SHORT-TERM/OPEN ENTRY CLASSES

Regularly scheduled classes meeting less than the full length of the term, or self-paced classes in which students may enroll at various times throughout the semester. Short-term start/end dates are printed below each short-term section in the Class Schedule. For last day to add, drop, and other course information, click on the Section Name and Title of the course you are choosing in WebAdvisor. On the next screen, Section Information will appear with details of important dates you may need, or contact the Admissions Office at (760) 773-2516.

Printing your Class Schedule: From WebAdvisor select "My Class Schedule" from the Academic Profile section or "Registration Statement" from the Registration section. The Registration includes your academic program, classes added and dropped, and includes payments made, outstanding balance due, and is accepted for book loans.

Welcome to Fall 2021

Welcome, Roadrunners,

Congratulations on choosing College of the Desert to start or continue your academic journey. It is my pleasure to welcome you to the 2021-22 school year.

Our faculty, staff and leadership remain committed to providing you with a quality educational experience, along with the resources you need to succeed.

Last year was quite a year for College of the Desert. The unprecedented circumstances surrounding the COVID-19 pandemic called for an extraordinary response, and I am proud to say that is exactly what happened at College of the Desert.

As of this writing, fall classes will be held mostly online. Programs that have external agency and legal mandates that require face-to-face instruction are being prioritized for hybrid learning. As we continue to plan for the upcoming semester, we are carefully considering your safety as well as that of our faculty and staff. We are closely monitoring infection and vaccination levels, and are continuing to refine our course offerings as new data becomes available.

We view the safety and overall well-being of our students as a key component to ensuring student success, and we are constantly innovating to remove barriers through programs that help with financial constraints, food insecurity, healthcare and more. That's why all of our student services continue to be available to you online.

I recognize you are anxious to return to campus and see your instructors and other students in person. The Office of Student Life is continuing to hold virtual activities, including games, contests and Club Rush events to connect students with their peers.

We are all in this together, and I thank you for your perseverance and dedication to your education as we navigate these unprecedented times. As difficult as this has been, it has revealed the strength of our College's character and the power of your commitment to creating a better tomorrow for you and your families.

Sincerely,

Jeff Baker

College of the Desert

is a two-year California State Community College with an enrollment of approximately 18,000 students per semester. More than 150 Associate degrees and certificate programs are offered.

Students may attend classes in Palm Desert, or off-campus at our East Valley sites in Indio or Mecca/Thermal, at our West Valley locations - Palm Springs, Cathedral City High School, and Desert Hot Springs, or through our "distance education" over the Internet.

The College first opened classes in 1962 and remains committed to providing high quality education to students in academic transfer, vocational and occupational, and high school completion programs, as well as basic skills education. All students who are high school graduates, or 18 years of age or older, and no longer enrolled in high school, are eligible to attend.

Located in the desert climate of the beautiful Coachella Valley, the Palm Desert Campus and East and West Valley locations offer enjoyable, educational experiences in year-round sunshine amidst palm trees and warm breezes.

Please contact us if we may be of assistance in your planning.

If an emergency exists that is severe or life threatening, call (911), then the Department of Public Safety. If you have questions about the Department, stop in the office and your questions can be answered.

MISSION STATEMENT

College of the Desert provides excellent educational programs in basic skills, career and technical education, certificate, transfer preparation, associate degrees, noncredit and distance education, which are continuously evaluated and improved. Our programs and services contribute to the success, learning and achievement of our diverse students and the vitality of the Desert Community College District, surrounding areas and beyond.

Values

College of the Desert is a learning-centered institution that values:

Student Success: Student learning and growth are central to all we do.

Diversity & Inclusion: We embrace the diversity of our community and uphold the dignity and worth of the individual.

Integrity: We are open, honest, and reliable.

Respect: We value the thoughts, words, and actions of our students, colleagues, and community.

Dedication: Our faculty, staff, and administrators are responsible leaders who effectively implement programs in support of student learning and efficient college operations.

Professionalism: We are current in our areas of expertise and embody high standards of conduct.

Communication: We communicate with authenticity in pursuit of broad understanding, effective dialog, and inclusive decision-making.

Lifelong Learning: Learning is essential to living, for our students, faculty, and staff.

REFUND POLICY

Refund deadlines vary for classes during each term. To qualify for a refund, a student must officially withdraw from the class by the Refund Deadline date on page 1.

Refunds, less a $10.00 processing fee, will be processed automatically beginning October 2nd and will either be mailed to the student's address on file with Admissions and Records, or returned as a credit to the credit card from which fees were originally paid. See Refund Policy in the Course Catalog for more information. Refunds of less than $10 will not be processed and must be requested in person from the Bursar's Office.

REFUND DEADLINES:

Pursuant to Section 58508 of Subchapter 6 of Chapter 9 or Division 6, Title 5 of the California Code of Regulations, a community college district shall not refund any enrollment fee or differential enrollment fee paid by a student for program changes made after the first two weeks of instruction for a primary term-length course, or after the 10 percent point of the length of the course for a short-term course, unless the program change is a result of action by the district to cancel or reschedule a class or to drop a student pursuant to Section 58106 (g) where the student fails to meet a prerequisite or fails to drop by the deadline.

