

Stalking as defined below, is a violation of District policy and a reportable offense under the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- fear for their safety or the safety of others; or
- suffer substantial emotional distress.

Stalking behaviors may include:

- Following or “Cyberstalking” using GPS, Keystroke Capture devices, etc.
- Unwanted communication
- Unwanted or threatening gifts
- Obsessive behavior
- Appearing at a place of residence, school or work
- Inappropriate approaches, confrontations or threats

If you believe you are being stalked:

- Report to a public safety officer as soon as possible
- Be clear and assertive in demanding to be left alone
- Document each incident. Include dates, times, locations and a detailed description of what happened. Keep letters, notes and gifts or other objects sent to you. It may be important evidence.

Statement Addressing Sex Offender Registration

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and the Family Education Rights and Privacy Act of 1974, the COD Public Safety Department has provided a link to [Megan's Law](https://www.meganslaw.ca.gov/) (<https://www.meganslaw.ca.gov/>), the national registered sex offenders data base.

Effective September 24, 2004, Penal Code section 290.46 required the Department of Justice to create a website on or before July 1, 2005. There are four categories of registered sex offenders for purposes of disclosure on the Megan's Law internet website.

Home Address Category

The conviction of certain sex offenses requires that the home address of the offender be posted along with other information about the registrant. 290.46, subd. (b).

Conditional Home Address Category

The conviction of other designated sex offenses, along with the conviction of any other registrable sex offense, requires that the homes address be posted, along with other information about the registrant. 290.46, subd. (c).

Zip Code Category

Commission of certain other sex offenses requires that information about the offender, including their zip code and other information, but not including the home address, be posted on the web site. 290.46, subd. (d).

Undisclosed Category

Finally, there is a category of registered sex offenders that may not be displayed on the internet website. These are registrants who have been convicted of sex offenses not listed in the above three categories. Offenders in the undisclosed category must still register as sex offenders with local law enforcement agencies and are known to law enforcement.

Timely Warnings

In the event of an emergency, the Director of Public Safety and emergency Preparedness Department (or designee), is to be notified and will determine if an emergency notification is to be sent out. In the event of his absence, the COD President, or Vice President of Administrative Services will determine if a warning will be issued. Considering the safety of the community, the content of the notification and determine how the notification will be issued, unless notification in their professional judgement will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event an emergency, and notification is necessary, COD can post information on its website, social media accounts, email and text students, staff and faculty, transmit information on KCOD, loudspeakers or telephones speakers. After it is determined the threat is over, COD will provide follow up information in the same manner it was issued.

Anyone with information warranting a timely warning should report the circumstances immediately to the Public Safety Department Officers at any Public Safety Department office on their campus. If not in person then over the telephone at the main number 760-341-2111.

Emergency Notifications

The Director of the COD Public Safety Department (or designee) or other senior COD officials will, without delay, utilize the emergency notification system to issue an immediate notification to the campus community upon first responder confirmation of any emergency or dangerous situation that poses an ongoing or continuing threat to the health or safety of the campus community. The nature of the incident will determine which of the following methods will be employed:

The notification will be sent to all students, faculty and staff in the COD community (or an appropriate segment of the community if the event is limited to a defined area of the campus) using Emergency Notification System unless issuance of the notification will, in the professional opinion of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. The content of the message will vary dependent on the situation, but will typically include the incident time, location, type and recommended actions for safety.

Individuals Authorized to Initiate an Emergency Notification

These include the Director of the COD Public Safety Department (on-scene Incident Commander or designee), or other senior COD official.

Student Emergency Notifications

In the event of an actual emergency the campus community will be notified via notification on the portal, notification on the COD webpage, Campus telephone speakers, broadcast exterior/outdoor speakers to outside open areas, campus email, and or student email, KCOD broadcast, phone calls, and text messages as well as COD social media accounts. In order to receive campus-wide email announcements, students must have a college email account. Students can obtain an email account by signing up on the college [Emergency Notifications](https://www.collegeofthedesert.edu/emergency.php) website (<https://www.collegeofthedesert.edu/emergency.php>). Help is available by contacting the Counseling Center: 760-346-8041 ext. 2521 or Student Life: 760-346-8041 ext. 1311.

Additionally, our mass notification system includes RAVE. This system sends alerts via text. All student phone numbers that are used during registration will be uploaded into the system for a mass notification text messaging. Should a student no longer want to receive a text, a student must “opt out”.

Emergency Notification Systems

Depending on the type of emergency, you will be notified in one of the following ways:

E-mails will be sent to your registered email on file with the college which should be <Your Login>@mycod.us. Please ensure that you check this email regularly as non-emergency notifications are also sent here that contain important information from not only the college, but also your instructors during the semester.

The website (collegeofthedesert.edu) is routinely updated with important information and should also be checked on a regular basis. As a full-time or part-time student perhaps consider making it your homepage on your laptop, tablet, home computer or smart phone browser.

The college has installed powerful speakers that will broadcast information of a critical nature both in the interior and exterior of the campuses. Additionally, most buildings have wall or roof mounted speakers in common areas and in classrooms.

All classroom and office phones can be used to send out information similar to the high-powered speakers. This includes phones at satellite campuses such as Indio, Palm Springs, or Mecca/Thermal. During an emergency the college will use any and all avenues available to distribute critical information.

College of the Desert utilizes a variety of emergency notification systems to communicate official information during an emergency or crisis situation that disrupts normal campus operations or threatens the health or safety of members of the campus community. Our mass notification system sends alerts in all communication modes through alerts via text, email and voice.

KCOD (1450 AM) is a radio station owned by College of the Desert. It serves the Coachella Valley area. Programming is also simulcast on translator station K260DE (99.9 FM) in Palm Desert. In an emergency, notifications would be broadcast on this station for staff and students.

College of the Desert Fire Safety Policy

It is the Desert Community College District's policy that any fire that is a result of negligence or purposely set required the fire department as well as public Safety to be contacted. The COD Public Safety Department will be responsible for follow up with the local police department to file a report.

The cause of the fire will be determined by the appropriate fire department personnel. The report will include the cause of the fire as well as the estimated value of property damage. The property damage will include the value of the loss of structure and contents, in terms of the cost of replacement. It is COD Public Safety Department's responsibility to request a copy of the report 10 days after the incident and maintain a copy for their file as well as provide a copy to the appropriate College personnel.

Responsibility of Supervisors, Managers and Faculty

The supervisor, manager and instructor are to supervise the clearing of their area during an emergency evacuation, in an orderly manner using the designated evacuation paths to the designated safety areas. Attendance will be taken from each area evacuated with a class roster. The Dean of each department will be responsible to ensure that all instructors have a copy of their class roster.

Fire Drills

Fire drills are important because they prepare you for what you should do in a real emergency. When you hear an alarm go off, you may not know for sure whether it is a drill or an emergency so treat every drill like it is the real thing.

Fire Safety System

College of the Desert uses Simplex/JCI- Johnson Controls as its fire system. The Simplex 4100 fire system has 4 general functions:

- It monitors for alarm initiating points (smoke detectors, heat detectors and pull stations)

- It activates fire alarm notification appliances (horns, strobes, audio evacuation messages) when an initiating point activates.
- It monitors and controls auxiliary building equipment (fan dampers, relays, security devices).
- It contacts appropriate departments and outside public safety agencies.

Who to call in an Emergency

Reporting an Emergency

In an emergency call 911 or the COD Public Safety Department on a campus telephone at extension 2111 or dial on a cell phone (760)341-2111.

An emergency is any situation that requires immediate police, fire or medical response to preserve life or property. The COD Public Safety Department at 2111 can be called from every phone on campus. If 9-1-1 is called from a campus phone, Public Safety Officers are alerted immediately as well as the local police, fire and/or ambulance responders. Violence in the Workplace/Campus

College of the Desert will not tolerate violence or threats of violence on campus or in connection with District events. All weapons, as defined by California Penal Code, are banned from College premises unless written permission is given by the COD Public Safety Department.

Employees who violate this policy (or bring false charges) will be subject to corrective action, including termination.

Students who violate this policy could be in violation of the Student Code of Conduct and subject to disciplinary action ranging from a formal warning to expulsion.

Weapons on Campus

All weapons are prohibited on the College of the Desert Campus. Except for sworn law enforcement officials, it is a felony to bring or possess any firearm on any California school campus (§626.9 PC). It is also a felony to possess any air gun – including a pellet, and BB guns that utilize air, CO2 or spring pressure to propel a metallic projectile (§626.10 PC). Knives with a blade length over 2.5 inches, dirks, daggers and ice picks are also illegal. Individuals with Carry Concealed (CCW) permits may not carry a weapon on campus without written permission from the Director of the COD Public Safety Department.