Enrollment, Health and Non-Resident Tuition Fees	Refundable if dropped on or before September 7th.
Student Representation Fee, Student ID Card Fee	Refundable if student completely withdraws by September 7th. By 10% point of length of class, for short-term classes.
Transportation Fee	Refundable through September 7th. (Permit, receipt and proof of dropped classes must be returned to the Bursar's Office.)

In-person Transcript Request (allow 4 weeks)	(initial two copies are free) $7.00
In-person (same day service) Rush transcript Request	$25.00
Verification of Enrollment Status	$5.00
Web Verification Request (from COD homepage, select "Admissions", then click COD "Enrollment Verification" on left side	$2.50

RETURNED CHECK SERVICE CHARGE

Checks returned for non-sufficient funds or "Stop Payments" will be charged a $25.00 service fee. There will be a hold put on your records and your enrollment at College of the Desert, and your credit may be affected.

Enrollment Fee Deadline for Fall 2021

- To avoid being dropped from classes for non-payment, students must pay within three (3) days of registration for the Fall 2021 term. Count the day you enroll as the first day to prevent being dropped for non-payment.
- Students registering on or after August 30 must pay enrollment fees prior to the last day to drop a course. A financial hold will be placed on all student records that have an outstanding balance for the term that will prevent subsequent registration until paid.
- **Drops for non-payment will not be processed once courses begin. Drops for non-payment will not be processed once term begins.**
- Students enrolled in courses they do not attend are responsible for enrollment fees and final grades if not dropped by the applicable course deadline. Students that have been awarded financial aid will not be dropped for non-payment.
- Petitions to drop past the deadline, or for refunds of courses not dropped by the deadline, will not be accepted if student fails to drop a course by the deadline.

PAYMENT PLAN OPTION

College of the Desert offers an optional payment plan to assist with the payment of enrollment fees. Please note there is a $20 nonrefundable enrollment fee per semester for this service. For more information on the payment plan, please go to collegeofthedesert.edu Student Services, Bursar, Fees, Payments - Payment plan.

Please note: Students are responsible for their class schedules and fee payments. Please check the accuracy of your class schedule by going to collegeofthedesert.edu Go to WebAdvisor, then "Academic Profile", then "My Class Schedule".

The following terms are used throughout this Schedule of classes.

SECT/SYNONYM (in Web Advisor) - SECTION NUMBER: Every class is identified by a 4-digit section number. This number is critical to correctly register in the section you have selected.

COURSE - COURSE CODE - The course code identifies the department and course level.

TITLE - COURSE TITLE - The course title is the descriptive name of the course.

U - UNITS - This is the number of credit units that will be earned by successfully completing the course.

SHORT-TERM CLASSES - Short-term classes are noted throughout the schedule with starting (First Meeting:) and ending dates (Last Meeting:) listed under the class title in **bold print**. Registration deadline dates for these classes will differ from the published deadlines for full-term classes.

CROSS-LISTED or EQUIVALENT SECTIONS - One or more like courses scheduled at the same time. Enrollments of all cross-listed courses are considered by the registration system, possibly showing "course is filled" when it seems there are available seats.

CLASS SECTIONS IN BOLD PRINT - Evening classes, beginning at 4:00 p.m. or later, are indicated in **bold print**.

TBA TIME - If hours are shown as 2.3 HOURS TBA, then 2 hours and 5 minutes weekly are required (usually lab) and are TO BE ARRANGED by the student during the time the appropriate lab facility is open.

Days -	Meeting Days:
M	MONDAY
MW	MONDAY & WEDNESDAY
T	TUESDAY
TR	TUESDAY & THURSDAY
W	WEDNESDAY
R or Th	THURSDAY
F	FRIDAY
S	SATURDAY
SU	SUNDAY
MTWR	MONDAY through THURSDAY
MTWRF	MONDAY through FRIDAY

CLASS MEETINGS - It is important that students attend the first class meeting, whether or not it is designated as a lecture or a lab, of each course in which they are enrolled.

IGETC courses in this schedule are printed in color, and the IGETC requirement satisfied by each course is listed along with each course prerequisites.

The symbol (▶) in front of a section number (▶2315) denotes an off-campus class.

Assembly Bill (AB) 705

The State of California has enacted a new law affecting community college students. Assembly Bill 705 requires colleges to maximize the probability that students will complete transfer-level English and math within one year. The assessment test for English and math will no longer be administered and all students can now directly enroll in transfer-level English and math courses.

We recommend that you speak with a counselor before registration. Counselors can provide a multiple measures review of your preparation for transfer-level work. Counselors can also inform you about the particular courses that are required to meet your goal. Below is a description of the math courses and math sequences offered at College of the Desert.

Course Sequence for the Preparation of Transfer-level Math

New Fall 19

MATH 65 - Preparation for the Study of Algebra is a new course designed to prepare students for the study of algebra. MATH 65 is a streamlining of our lower division Pre-Algebra sequence of MATH 70 and Math 60 into a single course that will require less time (from two to one semester) and less units (from a total of 5 units to 4 units). It covers all of the arithmetic topics necessary for a student to be successful in the study of Algebra.

Math 54 - Beginning Algebra is an introduction to the real number system and to the use of variable expressions and equations in problem solving. Topics include properties of the real numbers, square roots, arithmetic of variable expressions including polynomials and algebraic fractions, solving linear equations and inequalities in one variable, factoring, and an introduction to the Cartesian coordinate system and the equations and graphs of linear equations in two variables, introduction to Pythagorean Theorem and basic geometric formulas, some dimensional analysis with modeling applications.

New Fall 19

Math 45 - Pre-Statistics is designed to prepare students for Transfer-level Statistics. Math 45 focuses on solving problems using linear, exponential, and other models with an introduction to the concept of a function. Topics include solving and graphing linear and exponential functions, systems of linear equations and inequalities, evaluating rational exponential functions, evaluating and solving root functions and equations, evaluating multivariate functions, creating and analyzing a variety of tables and diagrams, and applications to social sciences and financial mathematics. This course satisfies the Math Competency for an Associates Degree.

New Fall 19

Math 49 - Intermediate Algebra replaces our lower division Math 40 course and focuses on solving problems using linear, quadratic and exponential models with an introduction to the concept of a function in preparation for the STEM pathway. Topics include solving and graphing linear, quadratic and exponential equations, systems of linear equations, rational exponents, root equations, quadratic inequalities, circles and applications. This course satisfies the Math Competency for an Associates Degree.

Transfer-level Math for the Pathways

We recommend that you speak with a counselor before registering in a tranfer-level math course. Counselors can provide a multiple measures review of your preparation for transfer-level work. Counselors can also inform you about the particular courses that are required to meet your goal. Below is a description of math courses

The ***STEM Career Pathway*** offers students the opportunity to major in a field of science, computer science, engineering or math. Students earning an AS-T in mathematics will receive priority admission with junior status to a CSU campus.

The ***Teacher Career Pathway*** offers pre-service teachers the opportunity to work towards the AA-T in Elementary Teacher Education preparing students for a seamless transfer to a CSU campus with junior status.

The Social Science and Liberal Arts Career Pathways offer the opportunity to work towards an AA/AS with emphases in applications of Mathematics in the areas of management science, probability and statistics, social choice and decision making, game theory, and consumer finance.

Business Career Pathways offer two paths for Business majors planning to transfer to a 4-year university and major in general business or a more specilaized field of business such as finance, accounting, international business, marketing, or management. These paths offer students the opportunity to earn an AS-T in Business Administration in order to seamlessly transfer to a CSU campus. Transfer requirements to 4-year colleges and universities tend to vary so students should consult with a counselor for specific information for the path for their preferred school.

1. **Full-term** classes meet only once during final exam week, at the scheduled exam time (right). If the exam start time does not appear on this page, the exam should start at the closest time **after** the regular start time of the class in the same room as the regularly scheduled class location.

2.**Short-term** classes meet as regularly scheduled during final exam week. The final exam is held at the last class meeting.

3.**Off-Site day and night** classes meet only once during final exam week, at the scheduled exam time (right).If the exam start time does not appear on this page, the exam should start at the closest time **after** the regular start time of the class.

4.**West Valley Off-Site** classes meet only once during final exam week, at the first regularly scheduled class starting time, for a two-hour exam.

5.**Saturday classes** meet as regularly scheduled during final exam week. The final exam is given during the last class meeting on Dec 11.

6.**Nursing/Health Sciences** exams are scheduled by Health Sciences.

7. All students are expected to complete a final examination for all their registered courses as assigned by their instructor. All examinations will, so far as practicable, be conducted in writing and a maximum time will be assigned before each examination. Students are required to take the final examination at the appointed time and place. Students who are in need of special accommodations should arrange this with their instructor well in advance of taking the final exam.

Students who miss a final exam due to unforeseen circumstances, such as a sudden illness, should provide documented evidence to the instructor if the student is seeking a make-up exam. Any challenge or exception to this policy must be approved by the Vice President, Student Services or the Vice President's designated representative.

Work Experience Office Hours: Monday-Friday, 8:00 a.m. - 1:00 p.m.

What Is Work Experience?

A course that allows students to apply their education to the real world. Students create and accomplish three measurable learning objectives that are new and/or expanded responsibilities at their workplace. This ultimately empowers students to become better employees, work on new projects, add to their resume, and enhance their job skills. All students who currently work, volunteer, intern, or that have a student worker or federal work-study position are eligible. Units earned are transferrable to the CSU system and the class fits easily into the student's work and school schedule. Students may enroll in General Work Experience or an Occupational course

General Work Experience (WEG-095A)

Students may enroll in **General Work Experience (WEG – 095A)** if the student's current position **does not** relate to their occupational/educational goal. Students can earn **1 - 6 units** of General Work Experience per semester (if hour requirement is met, see below). All General sections will be listed under Work Experience.

Occupational Work Experience (XXX-095A)

Students may enroll in an Occupational course if their current position **does** relate to their educational/occupational goal. Occupational courses vary depending on students major and are listed under the corresponding academic program as (XXX – 095A), i.e. CIS-095A, BUMA-095A, FIRE-095A, etc. Students may earn **1-8 units** in any occupational work experience course (if hour requirement is met, see below). Additional occupational courses may be available if not listed on WebAdvisor.