Violence Prevention

Education, communication, collaboration, resource coordination and early intervention are the cornerstones of College of the Desert's violence prevention efforts. The single most important component of violence prevention is the timely communication of concerning behavior to the appropriate resources.

COD Assessment and Care Team is available to report incidents of concern. These reports are made online using the [ACT Incident Report](https://collegeofthedesert-advocate.symplicity.com/care_report/) (https://collegeofthedesert-advocate.symplicity.com/care_report/). This team meets to address issues and incidents of concern.

Drug Free Workplace and Campus

The District intends to maintain a safe, healthy and productive work and learning environment for all employees and students. To accomplish this, the District will act to eliminate any drug abuse, which increases the potential for accidents, absenteeism, low academic and work performance, poor employee and student morale and damage to the District's reputation. The unlawful manufacture, distribution, dispensation, possession of alcohol is prohibited in all buildings, property, facilities, and service areas, off campus sites of the District or in any location where any District activity is occurring.

The District shall discipline a student, up to and including expulsion, for the unlawful manufacture, distribution, dispensation, and possession of a controlled substances (as defined by Federal and State laws) on the District's property or as a part of any of its activities. Though marijuana has been legalized in the state of California, it is prohibited on all District property. The District shall discipline a student, up to and including expulsion, for the use, manufacture, distribution, dispensation or possession of marijuana on the District's property or as part of any of its activities.

Students who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Student Health Center. While the District will be supportive of those who seek help voluntarily, the District will be equally firm in identifying and disciplining those students who continue to abuse drugs or alcohol after treatment or counseling.

Materials and information on counseling, treatment and rehabilitation resources, health risks and uses and effects of controlled substances are available at the Student Health Center located in the Craven's Student Services Center.

Crime Statistics Definitions

Geographical Locations

- **Campus:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area identified above, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).
- **Non-Campus:** Non-campus Building or Property—Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Crime statistics from Clery geographic locations defined as "non-campus buildings and property" (known as "non-campus" locations) encompass two distinct types of geography associated with COD: (1) buildings and property owned or controlled by officially recognized student organizations; and (2) buildings and property located off campus but owned or controlled by COD. Non-campus buildings and property are located at numerous locations throughout Riverside County, and other various geographic locations away from COD. Non-campus locations are neither contiguous to nor located within a reasonable geographic area surrounding COD property and these locations fall within the jurisdiction, protection, and reporting responsibility of different law enforcement agencies depending upon where the buildings and property may be located. The COD Public Safety Department requests Clery crime statistics from all local law enforcement agencies that have jurisdiction where COD owns or controls buildings or property within their jurisdiction. Additionally, non-campus buildings and property may also include locations such as hotels, resorts/conference centers, temporary classrooms, etc. where officials on behalf of COD may own or control such space by virtue of an agreement and where the location is used for educational purposes, students go to the location, and it is not contiguous to the COD campus. Any type of agreement (e.g. a contract, reservation, invoice, receipt, etc.) may be used to establish an "agreement" for purposes of classifying a location as a non-campus building, or property location for purposes of COD Clery Act Geography.
- **Public Property:** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

This definition includes male and female victims.
 - **Rape:** Penetration, no matter how slight of the vagina or anus with any body part or object. Or oral penetration by a sex organ of another person, without the consent of the victim, including when the victim is incapable of giving consent because of temporary or permanent mental/physical incapacity. This definition includes any gender of victim or perpetrator. This definition of rape now includes "sodomy" and "sexual assault with an object" crime definitions.

This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. An incident must meet three conditions to be classified as a burglary: (1) there must be evidence of unlawful entry – no force is counted; (2) the unlawful entry must occur within a structure (four walls, a roof and a door); and (3) the unlawful entry into a structure must show evident that

- **Dating Violence:** The term "dating violence" means violence committed by a person (acts that are considered "Domestic Violence" are excluded under this definition): A. who is or has been in a social relationship of a romantic or intimate nature with the victim; and B. where the existence of such a relationship shall be determined based on a consideration of the following factors and on the reporting party's statement:
 - The length of the relationship
 - The type of relationship
 - The frequency of the interaction between the persons involved in the relationship

 - Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. *Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

- **Hate Crimes:** Any of the previously listed crimes and any other crime involving bodily injury, theft, intimidation, assault or destruction/damage/vandalism reported to the police or to a campus security authority in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity or disability of the victim.