Note to Students: Use the chart below to help you pre-determine up to how many units you may qualify to earn based on the number of hours you will complete. You must **manually** enter the number of units via WebAdvisor if you are enrolling in more than one (1) unit (see image on next page). There are no exceptions to the minimum hour requirements for paid or unpaid positions.

(75 hours per unit required if the position is paid, or 60 hours per unit if unpaid)

Units	Total required hours (PAID)	16 week average weekly hours (PAID)	12-week average weekly hours (PAID)

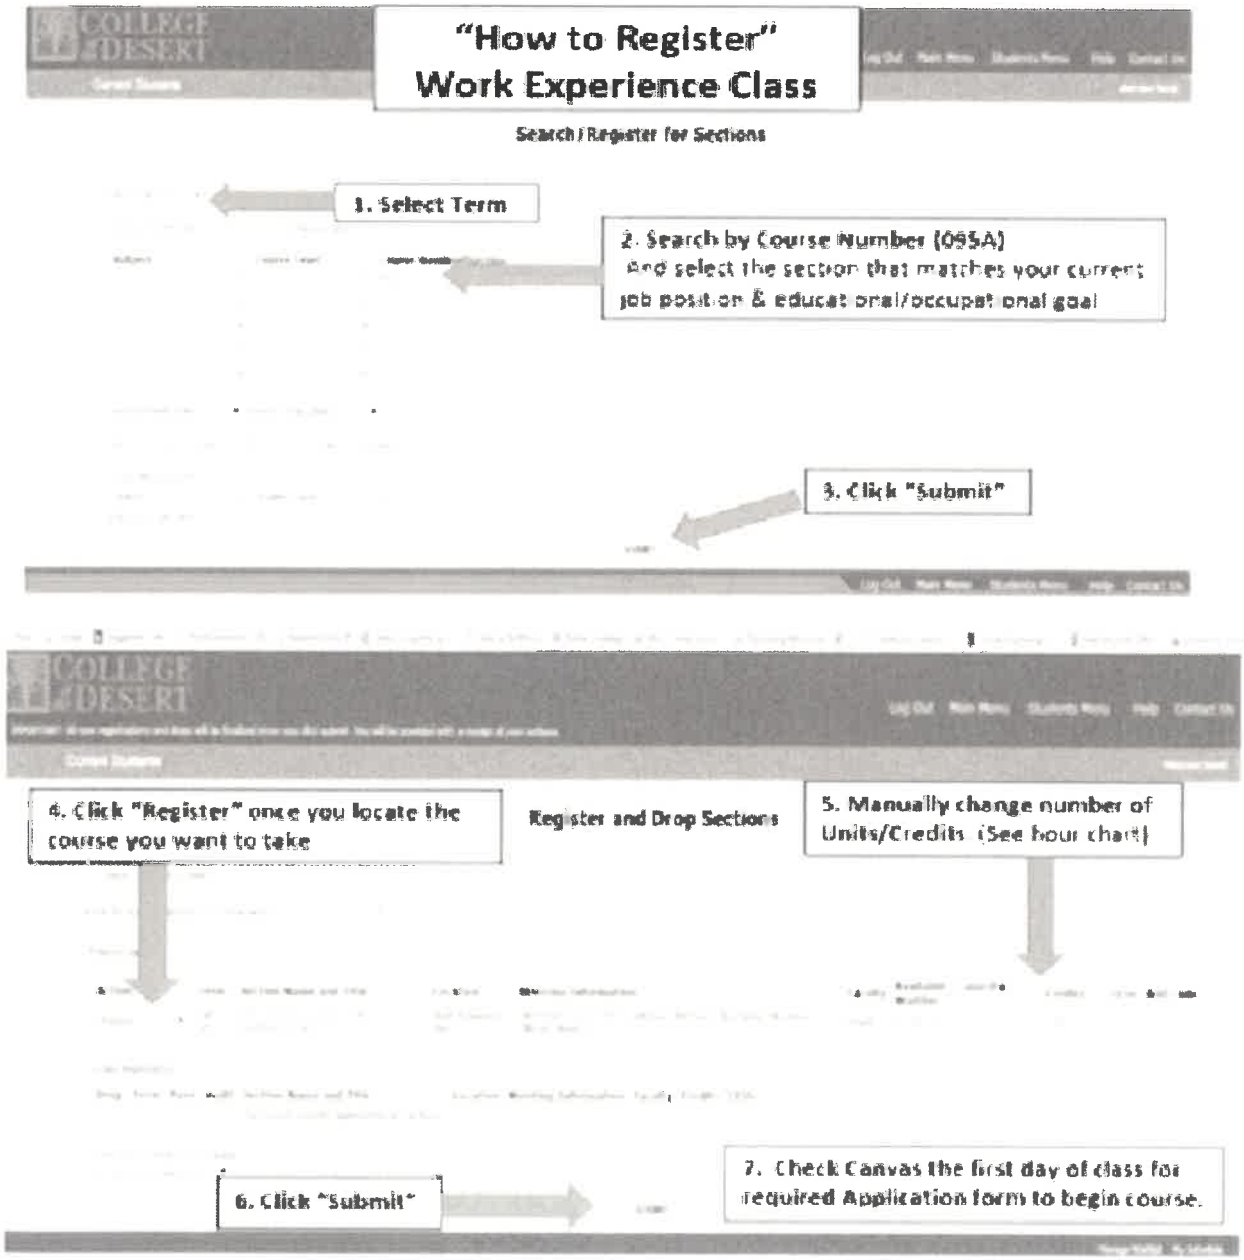
Available Sessions:

16 Week Session (full semester) August 30 - December 17, 2021
12 Week Session (late starting) September 27 - December 17, 2021

How to Get Started in a Work Experience Class:

1. Student must have a job, internship, volunteer, student worker, or federal work study position to enroll.
2. Determine the number of units to enroll in (based on the hours you work, see chart on previous page).
3. Determine which course you will be enrolling in: General or an Occupational course (see description on prevous page). If you need further assistance, contact the Work Experience Office before enrolling.
4. Enroll via WebAdvisor:
   ***Note:** WebAdvisor defaults to one (1) unit. If you are enrolling in more than one unit, you must **manually** change the number of units using the guide below.
5. Check CANVAS by the first day of class to complete required forms and get started on the course.



Accounting

Do you know that Al Capone was caught by an accountant?

That's right; it actually wasn't Elliot Ness or his legendary team the "Untouchables" that brought the famous mobster to justice. It was a forensic accountant with the U.S. Treasury Department who put together the case for tax evasion that landed the bad guy behind bars.

Most students don't realize the variety of accounting jobs the profession has to offer. For instance, Forensic Accountants merge accounting with investigative legal work, Public Accountants are tasked with accounting, auditing, taxes, and consulting for both business and individuals, Management Accountants provide financial information to decision makers within a company, and Non-Profit/Government Accountants are employed by various public agencies to administer and maintain their financial records.

At College of the Desert students interested in pursuing a career in accounting can earn a Certificate of Achievement in Accounting or an Associate of Science Degree in Accounting. Our accounting program is designed to provide students with the knowledge and skills necessary for employment or advancement in the accounting profession.

Additionally, students can earn a Bachelor's Degree without ever leaving the desert!

Just complete the transfer AA Business Degree at COD and then finish the upper division accounting program at the Palm Desert campus of CSUSB.

Who knows? Maybe you will catch the next Al Capone!

Adult Basic Education (ABE) and English As A Second Language (ESLN) Registration

Registration for returning and new ABE students will begin on 5/17/21.

Registration for all ESLN courses will begin:

- Current ESLN students: 5/17/21 - 5/31/21
- Waitlisted: 6/1/21 - 6/1/21
- New students: 6/3/21

Please visit the College of the Desert Admissions webpage and click on the Adult Basic Education Registration link or the English As A Second Language link for details.

Student Computer Literacy and Access

One of the institutional outcomes for all COD students is technological literacy. As such, any class may be web enhanced and might require access to online sites such as Canvas, MyMathLab, MyLab, or the textbook publisher's website for assignments, testing, homework, etc. Internet-ready computers are available in a variety of locations, including the Tutoring and Academic Skills Center (TASC) and Library.

Tutoring and Academic Skills Center (TASC)

Tutoring and Academic Skills Center (TASC) supports independent study habits and sustainable learning for all students at College of the Desert. This is accomplished by providing resources that empower individuals to take charge of their goals. TASC labs can be found at all major sites for College of the Desert.

TASC resources include:

- Peer tutors for general subjects
- Tutor and staff support with writing and math
- Computer lab space for coursework and research
- 24/7 Online tutoring access (with synchronous subjects) through Smarthinking
- Helpful, friendly staff

When students access tutoring for TASC, they are automatically enrolled in ASC 300, Supervised Tutoring. This is an open entry/open exit course where COD students with learning needs in academic subjects receive drop-in tutoring, small group instruction, and computer assisted or mediated instruction that supplements classroom instruction. Registration is accomplished automatically.

AIR CONDITIONING HVAC

The Air Conditioning/ HVAC program is a well established curriculum and has long served the desert community by providing highly trained individuals to work in various businesses throughout the Coachella Valley. The program offers a Certificate and Associate of Science degree for employment preparation that is designed to provide a wide range of courses in order to best serve student needs.

In addition, required courses listed in this schedule are derived from the collaboration and dedicated efforts of members of a Technical Advisory Committee and other individuals experienced in the specific occupational areas.

Several certificate programs, as well as degree programs, are offered by the School of Applied Sciences and Business. Students are encouraged to meet with a member of the School's faculty to discuss certificate and/or degree programs prior to registration. It is also helpful for students to review available programs listed in the current College of the Desert Catalog.

Anthropology

Are you interested in biology AND humans?

Check out ANTH-001!

Have you ever wondered why we humans are the way we are? Want to learn more about human origins and evolution? Learn about your fellow primates including monkeys and apes. Curious about how humans walk on two feet and about human nutrition. Do you want to fulfill your science GE requirement, not requiring a lab? Take a look at these interesting classes.

Anthropology of Religion, Magic, Witchcraft, and Healing

Check out ANTH-007!

This new course is an exciting and fascinating introduction to the anthropological study of religion, and examines the way religion is lived and practiced in diverse cultures, and the role of religious beliefs in human experiences of health and healing.

Why are people religious? What roles do religion and religious beliefs play in health and wellness?

Architecture/ Environmental Design Programs

Architecture/ Environmental Design programs have a common objective - to help prepare students to understand issues related to the betterment of the human physical environment. This format is accomplished by interrelated courses in Architecture, Applied Construction Technology, Landscape Design, Drafting/CAD, and Building Inspection Technology. These courses and programs endeavor to give students a technical background, a set of social values, and a range of occupational skills, which result in creative expression.

Applied Construction Technology

Students completing the certificate or degree requirements for the Applied Construction Technology curriculum will gain proficiency in basic residential construction techniques in conformance with the most current building codes. Competencies are assessed regularly by student performance in both the classroom and hands-on in the construction technology laboratory.

Should I take an Astronomy class, and if so, which one?

Have you ever wondered why and how the planets orbit around the sun? Have you thought about black holes and time travel? If so, then Descriptive Astronomy, A-001 or A-002 will give you an opportunity to learn the answers to all these questions plus learn how COD's state of the art, remotely operated 1-meter telescope at the Mary Reagan Observatory works.

Both A-001 and A-002 fulfill the natural science elective and will transfer to the UCs and Cal States. The only difference is A-002 is a (4) unit class that includes a laboratory component while A-001 is (3) unit lecture only class. Also, if you need a natural science elective with a lab, A-002 fills that requirement.

In addition to a natural science elective, these courses are also worthwhile for science majors who plan to pursue a career in Physics, Astronomy, Astrophysics or Space Science.

COD is a Smoke Free Campus

College of the Desert and all of its campuses are smoke-and tobacco-free. At the request of the Associated Students of College of the Desert, the College's Board of Trustees adopted Policy 3570 on July 19, 2018, which bans smoking, vaping and all tobacco products.

This policy applies to all students, faculty and staff and includes all activities occurring on the College's campuses, including the weekend Street Fair.

Anyone who needs help quitting tobacco can call 1-(800) NO-BUTTS, visit www.NoButts.org, or go to Student Health Services to obtain smoking cessation information.

Whether you are a smoker or a non-smoker, College of the Desert knows that the campus community will demonstrate thoughtfulness, consideration and cooperation as we work together to successfully implement this new policy.

Students should be aware that some labs may meet face to face on campus and some may meet online.

The instructor will provide details when they are available and how they may change the modality of the course section.

Fall classes are being held either synchronously via Canvas, or asynchronously.

Synchronous meetings occur at the same time and day as designated in this class schedule.
Be sure to check the start and end date, and drop deadlines that apply to each class you select.

Did You Know?

BI 005 Molecular & Cell Biology

and

BI 006 Biology of Organisms
are offered in the Fall and Spring

BI 005 & BI 006 are now articulated with UC Riverside as UCR's BIOL 5A, 5B & 5C if both BI 005 & BI 006 are taken at COD.
BI 005 is not a pre-requisite to BI 006; you may take them in any order.

The symbol (▶) in front of a section number (▶2315) denotes an off-campus class

BI 007 Biology of Mammals and BI 007L Biology of Mammals Lab

BI 007, Biology of Mammals, has been approved for use as a natural science general requirement by the UCs and Cal States.

Lecture and lab are two separate courses so if only lecture is required, the lab does not have to be taken. To take the lab, the lecture has to be currently or previously taken.

For science majors, It provides an additional biology course after completing BI 005 and BI 006.

It is important that students attend the first class meeting of each course in which they are enrolled, whether or not it is designated as a lecture or a lab. Faculty may drop students who do not appear in the first lecture or lab section.

Student Computer Literacy and Access

One of the institutional outcomes for all COD students is technological literacy. As such, any class may be web enhanced and might require access to online sites such as Canvas, MyMathLab, MyLab, or the textbook publisher's website for assignments, testing, homework, etc. Internet-ready computers are available in a variety of locations, including the Tutoring and Academic Skills Center (TASC) and Library.

COUN 011 Introduction to Scholarships

This course teaches a method of researching scholarships; completing applications; writing a personal statement; and developing a portfolio which contains all the necessary documentation forsubmitting winning applications.

Advisory: Basic knowledge of the Internet; basic word-processing.

Student Education Plans (SEP)

Did you know that the Student Success Act of 2012 (SB 1456) requires students with 15 degree applicable units or three semesters of attendance (whichever comes first), to have an SEP in order to receive priority registration.

In compliance with this law, students that meet those conditions and do not have an SEP will have to register much later than other students during Open Enrollment.

If you need more information about the SEP process, contact the Counseling Center at 760 773-2521.

Evening Classes appear in BOLD print throughout this schedule

DISABLED STUDENTS ' PROGRAMS & SERVICES (DSPS) 760 773-2534

DSPS at College of the Desert is committed to providing students with documented disabilities equal access to a community college education. Through the utilization of specialized instructional programs and disability related support services, DSPS encourages and fosters independence and assists students in attaining their educational and vocational goals.

DSPS course offerings will vary each semester, but all DSPS courses will be offered online only for the Fall 2021 semester. DSPS instructional support trainings and online lab assistance are offered virtually through the High Tech Center. The High Tech Center provides students access to adaptive hardware and software to support their academic needs.

WorkAbility III is a jointly funded program between the State Department of Rehabilitation and California Community Colleges to assist students/clients with disabilities in job placement.

Adapted Kinesiology classes are offered during some terms for students with disabilities. Adapted courses can include: Tennis, Badminton, Golf, Yoga, Physical Activity (weight training and fitness), and Fitness Aquatics.

plEDGE

The plEDGE program provides 2021 high school graduates (or equivalent) from the Coachella Valley with two full years of tuition and fees at College of the Desert!

Participating students must complete the online EDGE program during the summer, have a completed Financial Aid file, and commit to full time enrollment while maintaining good academic standing.

Students will also participate in career preparation workshops and community service.

For more information, please contact the plEDGE office at (760) 636-7970 or edge@collegeofthedesert.edu

Student Education Plans (SEP)

Did you know that the Student Success Act of 2012 (SB 1456) requires students with 15 degree applicable units or three semesters of attendance (whichever comes first), to have an SEP in order to receive priority registration.

In compliance with this law, students that meet those conditions and do not have an SEP will have to register much later than other students during Open Enrollment.

If you need more information about the SEP process, contact the Counseling Center at 760 773-2521.

FILM-001
Introduction to Film

See some of the best movies ever made, and discuss the art and craft of filmmaking. Learn new ways to appreciate and enjoy one of the world's most popular forms of artistic entertainment.

The symbol (▶) in front of a section number (▶2315) denotes an off-campus class

FILM-003 Screenwriting

This course gets to the heart of film storytelling, introducing students to the elements of story structure, the principles of story design and the concepts of conflict, choice and action to create compelling screen-play stories, formatted to industry standard and ready for production.

FILM-003 satisfies a requirement of the new Certificate of Achievement of Basic Film Production and with FILM-004 satisfies requirements of the new Associates Degree in Film Production.

Certificate of Achievement of Basic Film Production and the new Associates Degree in Film Production

Film Program students may choose elective courses from Music, Digital Design Production, Mass Communications, Journalism, Art and Business that allow them to apply their Film Production skills in areas such as marketing and small business (BUMA 027 and 028), video journalism (J003A), mass media (MC001) and art (ART 031). And to study more specialized areas of Film Production, including sound editing/mixing (MUS078A) and video effects (DDP120, and DDP121). These classes and others satisfy elective requirements of these new programs.

Fire Technology

College of the Desert offers courses in the Fire Technology field that will count toward a certificate or Associate in Science Degree. These courses are designed for students that plan to transfer to a four-year institution, gain employment in the Fire Technology field or as a refresher for those currently employed in some area of Fire Technology. The approved list of courses include those accredited by the California Fire Service Training and Educational System for State Board of Fire Technology certification.

Basic Firefighter Academy BFFA 063A Part 1

FIRE-063A (Basic Firefighter Academy Part 1) is the first required course of a sequential two semester accredited SFM Basic Firefighter Academy designed to provide fire cadets with a basic knowledge of fire service operations and the entry level skills required by most fire departments.

Successful completion of both FIRE-063A and FIRE-063B Basic Firefighter Academy are required to be eligible to receive the State Firefighter I Certificate.

Additional information may be obtained by contacting the Fire Academy Coordinator at (951) 331-9943.

G 010 : The Earth Sciences and G 001: Physical Geology

The Earth Sciences (G-010) is intended for students with a strong science background. This rigorous, fast-paced course is a survey of astronomy, meteorology, climatology, oceanography, and geology.

Physical Geology (G-001) serves as an introduction to the field for majors and those looking to fulfill their general education requirement. Subject matter for this course includes Earth materials and processes such as minerals, rocks, plate tectonics, earthquakes, and volcanoes.

The lecture and lab for both courses are designed to fulfill the natural science elective and have been accepted for transfer to the UC and CSU systems in addition to meeting the requirements of IGETC.

Due to the demanding course load of The Earth Sciences (G-010), the Physical Geology (G-001) may be a better option unless G-010 is required for certificate or degree completion.

Approach the study of contemporary global trends through various academic lenses,including political science, history, anthropology, economics, etc.

Golf Management

Interested in joining the eighty-four-billion-dollar golf industry? Take classes in the Golf Management Program at COD, where you can build the skills and knowledge necessary to become a golf professional running the day to day golf operation at one of the Coachella Valley golf courses.

Learn how to teach golf and give lessons that will improve the golf games of your own students, and work on the fundamentals of your golf swing. Find your niche in a wonderful career where your work will feel like play and receive hands on training from PGA Certified Professionals.

Golf management is the study of all aspects pertaining to the operation and the responsibilities of the golf professional in managing a public or private golf facility. Career paths chosen by students pursuing Associate of Arts Degree in Golf Management commonly include assistant golf professionals, head golf professionals, teaching professionals, as well as merchandising and membership sales at public and private facilities. Learn the foundations that will help you on your journey to becoming a PGA Professional.

Fall classes are being held either synchronously via Canvas, or asynchronously.

Synchronous meetings occur at the same time and day as designated in this class schedule.
Be sure to check the start and end date, and drop deadlines that apply to each class you select.

It is important that students attend the first class meeting of each course in which they are enrolled, whether or not it is designated as a lecture or a lab. Faculty may drop students who do not appear in the first lecture or lab section.

Distance Education

Fully Online Course (FULLONLN))
A Fully Online Course is delivered exclusively over the internet using Canvas. There are no class meetings on campus and all assignments and examinations are submitted online in an asynchronous manner. You must have ready access to a computer with Internet. Students enrolled in an online course should possess apt computer skills.

Proctored Online Course (PROCONLN)
All assignments and examinations in a Proctored Online Course will be submitted online in an asynchronous manner, but you will be required to take tests at a proctoring facility. Your instructor will provide proctoring accommodations at COD. Off-site proctoring services could be available at the discretion of the instructor. Contact the individual instructor to learn more about their off-site proctoring policy. You must have ready access to a computer with Internet. Students enrolled in an online course should possess apt computer skills.

Hybrid Course (HYBRID)
Hybrid Courses meet both on campus and online. A portion of the traditional face-to-face on campus meetings are replaced with online activities. The schedule of classes will indicate the times and dates of the meetings you are required to attend. Access to a computer with Internet access is required.

Web Enhanced Course
Web Enhanced Courses are traditional face-to-face classes that make routine use of the Canvas system. These courses hold all their meetings on campus. The instructor will post required course materials and/or activities online and may require assignments be turned in online. Access to a computer with Internet access is required.

MALPRACTICE INSURANCE REQUIREMENT

College policy requires each student enrolled in the health occupation programs, which require patient contact for the development of specific skills, to purchase insurance coverage against liability for malpractice.

Malpractice insurance is $10.00 per semester (maximum $20.00 per year year), payable at time of registration.

PATIENT HEALTH CARE

Students enrolled in the School of Health Sciences, who are in a clinical program, are subject to special guidelines developed to protect patient safety. A Social Security number is required for clinical placement. A student may be asked to withdraw from the CNA or Nursing program for academic reasons or for other reasons such as drug/alcohol abuse, inappropriate social or emotional behavior, or documented acts of dishonesty. The faculty reserves the right to remove from the clinical area any student who, in the faculty member's professional judgment, places the patient in physical or emotional jeopardy.

Physics Program

PH 001 "Introductory Physics" is designed for Liberal Studies transfer majors (K-5 teachers), and also to satisfy the General Education requirement in the Physical Sciences area. The math prerequisite is MATH-054. PH 001 is offered every semester.

PH-003A, PH-003B, PH-003C "Engineering Physics" is a three semester calculus-based physics sequence for scientists and engineers, including those entering the computer fields. The Math prerequisite for PH 003A is MATH 001A, and for PH-003B the Math prerequisite is MATH-001B.

Online courses generally follow the traditional sixteen week semester, but the course-work is completed asynchronously via Canvas.

Political Science
PS 001 -
Introduction to Government

This course is an introduction to the principles, organization and politics of the National Government of the United States, including the study of State and local government. In considering government at the State level, specific emphasis is given to the government of the State of California. Throughout the course, current issues in American and State politics are stressed.

What Spanish Courses to Take

The following information will help you select the Spanish course you need to take according to your proficiency level.

Spanish as a Foreign Language Track

A student can take Spanish as a Foreign Language if he/she is a native speaker of English or another foreign language. If a student has never taken Spanish, he/she must be enrolled in SPAN 001-Elementary Spanish I (5 units). If a student has taken 1, 2, or more years of Spanish in high school or another institution, he/she may take the Spanish placement exam to determine his/her proficiency level. He/she may be placed in SPAN 002-Elementary Spanish II (5 units), SPAN 003-Intermediate Spanish I (4 units), or SPAN 004 – Intermediate Spanish II (4 units).

Spanish for Heritage Speakers Track

A student can be considered as a heritage speaker of Spanish if Spanish and English are spoken at home and/or Spanish is spoken very often. If a student can ask and answer questions orally in Spanish but he/she does not know how to read and write in Spanish, he/she must be enrolled in SPAN 021-Spanish for Heritage Speakers I (5 units). If a student can ask and answer questions orally in Spanish and have basic knowledge of how to read and write in Spanish, he/she must be enrolled in SPAN 022-Spanish for Heritage Speakers II (5 units).

Spanish Placement Test

To ensure the correct placement in a Spanish course, students can self-enroll in the Spanish Placement Test on CANVAS on April 21, May 12, June 16, July 14, August 25, and September 1 from 12:00 p.m. -1:00.p.m. or April 27, May 4, May 18, June 29, July 27, and August 31 from 5:00 p.m. - 6:00 p.m. by using this link: https://college-ofthedesert.instructure.com/enroll/8FBEHD
